2 as incidental to other primary land uses is not a commercial or  
3 industrial zone for outdoor advertising control purposes.

23 or sign structure is to be located, the date the sign or sign  
24 structure, if currently maintained, was erected, the zoning  
25 classification of the property, a precise description of where the  
26 sign or sign structure is or will be situated and a certification  
27 that the sign or sign structure is not prohibited by section 18(a),

1 (b), (c), or (d) and that the sign or sign structure does not  
 2 violate any provisions of this act. The sign permit application  
 3 shall include a statement signed by the owner of the land on which  
 4 the sign or sign structure is to be placed, acknowledging that no  
 5 trees or shrubs in the adjacent highway right-of-way may be  
 6 removed, trimmed, or in any way damaged or destroyed without the  
 7 written authorization of the department. ~~The~~ **EXCEPT AS OTHERWISE**

 18 highway designation or other reason not within the control of the  
 19 sign owner within 2 months after receiving notice from the  
 20 department that the sign or sign structure is subject to the permit  
 21 requirements of this act. Both of the following apply to an annual  
 22 permit issued under this subsection:

23 (a) The annual permit is not subject to section 7a.

24 (b) The annual permit may not be surrendered for an interim  
 25 permit under section 7a(3).

3 and that meets the requirements of section 17(3) to be maintained  
4 or erected in an adjacent area where the facing of the sign or sign  
5 structure is visible from a regulated route. The information  
6 provided by an applicant under this subsection shall be on a form  
7 prescribed by the department. A sign owner shall apply for a  
8 separate digital billboard permit for each sign or sign structure  
9 allowed under section 17(3) for each regulated route from which the  
10 facing of the sign or sign structure is visible. The owner of a  
11 sign or sign structure shall apply for a digital billboard permit  
12 for each digital billboard that becomes subject to the permit  
13 requirements of this act because of a change in highway designation  
14 or other reason not within the control of the sign owner within 2  
15 months after receiving notice from the department that the sign or  
16 sign structure is subject to the permit requirements of this act.

4 COMPLIANCE WITH THE OTHER REQUIREMENTS OF THIS SUBSECTION.

5 Sec. 7a. (1) Except as otherwise provided in this section,  
6 section 6(2)(a), and section 7b, the department shall not issue an  
7 annual permit for a new sign on or after January 1, 2007.

8 (2) A permit issued by the department before January 1, 2007  
9 remains in force and valid.

10 (3) On and after January 1, 2007, the department shall issue  
11 an interim permit to a holder of a valid permit if all of the  
12 following conditions are met:

13 (a) The holder of the valid permit is otherwise in compliance  
14 with this act.

15 (b) The holder of the permit surrenders the permit to the  
16 department upon the removal of a sign structure that has a valid  
17 permit under this act.

18 (c) The holder of the permit verifies the removal of the sign

23 (4) An interim permit issued under this section shall only be

3 along primary highways. An interim permit shall not be used to  
4 erect a sign in a location where existing vegetation is greater  
5 than 8 feet tall or where existing vegetation was removed without  
6 the department's permission.

7 (5) The department shall verify that an existing sign  
8 structure has been removed no later than 30 days after the  
9 department receives written notice from the permit holder that the  
10 sign structure has been removed. If the department does not respond  
11 to the written notice within 30 days after receipt of the written  
12 notice, then the permit holder shall be deemed to have removed the  
13 sign structure in compliance with this section.

14 (6) A holder of 2 valid permits for a sign structure with 2  
15 faces who complies with this section shall receive 2 interim  
16 permits for the construction of a sign structure with 2 faces. A  
17 permit holder under this subsection shall not receive 2 interim  
18 permits to construct 2 single-face sign structures.

19 (7) A holder of a valid permit for a sign structure with a  
20 single face is entitled to exchange that permit under this section  
21 for an interim permit with a single face. A holder of valid permits  
22 for 2 different single-face structures may exchange the 2 permits  
23 under this section for 2 interim permits to construct 2 single-face

25 with 2 faces.

