Dear Taxpayer:

This booklet contains information for your 2019 Michigan property taxes and 2018 individual income taxes, homestead property tax credits, farmland and open space tax relief, and the home heating credit program.

For the 2018 income tax returns, the individual income tax rate for Michigan taxpayers is 4.25 percent, and the personal exemption is $4,050 for each taxpayer and dependent. The state also provides a $2,700 special exemption for each tax filer or dependent in the household who is deaf, paraplegic, quadriplegic, hemiplegic, totally and permanently disabled or blind. An additional $400 exemption is available for each disabled veteran in the household.

This year, federal and state income tax returns are due April 15, 2019. Most taxpayers may request that their income tax refund be directly deposited into a U.S. financial account of their choice. To request direct deposit, fill out the direct deposit portion of the MI-1040, MI-1040CR, or MI-1040CR-2 or file Form 3174 and attach it to the state income tax form.

The information contained in this booklet may ease the burden of filling out state tax forms and may even save some taxpayers money. However, this booklet is not designed to provide line-by-line instructions for filling out state income tax forms. Please refer to the Michigan Department of Treasury’s income tax instruction booklets for line-by-line guidance.

Please Note:

The tax forms have been included as an example for taxpayers. Anyone using these forms to file their state income tax and property tax credits should consult the department’s instruction booklets. Any references on these forms to page numbers refer to pages in the department’s instruction booklets and not to pages in this Taxpayer’s Guide.

MICHIGAN PROPERTY TAX

The general property tax has traditionally been an important part of our state’s tax structure. Money raised through property taxes goes toward financing local services, such as police and fire protection; public education; the operation of city, village, township, and county governments; and special projects such as sewers, streets, and parks. All property taxes collected by local units of government, other than the state education tax which is sent to the state School Aid Fund for distribution, are kept locally, and no other part of that revenue is sent to or used by the state.

PROPERTY TAX ASSESSMENT

Property subject to taxation by local units of government is classified as either real or personal property. Real property consists of land and any improvements to the land, such as buildings and water and sewer facilities. Personal property includes tangible items such as furniture, machines, and equipment belonging to a business, and those items not permanently attached to land or buildings. Generally, residential personal property is exempt from taxation.

The process for determining a property owner’s tax bill begins with calculating the property’s assessed value. The “assessed value” of real property is the value placed upon the property by the local assessment officer. There are three valuations used in assessing real property in Michigan: assessed value, state equalized value, and taxable value. The Michigan Constitution requires that property be assessed uniformly at a rate not to exceed 50 percent of true cash value. True cash value is what the property would bring on the local housing market.

Property assessment is an annual, three-step process.

• First, the local assessor determines the assessed value of property based on the condition of the property on December 31 of the previous year. This is 50 percent of what the assessor determines to be the market price.

• Second, the board of commissioners in each county equalizes, or applies an adjustment factor, to ensure that property owners in all cities, townships, villages, or school districts in the county pay their fair share of that unit’s taxes. Equalization serves to bring the total valuation across assessing units as close to the 50 percent level as possible.

• Third, the State Tax Commission applies an adjustment factor to the county assessments to bring the total valuation across counties as close to the 50 percent level as possible. This process produces the property’s state equalized value, or SEV.

While equalization results in the determination of the property’s state equalized value, the taxable value is what is used to calculate property taxes. For newly acquired property, the SEV is the property’s taxable value. For each continued year of ownership, taxable value is the previous year’s taxable value minus losses, adjusted for inflation, plus new property improvements. The taxable value increase is capped at the rate of inflation or 5 percent, whichever is less, except for new construction. Historically, a property’s true cash value rose faster than inflation, resulting in taxable values above SEV. In recent times, even though some housing values have fallen, taxable value can never be more than SEV. The inflation rate used to calculate 2018 taxable values is 2.4 percent.

When a property is transferred, the cycle starts anew, and the following year’s SEV becomes the property’s taxable value, eliminating the cap of the rate of inflation or 5 percent. This triggers a “pop-up” in taxes due. A transfer of ownership occurs when a title or present interest in the property is transferred through conveyance by deed, land contract, trust, distribution under a will, certain leases, or other mechanisms. Transfers of property from one spouse to the other or from a decedent to a surviving spouse, among other exceptions, are not considered a transfer of ownership. Beginning December 31, 2013, transfers
of residential property to an immediate family member are exempted from the pop-up if the property is not used for any commercial purpose following conveyance.

