11 (iv) For authorities that have 16 or more but fewer than 21  
 12 active projects, \$175,000.00.

13 (v) For authorities that have 21 or more but fewer than 26  
 14 active projects, \$200,000.00.

15 (vi) For authorities that have 26 or more but fewer than 31  
 16 active projects, \$300,000.00.

17 (vii) For authorities that have 31 or more active projects,  
 18 \$500,000.00.

19 (d) Nothing contained in this subsection shall limit the  
 20 amount of funds that may be granted, loaned, or expended by a local  
 21 brownfield revolving fund for eligible activities.

22 (e) As used in this subsection, "active project" means a  
 23 project in which the authority is currently capturing taxes under  
 24 this act. The amounts of tax increment revenues attributable to  
 25 local taxes listed in this subsection that an authority can use for  
 26 the purposes described in this subsection may be increased by 2%  
 27 for each written agreement entered into by an authority in either  
 28 of the following situations up to a total maximum increase of 10%:

29 (i) The authority is an authority established by a county and

1 that authority enters into a written agreement with 1 or more  
 2 municipalities within that county to serve as the only authority  
 3 for those other municipalities.

4 (ii) The authority enters into a written agreement with 1 or  
 5 more other authorities to administer 1 or more administrative  
 6 operations of those other authorities.

7 (8) The limitations of subsections (4), (5), and (6) upon the  
 8 use of taxes levied for school operating purposes shall not apply  
 9 to the costs of 1 or more of the following incurred by a person  
 10 other than the authority:

11 (a) Site investigation activities required to conduct a  
 12 baseline environmental assessment and to evaluate compliance with  
 13 sections 20107a and 21304c of the natural resources and  
 14 environmental protection act, 1994 PA 451, MCL 324.20107a and  
 15 324.21304c.

16 (b) Completing a baseline environmental assessment.

17 (c) Preparing a plan for compliance with sections 20107a and  
 18 21304c of the natural resources and environmental protection act,  
 19 1994 PA 451, MCL 324.20107a and 324.21304c.

20 (d) Performing pre-demolition and building hazardous materials  
 21 surveys.

22 (e) Asbestos, mold, and lead surveys.

23 (9) The limitations of subsections (4), (5), and (6) upon the  
 24 use of local taxes and taxes levied for school operating purposes  
 25 shall not apply to the following costs and expenses:

26 (a) For tax increment revenues attributable to taxes levied  
 27 for school operating purposes, eligible activities associated with  
 28 unanticipated response activities conducted on eligible property if  
 29 that eligible property has been included in a brownfield plan, if

1 the department is consulted in writing on the unanticipated  
 2 response activities before they are conducted and the costs of  
 3 those activities are subsequently included in a brownfield plan,  
 4 combined brownfield plan or a work plan or amendment approved by  
 5 the authority and approved by the department.

6 (b) For tax increment revenues attributable to local taxes,  
 7 any eligible activities conducted on eligible property or  
 8 prospective eligible properties prior to approval of the brownfield  
 9 plan, if those costs and the eligible property are subsequently  
 10 included in a brownfield plan approved by the authority.

11 (c) For tax increment revenues attributable to taxes levied  
 12 for school operating purposes, eligible activities described in  
 13 subsection (4) and conducted on eligible property or prospective  
 14 eligible properties prior to approval of the brownfield plan, if  
 15 those costs and the eligible property are subsequently included in  
 16 a brownfield plan approved by the authority and a combined  
 17 brownfield plan or work plan approved by the Michigan strategic  
 18 fund.

