PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state sources under part 1 for the fiscal year ending September 30, 2020 is \$0.00 and total state spending from state sources to be paid to local units of government is \$0.00.

Sec. 202. The appropriations made and expenditures authorized under this part and part 1 and the departments, commissions, boards, offices, and programs for which appropriations are made under this part and part 1, are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 203. If the state administrative board, acting under section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount appropriated under this act, the legislature may, by a concurrent resolution adopted by a majority of the members elected to and serving in each house, inter-transfer funds within this act for the particular department, board, commission, office, or institution.

Sec. 204. (1) Funds appropriated in part 1 are subject to applicable federal audit and reporting requirements. Prompt action shall be taken if instances of noncompliance are identified, including noncompliance identified in an audit finding. If any instance of noncompliance is identified, including noncompliance identified in an audit finding, the state budget director shall take necessary and immediate action to rectify it. The state budget director shall notify the senate and house appropriations committees and the senate and house fiscal agencies when an instance of noncompliance is identified.

(2) In a form and manner determined by the recipient department, all eligible sub-recipients receiving funds through this act must comply with all requirements corresponding to the receipt of funds required in the coronavirus aid, relief, and economic security act, Public Law 116-136, and Uniform Guidance, 2 CFR 200, as applicable, including, but not limited to, any certifications, assurances, and accountability and transparency provisions. The department responsible for administering federal funds may require any documentation necessary to ensure compliance with federal requirements.

(3) Any funds received under this act and expended by a sub-recipient in any manner that does not adhere to the coronavirus aid, relief, and economic security act, Public Law 116-136, or Uniform Guidance, 2 CFR 200, as applicable, shall be returned to the state. If it is determined that a sub-recipient receiving funds under this act expends any funds received under this act for a purpose that is not consistent with the requirements of the coronavirus aid, relief, and economic security act, Public Law 116-136, or Uniform Guidance, 2 CFR 200, as applicable, the state budget director is authorized to withhold payment of state funds, in part or in whole, payable from any state appropriation.

Sec. 205. The state budget director shall report on the status of funds appropriated in part 1, and all funds appropriated related to the coronavirus relief effort, to the senate and house appropriations committees and the senate and house fiscal agencies on a monthly basis until all funds are exhausted.

DEPARTMENT OF AGRICULTURAL AND RURAL DEVELOPMENT

Sec. 251. Funds appropriated in part 1 for double up food bucks may only be used for increasing subsidies to eligible recipients and may not be used for program administration costs.

DEPARTMENT OF EDUCATION

Sec. 301. (1) From the funds appropriated in part 1 for child care rate reduction stipend, the department of education shall create a child care rate reduction stipend as an add-on to the child care relief fund grant to reduce child care costs to families. All licensed child care providers that receive grants from the child care relief fund are eligible to receive the additional child care rate reduction stipend. Providers are eligible to receive stipends to cover the months of June, July, and August in the current fiscal year and will have up to 30 days after the charged month to apply for a child care rate reduction stipend.

(2) At the time of application, licensed providers shall provide information on the amount of tuition charged to families. The department of education shall reimburse the provider up to 30% of the tuition amount charged to the family for each child cared for by the provider for the months of June, July, and August in the current fiscal year. Recipients of the child care rate reduction stipend must reduce their rates by the rate reimbursement percentage described in this section. The stipend is intended to cover that percentage of a parent's tuition, thus reducing the amount charged to the family. In addition to receiving the stipend, the provider must ensure that they meet the requirements of the child care relief fund for each month the provider received a child care relief fund grant. The weekly rate charged to families cannot be higher than the rate charged prior to the state of emergency in March 2020.

(3) As a condition of receiving a child care relief fund grant, child care providers are required to reduce the monthly billed amount to the family of each child by the amount received for each child. If the department of education determines that the provider did not provide the required tuition reduction, the department of education shall recoup the funds.