The pop-up from taxable value to SEV does not apply when eligible farmland is transferred to new owners. When someone purchases eligible farmland and files an affidavit testifying that the property would remain in agricultural use for at least seven years, the transfer will not trigger the pop-up. Transfers of land subject to a conservation easement are also exempted from the pop-up.

**PRINCIPAL RESIDENCE EXEMPTION**

A principal residence is exempt from taxes levied by a local school district for operating purposes of up to 18 mills. A homeowner’s principal residence is defined as “the one place where an owner of the property has his or her true, fixed, and permanent home to which, whenever absent, he or she intends to return and that shall continue as a principal residence until another principal residence is established.” Property owners may claim only one exemption. A husband and wife, filing income tax returns jointly, are generally entitled to no more than one principal residence exemption. However, there are exceptions to these rules. The law allows a temporary, additional exemption for up to 3 years on an unoccupied homestead listed for sale. Members of the armed forces may retain their exemption if they rent their home while away on active duty. Homeowners with a principal residence exemption currently residing in a nursing home or assisted living facility and members of the armed services absent on active duty may maintain the exemption so long as they continue to own and maintain the property, it is not occupied, and they do not establish a new primary residence.

To be eligible for the homeowner’s principal residence property exemption in 2019, a taxpayer must have claimed an exemption by filing an affidavit with the local tax collecting unit on or before June 1, 2019 for the immediately succeeding summer tax levy and November 1, 2019 for the immediately succeeding winter tax levy. Exemptions filed in prior years are valid until rescinded. A denial of this exemption may be appealed to the local board of review. A board of review decision may be appealed to the Michigan Tax Tribunal within 35 days from date of notice.

**HOMESTEAD PROPERTY TAX CREDIT**

Eligible homeowners or renters who pay more than 3.2 percent of their household income in property taxes, or in rent for renters, can receive a credit or rebate on their state income tax. See the income tax section later in this booklet for more details.

**POVERTY EXEMPTION**

A person may be eligible to request a poverty exemption from property taxes if they, at a minimum, own and occupy the property as their homestead, demonstrate evidence of ownership and identification, and meet poverty income standards. The local board of review makes the determination if the exemption should be granted or denied based on the guidelines for both income and asset levels adopted by the local unit of government. To be eligible for an exemption, a homeowner must apply to the local assessing unit after January 1 but before the day prior to the last day of the board of review. Poverty exemption denials may be appealed to the local board of review. March board of review denials may be appealed to the Michigan Tax Tribunal by the end of July. July and December board of review appeals must be made to the Michigan Tax Tribunal within 35 days of notice.

**DISABLED VETERANS EXEMPTION**

Beginning November 12, 2013, property owned and used as a homestead by a disabled and honorably discharged veteran is exempt from Michigan property taxes. This exemption is also available to an unremarried surviving spouse of a disabled veteran. An affidavit to qualify for this exemption must be filed annually with the local tax unit. A denial of this exemption may be appealed to the local board of review. A board of review decision may be appealed to the Michigan Tax Tribunal.
APPELLING A TAX ASSESSMENT

THE LOCAL BOARD OF REVIEW

If, for any reason, a taxpayer disagrees with the assessed value, taxable value, or taxable status of property, he/she may appeal to the local governmental board of review. Township boards of review are comprised of three, six, or nine voters who are appointed by the township board. Township review boards meet in the week containing the second Monday in March to hear protests. Boards of review also meet in July and December to correct qualified errors in the roll, including adjustments for property incorrectly listed as having had a transfer of ownership or certain other errors regarding the taxable status of the property. These meeting dates are also used for disputes over claims for the homeowner’s poverty exemption, disabled veterans status, and initial qualified agricultural property exemptions. Boards of review may retroactively award a principal residence exemption to a homeowner for property not exempted on the tax roll; however, denied principal residence exemptions are appealed directly to the Michigan Tax Tribunal, which must be filed within 35 days of denial. Corrections may be made for the year in which the appeal was filed and, in some cases, for the three immediately preceding years.

The size, composition, appointment, and meeting times of city boards of review vary according to requirements of their respective charters. Places and times of their meetings should be posted in the local newspaper.