19 **(d) Reasonable cost of developing and preparing brownfield**  
 20 **plans, combined brownfield plans, or work plans for which tax**  
 21 **increment revenues may be used under section 13(4), including, but**  
 22 **not limited to, legal and consulting fees that are not in the**  
 23 **ordinary course of acquiring and developing real estate.**

24 **(e) Reasonable cost of brownfield plan or work plan**  
 25 **implementation, including, but not limited to, tracking and**  
 26 **reporting of data and plan compliance.**

27 (10) An authority shall not use taxes levied for school  
 28 operating purposes captured from eligible property for response  
 29 activities that benefit a party responsible for an activity causing

1 a release under section 20126 or 21323a of the natural resources  
2 and environmental protection act, 1994 PA 451, MCL 324.20126 and  
3 324.21323a, except that a municipality that established the  
4 authority may use taxes levied for school operating purposes  
5 captured from eligible property for response activities associated  
6 with a landfill.

7 (11) A brownfield authority may reimburse advances, with or  
8 without interest, made by a municipality under section 7(3), a land  
9 bank fast track authority, or any other person or entity for costs  
10 of eligible activities with any source of revenue available for use  
11 of the brownfield authority under this act.

12 (12) A brownfield authority may capture taxes for the payment  
13 of interest, as follows:

14 (a) If an authority reimburses a person or entity under this  
15 section for an advance for the payment or reimbursement of the cost  
16 of eligible activities and interest thereon, the authority may  
17 capture local taxes for the payment of that interest.

18 (b) If an authority reimburses a person or entity under this  
19 section for an advance for the payment or reimbursement of the cost  
20 of department specific activities and interest thereon included in  
21 a combined brownfield plan or a work plan approved by the  
22 department, the authority may capture taxes levied for school  
23 operating purposes and local taxes for the payment of that  
24 interest.

25 (c) If an authority reimburses a person or entity under this  
26 section for an advance for the payment or reimbursement of the cost  
27 of eligible activities that are not department specific activities  
28 and interest thereon included in a combined brownfield plan or a  
29 work plan approved by the Michigan strategic fund, the authority

1 may capture taxes levied for school operating purposes and local  
 2 taxes for the payment of that interest provided that the Michigan  
 3 strategic fund grants an approval for the capture of taxes levied  
 4 for school operating purposes to pay such interest.

5 (13) An authority may enter into agreements related to these  
 6 reimbursements and payments described in this section. A  
 7 reimbursement agreement for these purposes and the obligations  
 8 under that reimbursement agreement shall not be subject to section  
 9 13 or the revised municipal finance act, 2001 PA 34, MCL 141.2101  
 10 to 141.2821.

11 (14) Notwithstanding anything to the contrary in this act, for  
 12 a brownfield plan that includes the capture of taxes levied for  
 13 school operating purposes from each eligible property included in a  
 14 brownfield plan after January 1, 2013, an authority shall pay to  
 15 the department of treasury at least once annually an amount equal  
 16 to 50% of the taxes levied under the state education tax act, 1993  
 17 PA 331, MCL 211.901 to 211.906, including 50% of that portion of  
 18 specific taxes attributable to, but not levied under, the state  
 19 education tax act, 1993 PA 331, MCL 211.901 to 211.906, that are  
 20 captured under the brownfield plan until the expiration of the  
 21 earlier of the following:

22 (a) Twenty-five years of capture of tax increment revenues  
 23 from such eligible property included in the brownfield plan.

24 (b) The later of:

25 (i) The date of repayment of all eligible expenses relative to  
 26 such eligible property.

27 (ii) The date excess capture is terminated under subsection  
 28 (16).

29 (15) The department of treasury shall deposit the amounts

1 described in subsection (14) into the state brownfield  
 2 redevelopment fund. If an authority makes a payment as required  
 3 under subsection (14) to the department of treasury, the local  
 4 taxes levied on that parcel and used to reimburse eligible  
 5 activities under a brownfield plan shall not be increased or  
 6 decreased due to that payment. If, due to an appeal of any tax  
 7 assessment, an authority is required to reimburse a taxpayer for  
 8 any portion of the amount paid to the department of treasury under  
 9 this subsection, the department of treasury shall reimburse that  
 10 amount to the authority within 30 days after receiving a request  
 11 from the authority for reimbursement.

