Senator Paul Wojno of the 9th District offered the following invocation:

Dear God, it is truly a blessing to serve You, our constituents, and the great state of Michigan as we seek Your guidance with our legislative affairs today. Be with us in our deliberations and help us to be wise and respectful in the decisions we make for the good of all those who have placed their trust and confidence in our leadership.

We ask for Your blessing for our farmers, laborers, and scientists who help make Michigan a diverse and successful agricultural state; our tradesmen, engineers, and innovators who move Michigan forward as a state ripe with technological opportunity; and our teachers, universities, intellectuals, and artists who challenge Michigan to be a better place to live and work. Finally, bless our nation and our freedom. Help us extend that freedom to all ages, genders, races, ethnicities, religions, sexual orientations, and abilities.

We thank you for all this. Amen.

The President, Lieutenant Governor Gilchrist, led the members of the Senate in recital of the *Pledge of Allegiance*.

By unanimous consent the Senate proceeded to the order of
Resolutions

Senator Zorn offered the following concurrent resolution:

Senate Concurrent Resolution No. 19.

A concurrent resolution to urge the U.S. Department of Energy and the U.S. Nuclear Regulatory Commission to fulfill their obligation to establish a permanent repository for high-level nuclear waste.

Whereas, Over the past four decades, nuclear power has been a significant source for the nation’s electricity production. According to the U.S. Energy Information Administration, nuclear power provided about 20 percent of the electricity produced in the United States in 2019, and Michigan’s three nuclear power plants provided 26 percent of the electricity generated in Michigan; and

Whereas, Since the earliest days of nuclear power, the great dilemma associated with this technology is how to deal with used nuclear fuel. Currently, more than 90,000 metric tons of spent nuclear fuel are stored in pools or casks at temporary sites around the country, including in Michigan. This high-level radioactive waste demands exceptional care in all facets of its storage and disposal, including transportation; and

Whereas, More than 30 years ago, Congress enacted the Nuclear Waste Policy Act of 1982 to address this issue. The act requires the federal government, through the Department of Energy, to build a repository for the permanent storage of high-level radioactive waste from nuclear power plants and begin accepting waste by January 31, 1998; and

Whereas, It is now 2020, and the nation still remains without a permanent repository despite billions of dollars collected from electric ratepayers for the project. Spent nuclear fuel continues to pile up at temporary sites around the country, and the ongoing problem of permanent disposal is a drag on the potential of the nuclear power industry to meet our nation’s energy needs. There is only so long that our nation can continue to safely store this waste at temporary sites; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we urge the U.S. Department of Energy and the U.S. Nuclear Regulatory Commission to fulfill their obligation, as provided by law, to establish a permanent repository for high-level nuclear waste; and be it further

Resolved, That copies of this resolution be transmitted to the Secretary of Energy, the U.S. Nuclear Regulatory Commission, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

Pending the order that, under rule 3.204, the concurrent resolution be referred to the Committee on Government Operations,

Senator MacGregor moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The question being on the adoption of the concurrent resolution,

Senator MacGregor moved that the concurrent resolution be referred to the Committee on Energy and Technology.

The motion prevailed
