Motions and Resolutions

Reps. Tyler, Barnett, Constan, Crawford, Darany, Heise, Hooker, Horn, Knollenberg, LeBlanc, Liss, Lori, MacMaster, O’Brien, Segal, Slavens and Talabi offered the following resolution:

House Resolution No. 209.

A resolution to declare March 14, 2012, as Agriculture Day in the state of Michigan.

Whereas, Agriculture is the second largest industry in the state of Michigan and agriculture has grown during our most recent economic hardships; and

Whereas, Michigan is a national leader in the production of commodities, with more than 200 separate commodities produced on a commercial basis. Our state is the leading producer in 17 of those commodities; and

Whereas, Michigan’s agricultural economy is stronger than the economy in general. There are 55,000 farms and over 500 food processors in Michigan; and

Whereas, Michigan farmers contribute more than \$71.3 billion in high-quality food, fiber and floriculture annually to the state’s economy; and

Whereas, Michigan’s many microclimates permit the growing of grains, corn, beans, celery, apples, cherries and grapes among others; and

Whereas, Michigan’s livestock and dairy sectors produce superior quality beef, poultry, pork and dairy products enjoyed throughout the world; and

Whereas, Our abundant natural resources continue to make Michigan a great place to live, work and play. As the state continues to recover from the most recent economic struggles, agriculture will continue to play a vital role in our long-term recovery; and

Whereas, Michigan agriculture is a renewable economic resource for the state, employing more than one million people and creating income that is replenished every year in the state; and

Whereas, Michigan agriculture is a family affair, with families or partners owning the overwhelming majority of the state’s farms and agricultural facilities; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare March 14, 2012, as Agriculture Day in the state of Michigan. We recognize and honor the achievements and contributions of farmers and the thousands of people involved in jobs relating to Michigan agriculture.

The question being on the adoption of the resolution,
The resolution was adopted.

The question being on agreeing to the title of the bill,

Rep. Stamas moved to amend the title to read as follows:

A bill to amend 1927 PA 175, entitled "The code of criminal procedure," by amending section 16l of chapter XVII (MCL 777.16l), as amended by 2011 PA 202.

The motion prevailed.

The House agreed to the title as amended.

Reps. Bauer, Rutledge, Slavens and Lipton, having reserved the right to explain their protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

I voted no on House Bills 4798, 4799, 5134, 5181, and 5182 because I believe that not only should a woman not be coerced into having an abortion, but a woman should also not be coerced into carry a pregnancy to full term. This legislative package, referenced as the Coercive Abortion Prevention Act, does nothing to improve women's health or prevent unintended pregnancies, but instead seeks to limit and interrupt the right of women to keep a medical decision between herself and her doctor.

Currently, the Guttmacher Institute ranks Michigan 48th in the nation in its efforts to help women avoid unintended pregnancies and worst in terms of the quality of its sex education policies. Our members offered amendments that would have ensured that steps were taken to prevent unintended pregnancies and need for abortions by supporting the Prevention First legislation. We also tried to make it so that a woman was also protected by not being coerced into having the baby. Women should NOT be coerced into or out of having an abortion. All reproductive health choices should be freely made and well informed and this chamber should not presume that women are somehow not fully capable of making such decisions.

Finally, law enforcement and prosecuting attorneys told us that these bills are unenforceable and largely repetitive of laws already in place, plus they would create an extra burden for them to do their jobs.

The bottom line is that the Legislature should stay out of private health care decisions and these bills do nothing to protect pregnant women.”

Rep. Smiley, having reserved the right to explain his protest against the passage of the bill, made the following statement: “Mr. Speaker and members of the House:

No Vote Explanation on Coercive Abortion Prevention Package (HB 4798, 4799, 5134, 5181, 5182)

The House agreed to the title of the bill.

Reps. Bauer, Rutledge, Slavens and Lipton, having reserved the right to explain their protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I voted no on House Bills 4798, 4799, 5134, 5181, and 5182 because I believe that not only should a woman not be coerced into having an abortion, but a woman should also not be coerced into carry a pregnancy to full term. This legislative package, referenced as the Coercive Abortion Prevention Act, does nothing to improve women’s health or prevent unintended pregnancies, but instead seeks to limit and interrupt the right of women to keep a medical decision between herself and her doctor.

Currently, the Guttmacher Institute ranks Michigan 48th in the nation in its efforts to help women avoid unintended pregnancies and worst in terms of the quality of its sex education policies. Our members offered amendments that would have ensured that steps were taken to prevent unintended pregnancies and need for abortions by supporting the Prevention First legislation. We also tried to make it so that a woman was also protected by not being coerced into having the baby. Women should NOT be coerced into or out of having an abortion. All reproductive health choices should be freely made and well informed and this chamber should not presume that women are somehow not fully capable of making such decisions.

Finally, law enforcement and prosecuting attorneys told us that these bills are unenforceable and largely repetitive of laws already in place, plus they would create an extra burden for them to do their jobs.

The bottom line is that the Legislature should stay out of private health care decisions and these bills do nothing to protect pregnant women.”

Rep. Smiley, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

Explanation of “No” Votes

Rep. Haugh, having reserved the right to explain his nay vote pertaining to **House Bill No. 4246**, made the following statement:

“Mr. Speaker and members of the House:
4246

I voted no on House Bill 4246 for several reasons. Among them, the Senate substitute contains a change of purpose from the original HB 4246. The new bill embodies the provisions of SB 971 which bans graduate student research assistants from organizing while the original bill dealt with Emergency Mangers.

I also oppose the new content because this legislation removes the decision making authority in these matters from the Michigan Employment Relations Commission. The Commission has worked well for decades deciding just these kinds of employment issues, it rules in a timely manner, and the legislature ought not involve itself in deciding case by case administrative decisions regarding employment law.

I also did not vote for immediate effect on HB 4246.”