12 (16) The brownfield plan shall include a proposed beginning  
 13 date of capture. ~~The~~ **If the actual** beginning date of capture of tax  
 14 increment revenues ~~shall not be~~ **is** later than 5 years following the  
 15 date of the **adoption of the brownfield plan** resolution, ~~including~~  
 16 ~~the eligible property in the brownfield plan.~~ **then the maximum**  
 17 **number of years of capture will decrease. The end date of capture**  
 18 **must be no later than 35 years after the date of the adoption of**  
 19 **the brownfield plan resolution.** The authority may amend the  
 20 beginning date of capture of tax increment revenues for a  
 21 particular eligible property ~~to a date not later than 5 years~~  
 22 ~~following the date of the resolution including the eligible~~  
 23 ~~property in the brownfield plan. The authority may not amend the~~  
 24 ~~beginning date of capture of tax increment revenues for a~~  
 25 ~~particular eligible property if~~ **as long as** the authority has **not**  
 26 begun to reimburse eligible activities from the capture of tax  
 27 increment revenues from that eligible property. Any tax increment  
 28 revenues captured from an eligible property before the beginning  
 29 date of capture of tax increment revenues for that eligible

1 property shall revert proportionately to the respective tax bodies.  
 2 ~~If an authority amends the beginning date for capture of tax~~  
 3 ~~increment revenues that includes the capture of tax increment~~  
 4 ~~revenues for school operating purposes, then the authority shall~~  
 5 ~~notify the department or the Michigan strategic fund, as~~  
 6 ~~applicable, within 30 days after amending the beginning date.~~

7 Sec. 15. (1) To seek department approval of a work plan under  
 8 section 13b(6)(c), the authority shall submit all of the following  
 9 for each eligible property:

10 (a) A copy of the brownfield plan.

11 (b) Current ownership information for each eligible property  
 12 and a summary of available information on proposed future  
 13 ownership, including the amount of any delinquent taxes, interest,  
 14 and penalties that may be due.

15 (c) A summary of available information on the historical and  
 16 current use of each eligible property, including a brief summary of  
 17 site conditions and what is known about environmental contamination  
 18 as that term is defined in section 20101 of the natural resources  
 19 and environmental protection act, 1994 PA 451, MCL 324.20101.

20 (d) Existing and proposed future zoning for each eligible  
 21 property.

22 (e) A brief summary of the proposed redevelopment and future  
 23 use for each eligible property.

24 (2) Upon receipt of a request for approval of a work plan  
 25 under subsection (1) or a portion of a work plan that pertains to  
 26 only department specific activities, the department shall review  
 27 the work plan according to subsection (3) and provide 1 of the  
 28 following written responses to the requesting authority within 60  
 29 days:

1 (a) An unconditional approval.

2 (b) A conditional approval that delineates specific necessary  
3 modifications to the work plan to meet the criteria of subsection  
4 (3), including, but not limited to, individual activities to be  
5 modified, added, or deleted from the work plan and revision of  
6 costs. The department may not condition its approval on deletions  
7 from or modifications of the work plan relating to activities to be  
8 funded solely by tax increment revenues not attributable to taxes  
9 levied for school operating purposes.

10 (c) If the work plan lacks sufficient information for the  
11 department to respond under subdivision (a), (b), or (d) for any  
12 specific activity, a letter stating with specificity the necessary  
13 additions or changes to the work plan to be submitted before that  
14 activity will be considered by the department. The department shall  
15 respond under subdivision (a), (b), or (d) according to this  
16 section for the other activities in the work plan.

17 (d) A denial if the property is not an eligible property under  
18 this act, if the work plan contemplates the use of taxes levied for  
19 school operating purposes prohibited by section 13b(10), or for any  
20 specific activity if the activity is prohibited by section  
21 13b(6) (a). The department may also deny any activity in a work plan  
22 that does not meet the conditions in subsection (3) only if the  
23 department cannot respond under subsection (2) (b) or (c). The  
24 department shall accompany the denial with a letter that states  
25 with specificity the reason for the denial. The department shall  
26 respond under subsection (2) (a), (b), or (c) according to this  
27 section for any activities in the work plan that are not denied  
28 under this subdivision. If the department denies all or a portion  
29 of a work plan under this subdivision, the authority may

1 subsequently resubmit the work plan.