THE MICHIGAN TAX TRIBUNAL

To make an appeal at the state level, a taxpayer must have first locally appealed an assessment of residential or agricultural property. If not satisfied with the judgment of the board of review, a taxpayer may appeal the decision to the Michigan Tax Tribunal, an independent body which has the power to hear appeals of judgments of the local boards of review (assessment classifications are appealed to the State Tax Commission). The tribunal has seven members appointed by the Governor and confirmed by the Michigan Senate. To appeal an assessment to the Michigan Tax Tribunal, an appeal must be filed on or before July 31 of the tax year involved for residential or agricultural property and by May 31 for other property.

The Residential and Small Claims Division of the Michigan Tax Tribunal hears appeals of agricultural and homeowner’s principal residence exemptions. An appeal must be filed within 35 days after the assessor, county treasurer, or county equalization director denies a claim for exemption. An appeal of a claim for a poverty exemption must be filed by June 30, if the claim was denied at the March board of review. A claim must be filed within 30 days if the July or December board of review (meetings held to correct errors in the roll) denies a claim of exemption.

There is no fee for the filing of a homeowner’s principal residence property tax appeal. The fees for filing other property tax appeals are on a scale determined by the amount of SEV in contention, with a minimum of $25.00.

To initiate an appeal to the Michigan Tax Tribunal, the property owner must file a petition with the Tribunal’s Small Claims Division. Petition forms can be found on the Michigan Tax Tribunal’s Small Claims Division website, http://www.michigan.gov/taxtrib/0,4677,7-187-67144-138224--,00.html. As of March 1, 2013, the Tribunal no longer accepts letters to initiate appeals.

PROPERTY TAX RATES

The tax rate, or millage, is the number of tax dollars the taxpayer must pay for each $1,000 of taxable value. This rate varies by local unit, but certain statewide constitutional and statutory restrictions exist. The rate may not exceed 15 mills ($15 per $1,000), split between a taxpayer’s county, township, and school districts, except in counties in which voters have approved rates of up to 18 mills. Excluded from these limitations are:

- Debt service taxes for all debts of local units approved by the electorate;
• For general law counties, townships and school districts, extra-voted millage rates up to 50 mills not to exceed 20 years; and

• Taxes imposed by those units having tax limitations provided by charter or general law (cities, villages, charter townships, charter counties, community colleges, intermediate school districts (for special education and vocational education mills only) and other charter authorities).

Property taxes can be determined by multiplying the total local millage rate by the taxable value of property. A mill equals one one-thousandth of a dollar ($1 of tax for each $1,000 of taxable value). For example, if the local millage rate is 32 mills ($32 per $1,000 of taxable value) and the taxable value is $100,000, the formula would be $32 x 100, for a property tax of $3,200. The Michigan Department of Treasury has a property tax estimator on its website, www.michigan.gov/treasury.

COLLECTION

Property taxes may be collected in the summer or the winter, or in some combination. Townships traditionally collect property taxes in the winter, but most cities collect property taxes in the summer. The six-mill state education tax is collected in the summer. School boards or intermediate school districts can request that a city or township collect half or all of their school taxes in the summer. County-allocated millages are collected in the summer and county extra-voted millages are collected in the winter.

TAX DEFERMENTS

There are several instances in which a taxpayer may have their payments for special assessments or summer or winter property taxes deferred.

SPECIAL ASSESSMENTS

A homeowner who is 65 years of age or older or who is totally and permanently disabled, and who is a citizen of the United States, a resident of this state for five or more years, the sole owner of a homestead for five or more years, and who meets household income standards, is eligible to defer special assessments on that homestead. The total amount of the special assessment to be deferred, exclusive of interest, cannot be less than $300.

For those who qualify for a special assessment deferment, the payment of the deferred special assessment by the owner, or the owner’s estate, will include an interest charge of 1 percent per month or fraction of a month. Special assessments will be deferred until one year after the owner’s death or until the homestead is sold, conveyed, or transferred to someone else. Death of a spouse, however, will not terminate the deferment for the surviving spouse, unless the surviving spouse remarries.

