Communications from State Officers

The following communication from the Department of State Police was received and read:

July 17, 2015

On behalf of the Board of Directors and staff of the Michigan Automobile Theft Prevention Authority (ATPA), it is a pleasure to present our 2015 Biennial Insurance Report, which shows that auto thefts declined by 2.4 percent in 2013. Furthermore, since the inception of the ATPA in 1986, Michigan's auto thefts have fallen from 72,021 vehicles stolen per year to 24,369 vehicles stolen, a decline of 66.2 percent.

ATPA's success in the battle against auto theft is the direct result of the dedication and efforts of the men and women who are a part of law enforcement agencies, prosecutor offices, and community organizations. These highly-motivated individuals go above and beyond the call of duty to recover stolen vehicles and to arrest those responsible for auto theft.

Some specific highlights of the report are as follows:

- Over the 27 years of ATPA's existence (1986-2013), Michigan residents have paid \$27 toward the cost of the ATPA program, yet have saved \$787 in premiums.
- In fiscal year (FY) 2014, ATPA teams made 1,976 arrests, and were involved in the recovery of 4,198 stolen vehicles and parts, with an estimated value of \$36 million.
- In FY 2014, the return on investment of ATPA funds was \$6.46 for every \$1 spent.

I also want to thank the insurance company investigators who diligently identify fraudulent theft claims and provide that information to law enforcement. Companies who make auto theft a high priority by maintaining an investigative unit have greatly assisted in reducing the number of auto thefts, in addition to arresting vehicle owners who attempt to defraud their insurer, all of which contribute to a decrease in insurance cost. This commitment of private industry resources has greatly aided our efforts to reduce auto thefts in Michigan.

Sincerely,
Col. Kriste Kibbey Etue
DIRECTOR
Michigan State Police