2 (3) The department may approve a work plan if the following  
3 conditions have been met:

4 (a) Whether some or all of the activities constitute  
5 department specific activities other than activities that are  
6 exempt from the work plan approval process under section 13b(8).

7 (b) The department specific activities, other than the  
8 activities that are exempt from the work plan approval process  
9 under section 13b(8), are protective of the public health, safety,  
10 and welfare and the environment. The department may approve  
11 department specific activities that are more protective of the  
12 public health, safety, and welfare and the environment than  
13 required by section 20107a of the natural resources and  
14 environmental protection act, 1994 PA 451, MCL 324.20107a, if those  
15 activities provide public health or environmental benefit. In  
16 review of a work plan that includes department specific activities  
17 that are more protective of the public health, safety, and welfare  
18 and the environment, the department's considerations may include,  
19 but are not limited to, all of the following:

20 (i) Proposed new land use and reliability of restrictions to  
21 prevent exposure to contamination.

22 (ii) The cost to implement activities minimally necessary to  
23 achieve due care compliance, the total cost of response activities,  
24 and the incremental cost of department specific activities in  
25 excess of those activities minimally necessary to achieve due care  
26 compliance.

27 (iii) Long-term obligations associated with leaving  
28 contamination in place and the value of reducing or eliminating  
29 these obligations.

1 (c) The estimated costs for the activities as a whole are  
2 reasonable for the stated purpose. Except as provided in  
3 subdivision (b), the department shall make the determination in  
4 this subdivision only after the department determines that the  
5 conditions in subdivisions (a) and (b) have been met.

6 (4) If the department fails to provide a written response  
7 under subsection (2) within 60 days after receipt of a request for  
8 approval of a work plan, the authority may proceed with the  
9 activities as outlined in the work plan as submitted for approval.  
10 Except as provided in subsection (5), activities conducted pursuant  
11 to a work plan that was submitted to the department for approval  
12 but for which the department failed to provide a written response  
13 under subsection (2) shall be considered approved for the purposes  
14 of subsection (1). Within 45 days after receiving additional  
15 information requested from the authority under subsection (2)(c),  
16 the department shall review the additional information according to  
17 subsection (3) and provide 1 of the responses described in  
18 subsection (2) to the requesting authority for the specific  
19 activity. If the department does not provide a response to the  
20 requesting authority within 45 days after receiving the additional  
21 information requested under subsection (2)(c), the activity is  
22 approved under section 13b.

23 (5) The department may issue a written response to a work plan  
24 more than 60 days but less than 6 months after receipt of a request  
25 for approval. If the department issues a written response under  
26 this subsection, the authority is not required to conduct  
27 individual activities that are in addition to the individual  
28 activities included in the work plan as it was submitted for  
29 approval and failure to conduct these additional activities shall

1 not affect the authority's ability to capture taxes under section  
2 13b for the eligible activities described in the work plan  
3 initially submitted under subsection (4). In addition, at the  
4 option of the authority, these additional individual activities  
5 shall be considered part of the work plan of the authority and  
6 approved for purposes of section 13b. However, any response by the  
7 department under this subsection that identifies additional  
8 individual activities that must be carried out to satisfy part 201  
9 or part 213 must be satisfactorily completed for the activities to  
10 be considered acceptable for the purposes of compliance with part  
11 201 or part 213.