SUMMER OR WINTER PROPERTY TAX

A taxpayer who is a senior citizen (age 62 or over, including the unremarried surviving spouse of a person who was 62 years of age or older at the time of death), paraplegic, quadriplegic, hemiplegic, eligible serviceperson, eligible veteran, eligible widow or widower, or who is totally and permanently disabled or blind may be able to delay paying summer or winter taxes on his or her homestead if total household income in the prior taxable year did not exceed $40,000. Winter taxes may be deferred until May 1 of the first year of delinquency and summer taxes may be deferred until the following February 15. Subject to the approval of county boards of commissioners, property taxes deferred under this procedure shall not be subject to penalties or interest for the period of the deferment. This allows taxpayers to apply for and receive the homestead property tax credit before the taxes are due. Taxpayers can contact the county treasurer to determine if the deferment has been made available and to check qualifications.
FARMLAND AND OPEN SPACE TAX RELIEF

In 1974, the Michigan Legislature passed the Farmland and Open Space Preservation Act to alleviate the rapid and often premature conversion of land, uniquely suited for agriculture and open space, to more intensive uses. Updated in 1995, this program enables a landowner to voluntarily enter into a developmental rights agreement or a developmental rights easement with the state.

These agreements or easements ensure that enrolled lands (active farmland or certain open space lands are eligible) remain in a particular use for an agreed-upon period of time. In return for maintaining the land in a particular use, the landowner is entitled to certain property tax benefits.

To be eligible, the agricultural land must be actively farmed and must generally meet one of the following qualifications: be 40 or more acres in size; five to 40 acres in size with a minimum per-acre gross income of $200 per year; or a Department of Agriculture and Rural Development-designated “specialty farm” with a minimum gross annual income of $2,000. At least 51 percent of the land must be primarily devoted to an agricultural use, except for specialty farms.

SIGNIFICANT 2019 PROPERTY TAX DATES

December 31, 2018  Tax day for 2019 property tax assessments.
February 1, 2019  Notice by certified mail to all properties that are delinquent on their 2017 taxes.
February 14  Last day to pay property taxes without the imposition of a late penalty charge equal to 3 percent of the tax in addition to the property tax administration fee, if any.

The governing body may waive the penalty for the homestead property of a senior citizen, paraplegic, quadriplegic, hemiplegic, eligible service person, eligible veteran, eligible widow or widower, totally and permanently disabled or blind persons, if that person has filed a claim for a homestead property tax credit with the state treasurer before February 15. Also applies to a person whose property is subject to a farmland/development rights agreement if they present a copy of the development rights agreement or verification that the property is subject to the development rights agreement before February 15. If statements are not mailed by December 31, the local unit may not impose the 3 percent late penalty charge.

February 15  A local unit of government that collects a summer property tax shall defer the collection until this date for property which qualifies.
February 20  Deadline for taxpayer filing of personal property statement with assessor.
February 28  Last day for local treasurers to collect 2018 property taxes.
March 1  Properties with delinquent 2017 taxes forfeit to the county treasurer.

County property tax administration fee of 4 percent added to unpaid 2018 taxes and interest at 1 percent per month.

Local units to turn over 2018 delinquent taxes on real property to the county treasurer. On March 1 in each year, taxes levied in the immediately preceding year that remain unpaid shall be returned as delinquent for collection. However, if March 1 is on a Saturday, Sunday or legal holiday, the last day taxes are due and payable before being returned as delinquent is on the next business day.

March 11  The local Board of Review (BOR) must meet on the second Monday in March. This meeting must start not earlier than 9 a.m. and not later than 3 p.m. The BOR must meet one additional day during this week and shall hold at least three hours of its required sessions during the week of the second Monday in March after 6 p.m.

Note: The governing body of a city or township may authorize an alternative starting date for the second meeting of the March BOR, which can be either the Tuesday or Wednesday following the second Monday in March.

April 1  Last day to pay all forfeited 2016 delinquent taxes, interest, penalties and fees, unless an extension has been granted by the circuit court. If unpaid, title to properties foreclosed for 2016 real property taxes vests solely in the foreclosing governmental unit.
A TAXPAYER’S GUIDE

SIGNIFICANT 2019 PROPERTY TAX DATES (CONTINUED)

April 1 (continued) On or before the first Monday in April, the March BOR must complete their review of protests of assessed value, taxable value, property classification or denial by assessor of continuation of qualified agricultural property exemption.

May 1 Deadline for filing a PRE Active Duty Military affidavit to allow military personnel to retain a PRE for up to three years if they rent or lease their principal residence while away on active duty.

    Last day of deferral period for winter (December 1) property tax levies, if the deferral for qualified taxpayers was authorized by the county board of commissioners.