26 (8) A holder of more than 2 valid permits for a sign structure

2 under this section shall only be used to construct 1 sign structure  
3 with no more than 2 faces.

4 (9) After construction of a sign structure under an interim  
5 permit is complete, the department shall issue renewable permits  
6 annually for the completed sign structure.

7 (10) If a permit holder for a sign structure that exists on  
8 January 1, 2007 requires additional permits for any reason, or if  
9 the owner of a sign that meets the requirements of section 17(10)  
10 applies for a permit before July 1, 2011, the department may issue  
11 a valid renewable permit renewable on an annual basis without  
12 complying with subsection (1) even if the permit holder has more  
13 than 2 valid permits as a result.

14 (11) The department may issue a permit for a new sign  
15 structure that measures no more than 8 square feet for service club  
16 signs or religious organization signs.

17 (12) Notwithstanding anything in this act to the contrary,  
18 permits issued under subsection (11) are not eligible to be  
19 surrendered for an interim permit.

20 (13) Notwithstanding anything in this act to the contrary, the  
21 department may issue a permit for an existing sign that advertises  
22 a product, service, or retail business that is owned and operated  
23 by the sign owner if the location for the sign meets all existing  
24 requirements of this act, or if the sign is an existing  
25 nonconforming sign that advertises a product, service, or retail  
26 business that is owned and operated by the sign owner and the sign  
27 owner held an original permit for that sign on January 1, 2007.

1 (14) A permit issued under subsection (13) is not transferable  
2 and is not eligible to be surrendered for an interim permit.

3 (15) Notwithstanding anything in this act to the contrary, the  
4 department may issue a permit for a sign that is no more than 150  
5 square feet in size and that advertises a product, service,  
6 attraction, destination, or retail business that is owned and  
7 operated or served by the sign owner, if the sign meets all other  
8 requirements of this act. A permit issued under this subsection is  
9 not transferable and is not eligible to be surrendered for an  
10 interim permit. The department shall not issue more than 4 permits  
11 under this subsection to an attraction, destination, or retail  
12 business.

13 (16) Both of the following apply to the owner of an existing

15 of renewal fees:

16 (a) He or she may apply for a new annual permit by submitting  
17 an application for a new annual permit and surrendering an interim

26 interim permit per sign structure, **OR PAY A FEE OF \$500.00.**

27 Sec. 7b. (1) Notwithstanding anything in this act to the

25 (b) Closer than 1 mile to another directional sign on either  
26 side of the road facing the same direction.

27 (c) Located adjacent to a regulated route at a distance

1 greater than 50 air miles from the activity or attraction.

2 (5) The department shall not issue a permit under this section  
3 if there are more than 3 signs identifying the same activity or  
4 attraction facing the same direction on either side of the road  
5 along a single regulated route approaching the activity or  
6 attraction.

7 (6) The message displayed on a sign for which a permit is  
8 issued under this section shall only identify the activity or  
9 attraction and directional information useful to the traveler in  
10 locating the activity or attraction, including mileage, route

25 (3) Except as otherwise provided in subsection (4), a sign  
26 utilizing a digital billboard permit shall not be closer than 1,750  
27 feet to another sign utilizing a digital billboard permit on either

1 side of the highway facing the same direction of oncoming traffic.

2 (4) Beginning on ~~the effective date of the amendatory act that~~  
3 ~~added this subsection~~ **JANUARY 30, 2014** and ending ~~1 year after the~~  
4 ~~effective date of the amendatory act that added this subsection,~~  
5 **JANUARY 30, 2015**, for the first 8 nonstandard signs for which the

7 without having to surrender 3 interim permits as provided under  
8 section 6(6)(b), each sign shall not be closer than 1,000 feet to  
9 another sign using a digital billboard permit on either side of the  
10 highway facing the same direction of traffic. This subsection only  
11 applies to signs located in a county having a population of not  
12 less than 750,000.

13 (5) This section does not apply to signs separated by a  
14 building or other visual obstruction in such a manner that only 1  
15 sign located within the spacing distances is visible from the  
16 highway at any time, provided that the building or other visual  
17 obstruction has not been created for the purpose of visually  
18 obstructing either of the signs at issue.