12 (6) If the department issues a written response under  
13 subsection (5) to a work plan and if the department's written  
14 response modifies an individual activity proposed by the work plan  
15 of the authority in a manner that reduces or eliminates a proposed  
16 response activity, the authority must complete those individual  
17 activities in accordance with the department's response in order  
18 for that portion of the work plan to be considered approved for  
19 purposes of section 13b, unless 1 or more of the following  
20 conditions apply:

21 (a) Obligations for the individual activity have been issued  
22 by the authority, or by a municipality on behalf of the authority,  
23 to fund the individual activity prior to issuance of the  
24 department's response.

25 (b) The individual activity has commenced or payment for the  
26 work has been irrevocably obligated prior to issuance of the  
27 department's response.

28 (7) It shall be in the sole discretion of an authority to  
29 propose to undertake department specific activities under

1 subsection (3) (b) at an eligible property under a brownfield plan.  
2 The department shall not require a work plan to include department  
3 specific activities that are more protective of public health,  
4 safety, welfare, and the environment.

5 (8) The department shall review the portion of a work plan  
6 that includes department specific activities in accordance with  
7 subsection (3).

8 (9) The department's approval or denial of a work plan  
9 submitted under this section constitutes a final decision in regard  
10 to the use of taxes levied for school operating purposes but does  
11 not restrict an authority's use of tax increment revenues  
12 attributable to local taxes to pay for eligible activities under a  
13 brownfield plan. If a person is aggrieved by the final decision,  
14 the person may appeal under section 631 of the revised judicature  
15 act of 1961, 1961 PA 236, MCL 600.631.

16 (10) To seek Michigan strategic fund approval of a work plan  
17 under section 13b(4) or 13c(6), the authority shall submit all of  
18 the following for each eligible property:

19 (a) A copy of the brownfield plan or the transformational  
20 brownfield plan.

21 (b) Current ownership information for each eligible property  
22 and a summary of available information on proposed future  
23 ownership, including the amount of any delinquent taxes, interest,  
24 and penalties that may be due.

25 (c) A summary of available information on the historical and  
26 current use of each eligible property.

27 (d) Existing and proposed future zoning for each eligible  
28 property.

29 (e) A brief summary of the proposed redevelopment and future

1 use for each eligible property.

2 (f) A separate work plan, or part of a work plan, for each  
3 eligible activity described in section 13b(4) to be undertaken. For  
4 a transformational brownfield plan, the Michigan strategic fund  
5 shall prescribe the form and content for the work plan to address  
6 additional eligible activities under section 2(o) (iv).

7 (g) A copy of the development agreement or reimbursement  
8 agreement required under section 13b(4) or 13c(6), which shall  
9 include, but is not limited to, a detailed summary of any and all  
10 ownership interests, monetary considerations, fees, revenue and  
11 cost sharing, charges, or other financial arrangements or other  
12 consideration between the parties.

13 (11) Upon receipt of a request for approval of a work plan,  
14 the Michigan strategic fund shall provide 1 of the following  
15 written responses to the requesting authority within 60 days:

16 (a) An unconditional approval that includes an enumeration of  
17 eligible activities and a maximum allowable capture amount.

18 (b) A conditional approval that delineates specific necessary  
19 modifications to the work plan, including, but not limited to,  
20 individual activities to be added or deleted from the work plan and  
21 revision of costs.

22 (c) A denial and a letter stating with specificity the reason  
23 for the denial. If a work plan is denied under this subsection, the  
24 work plan may be subsequently resubmitted.

25 (12) In its review of a work plan under section 13b(4) or  
26 13c(6), the Michigan strategic fund shall consider the following  
27 criteria to the extent reasonably applicable to the type of  
28 activities proposed as part of that work plan when approving or  
29 denying a work plan:

1 (a) Whether the individual activities included in the work  
2 plan are sufficient to complete the eligible activity.

3 (b) Whether each individual activity included in the work plan  
4 is required to complete the eligible activity.

5 (c) Whether the cost for each individual activity is  
6 reasonable.

7 (d) The overall benefit to the public.

8 (e) The extent of reuse of vacant buildings and redevelopment  
9 of blighted property.