(4) The department of education shall take reasonable steps to distribute the child care reduction stipend within 15 business days of receiving an application from a provider unless the provider fails to meet the requirements of this section. The department of education shall provide notice and information to all licensed providers on how to apply for the stipend and the requirements of the program. The department of education shall take reasonable steps to ensure that providers apply for a child care rate reduction stipend. Providers shall be required to maintain all billing and refund records for a minimum of 4 years for auditing purposes.

(5) If the funds allocated for the child care rate reduction stipend are insufficient to fully fund payments under subsection (2), the department of education shall prorate payments under subsection (2).

(6) As used in this section, "licensed providers" includes licensed child care centers, licensed group homes, licensed family homes, and disaster relief child care centers.

Sec. 302. (1) From the funds appropriated in part 1 for district COVID-19 costs, the department of education shall allocate funding statewide to districts to support instructional recovery programming, benchmark assessments, or health and safety expenditures necessary to provide instruction safely due to COVID-19. An instructional recovery program eligible for funding under this section is one specifically designed to enable students to catch up and resume learning that was interrupted due to the COVID-19 outbreak. Funding shall be allocated to all districts by July 30, 2020 on an equal per-pupil basis, based on the number of pupils in membership in each district in 2019-2020.

(2) As used in this section, "district" means that definition as described in section 3 of the state school aid act of 1979, 1979 PA 94, MCL 388.1603, and includes a public school academy.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Sec. 401. (1) From the funds appropriated in part 1 for COVID-19 direct care worker hazard pay adjustment, the department of health and human services shall provide sufficient funding to increase the wages paid to direct

care workers described in subsection (2) by \$2.00 per hour above the rates paid on March 1, 2020 beginning July 1, 2020 through September 30, 2020.

(2) The direct care wage increase shall be provided to direct care workers employed by the department of health and human services, its contractors, and its subcontractors who received a \$2.00 per hour state-funded wage increase beginning in April 2020. The total combined direct care wage increases from the April 2020 direct care wage increase and the wage increase outlined in this section shall be \$2.00 per hour and shall be in effect from April 1, 2020 to September 30, 2020.

(3) From the funds appropriated in part 1 for COVID-19 direct care worker hazard pay adjustment, a direct care wage increase of \$2.00 per hour shall be provided to direct care workers employed by skilled nursing facilities on the effective date of this act, beginning July 1, 2020 and continuing until September 30, 2020. This funding shall include all costs incurred by the employer, including payroll taxes, due to the \$2.00 per hour increase. As used in this subsection, "direct care workers" means a registered nurse, licensed practical nurse, competency-evaluated nursing assistant, and respiratory therapist.

(4) From the funds appropriated in part 1 for COVID-19 direct care worker hazard pay adjustment, a direct care wage increase of \$2.00 per hour shall be provided to direct care workers employed by area agencies on aging and its contractors for in-home and respite services on the effective date of this act, beginning July 1, 2020 and continuing until September 30, 2020. This funding shall include all costs incurred by the employer, including payroll taxes, due to the \$2.00 per hour increase.

(5) Contractors and subcontractors receiving funding to support these direct care wage increases shall be required to provide documentation of the wage increases provided pursuant to this section to the department of health and human services.

(6) Any payment enhancement above the hourly rate in effect on March 1, 2020 shall be of no effect in determining any employee's average compensation as provided by any contract or other provision of law.

(7) A direct care worker may elect to not receive the wage increase provided in this section. The election to not receive the wage increase in this section must be made either in writing or electronically. The employer of a direct care worker who has elected to not receive the wage increase in this section must remit back to the state any of the funds authorized by this section based on the number of direct care workers it employs who have elected to not receive the wage increase authorized by this section.

Sec. 402. The funds appropriated in part 1 for inpatient behavioral health grants shall be distributed in a manner that is consistent with a \$100.00 per diem increase to the inpatient psychiatric hospital rate adjustment (HRA) program received in the first quarter of 2020 through the Medicaid prepaid inpatient health plans.