19 (6) Along interstate highways and freeways located outside of  
20 incorporated municipalities, a sign structure shall not be  
21 permitted adjacent to or within 500 feet of an interchange, an  
22 intersection at grade, or a safety roadside rest area. The 500 feet  
23 shall be measured from the point of beginning or ending of pavement  
24 widening at the exit from, or entrance to, the main-traveled way.

25 (7) Official signs as described in section 13(1)(a) and on-

2 (8) Except as provided in subsection (3), the spacing  
3 requirements in this section apply separately to each side of the  
4 highway.

5 (9) The spacing requirements in this section shall be measured

12 under section 22.

13 (11) Along an interstate highway that is designated by 1  
14 letter and 3 numbers and located in a county with a population of

20 **ACT** prior to March 23, 1999 to be defined as a nonconforming sign.

21 Sec. 17a. (1) A nonconforming sign may continue to exist as

23 prohibited sign. A nonconforming sign that has not displayed an  
24 advertising message for more than 1 year shall be considered an  
25 abandoned sign.

26 (2) A sign owner may perform customary maintenance and repair

1 maintenance and repair shall not exceed 40% of the replacement cost  
 2 of ~~a new~~ **THE NONCONFORMING** sign. ~~structure constructed using~~  
 3 ~~equivalent materials and equipment.~~

4 (3) A sign owner may perform customary maintenance and repair  
 5 of a nonconforming sign that is damaged as a result of storm, fire,

 7 sign that is damaged as a result of storm, fire, or casualty shall  
 8 not exceed 60% of the replacement cost of ~~a new~~ **THE NONCONFORMING**  
 9 sign. ~~structure constructed using equivalent materials and~~  
 10 ~~equipment.~~ The 60% limitation in this subsection does not apply if  
 11 the damage to the nonconforming sign is caused by vandalism or a  
 12 negligent act of a person other than the sign owner.

13 (4) A nonconforming sign owner may not take any action that  
 14 places this state out of compliance with federal statutes,  
 15 published rules, regulations, or the federal-state agreement on  
 16 outdoor advertising.

17 (5) A nonstandard sign may continue to exist and a sign owner  
 18 may perform any action to a nonstandard sign that is allowed under  
 19 this act, except for the following:

1           **(A) "CUSTOMARY MAINTENANCE AND REPAIR"** means the repair or  
 2 replacement of materials or equipment with equivalent materials or

3 or sign structure that was completed prior to January 1, 2007,  
4 other than electrification, conversion to a digital billboard, or  
5 conversion to a trivision sign. Customary maintenance and repair  
6 includes the reversal of electrification, conversion to a digital  
7 billboard, or conversion to a trivision sign if the  
8 electrification, conversion to a digital billboard, or conversion  
9 to a trivision sign was completed before January 1, 2007.

10           **(B) "REPLACEMENT COST" MEANS THE TOTAL SUM OF THE COSTS**  
11 **INCURRED TO ERECT A NEW REPLACEMENT SIGN OR SIGN STRUCTURE WITH**

18 abandoned, and any other sign or sign structure erected or  
19 maintained in violation of this act that is not eligible for  
20 removal compensation as provided in section 22, shall be removed by  
21 the department forthwith or upon the expiration of such further  
22 time as the department allows. The department may recover as a

8 acting under the authority of or by contract with the department  
9 may enter upon private property without liability for so doing in  
10 connection with the posting or the removal of any sign or sign

12 (6) The department may contract on a negotiated basis without  
13 competitive bidding with a permittee under this act for the removal  
14 of any sign or sign structure ~~pursuant to~~ **UNDER** this act.

15 (7) Any repeat violation of this act shall be considered a  
16 continuing violation of this act.

19 or after a hearing is conducted, may apply to the circuit court in  
20 the county in which a sign is located for an order to show cause  
21 why the use of a sign erected or maintained in violation of this  
22 act should not be enjoined pending its removal in accordance with  
23 this section.