10 (f) Creation of jobs.

11 (g) Whether the eligible property is in an area of high  
12 unemployment.

13 (h) The level and extent of contamination alleviated by or in  
14 connection with the eligible activities.

15 (i) The level of private sector contribution.

16 (j) If the developer or projected occupant of the new  
17 development is moving from another location in this state, whether  
18 the move will create a brownfield.

19 (k) Whether the project of the developer, landowner, or  
20 corporate entity that is included in the work plan is financially  
21 and economically sound.

22 (l) Other state and local incentives available to the  
23 developer, landowner, or corporate entity for the project of the  
24 developer, landowner, or corporate entity that is included in the  
25 work plan.

26 (m) Any other criteria that the Michigan strategic fund  
27 considers appropriate for the determination of eligibility or for  
28 approval of the work plan.

29 (13) If the Michigan strategic fund fails to provide a written

1 response under subsection (11) within 60 days after receipt of a  
2 request for approval of a work plan or 90 days in the case of a  
3 transformational brownfield plan, the eligible activities shall be  
4 considered approved and the authority may proceed with the eligible  
5 activities described in sections 13b(4) and 13c(6) as outlined in  
6 the work plan as submitted for approval.

7 (14) The Michigan strategic fund approval of a work plan under  
8 sections 13b(4) and 13c(6) is final.

9 (15) The Michigan strategic fund shall submit a report each  
10 year to each member of the legislature as provided in section  
11 16(4).

12 (16) All taxes levied for school operating purposes that are  
13 not used for eligible activities consistent with a combined  
14 brownfield plan or a work plan approved by the department or the  
15 Michigan strategic fund or for the payment of interest under  
16 sections 13 and 13b and that are not deposited in a local  
17 brownfield revolving fund shall be distributed proportionately  
18 between the local school district and the school aid fund.

19 (17) The department's approval of a work plan under subsection  
20 (2) (a) or (b) does not imply an entitlement to reimbursement of the  
21 costs of the eligible activities if the work plan is not  
22 implemented as approved.

23 (18) The party seeking work plan approval and the department  
24 can, by mutual agreement, extend the time period for any review  
25 described in this section. An agreement described in this  
26 subsection shall be documented in writing.

27 (19) If a brownfield plan includes the capture of taxes levied  
28 for school operating purposes, the chairperson of the Michigan  
29 strategic fund may approve, without a meeting of the fund board,

1 combined brownfield plans and work plans that address eligible  
 2 activities described in section 13b(4) totaling an amount of  
 3 \$1,000,000.00 or less according to subsections (10), (11), (12),  
 4 (13), and (14) **that include reimbursement of taxes levied for**  
 5 **school operating purposes.**

6 (20) In lieu of seeking approval of a work plan under section  
 7 13b(4) or (6)(c) or section 13c(6), an authority may seek approval  
 8 of a combined brownfield plan from the department or Michigan  
 9 strategic fund under this subsection as follows:

10 (a) To seek approval of a combined brownfield plan under this  
 11 subsection, the authority shall, at least 30 days before the  
 12 hearing on the combined brownfield plan to allow for consultation  
 13 between the authority and the department or the Michigan strategic  
 14 fund and at least 60 days in the case of a transformational  
 15 brownfield plan, provide notice that the authority will be seeking  
 16 approval of a combined brownfield plan in lieu of a work plan to 1  
 17 or more of the following:

18 (i) The department, if the combined brownfield plan involves  
 19 the use of taxes levied for school operating purposes to pay for  
 20 eligible activities that require approval by the department under  
 21 section 13b(6)(c).

22 (ii) The Michigan strategic fund, if the combined brownfield  
 23 plan involves the use of taxes levied for school operating purposes  
 24 to pay for eligible activities subject to subsection (12) or  
 25 section 13c(6), or the use of construction period tax capture  
 26 revenues, withholding tax capture revenues, or income tax capture  
 27 revenues.