    Deadline for filing the Farmland affidavit (form 2599) with the local assessor if the property is NOT classified agricultural or if the assessor asks an owner to file it to determine whether the property includes structures that are not exempt.

May 31 Appeals of property classified as commercial real, industrial real, developmental real, commercial personal, industrial personal or utility personal must be made by filing a written petition with the Michigan Tax Tribunal on or before May 31 of the tax year involved.

By June 1 First notice sent to all properties that are delinquent on 2018 taxes.

June 1 Deadline for filing Homeowner’s Principal Residence Exemption affidavits (form 2368) for exemption from the summer tax levy of 18-mill school operating tax.

Deadline for filing the initial request (first year) of a Conditional Rescission of Principal Residence Exemption (form 4640) for the summer tax levy.

Note: Denial of a Homeowner’s Principal Residence exemption (PRE) may be appealed by the owner to the Small Claims Division of the Michigan Tax Tribunal (MTT) within 35 days after the date of the notice of denial.

June 3 Deadline for notifying protesting taxpayer in writing of BOR action.

June 28 Deadline for classification appeals to the State Tax Commission (STC). A classification appeal must be filed with the STC in writing on or before June 30. BORs must provide the taxpayer with the form to appeal their classification.

July 1 Taxes due and payable in those jurisdictions authorized to levy a summer tax. (Charter units may have a different due date.)

July 16 The July BOR may be convened to correct a qualified error.

For taxes levied before January 1, 2013, an owner of property that is a “Principal Residence” on May 1 may appeal to the July BOR in the year for which an exemption was claimed or in the immediately succeeding 3 years if the exemption was not on the tax roll. For taxes levied after December 31, 2012, an owner who owned and occupied a principal residence on June 1 or November 1 for which the exemption was not on the tax roll may file an appeal with the July Board of Review in the year for which the exemption was claimed or in the immediate succeeding three years if the exemption was not on the tax roll.

An owner of property that is Qualified Agricultural Property on May 1 may appeal to the July BOR for the current year and the immediately preceding year if the exemption was not on the tax roll.

    July BOR may hear appeals for current year only for poverty exemptions, but not poverty exemptions denied by the March BOR.

July 31 Appeals of property classified as residential real, agricultural real, timber-cutover real or agricultural personal must be made by filing a written petition with the MTT on or before July 31 of the tax year involved.

    A protest of assessed valuation or taxable valuation or the percentage of Qualified Agricultural Property exemption subsequent to BOR action, must be filed with the MTT, in writing on or before July 31.
SIGNIFICANT 2019 PROPERTY TAX DATES (CONTINUED)

**August 19**  
Deadline for taxpayer to file appeal directly with the MTT if final equalization multiplier exceeds tentative multiplier and a taxpayer’s assessment, as equalized, is in excess of 50 percent of true cash value. (By the third Monday in August.)

**By September 1**  
Second notice by first class mail to all properties that are delinquent on 2018 taxes.

**September 16**  
**Summer Taxes Due:** Summer taxes due, unless property is located in a city with a separate charter due date (Sept. 14).  
**September 14 is a Saturday**  
**September 15 is a Sunday**  
**Interest of 1 percent per month will accrue if the payment is late** for taxes that are part of the summer tax collection. Note: date may be different depending on the city charter.

**September 17**  
**Last day of deferral period for summer** property tax levies, if the deferral for qualified taxpayers was authorized by the county board of commissioners (September 15 or the time the tax would otherwise become subject to interest or late penalty).

**October 1**  
County treasurer adds $15 for each parcel of property for which the 2016 real property taxes remain unpaid.

**November 1**  
Deadline for filing Homeowner’s Principal Residence affidavits (form 2368) for exemption from the winter tax levy of 18-mill school operating tax.  
**Deadline for filing the initial request** (first year) of a **Conditional Rescission of Principal Residence** exemption (form 4640) for the winter tax levy.

**December 1**  
2019 taxes due and payable to local unit treasurer are a lien on real property. Charter cities or villages may provide for a different day.  
**MTT Note:**  
Appeal to the MTT of a contested tax bill must be filed within 60 days after the mailing of the tax bill that the taxpayer seeks to contest. (Limited to arithmetic errors.)

**December 10**  
**Special BOR meeting may be convened by assessing officer to correct qualified errors.**  
(Tuesday after the second Monday in December.)

**For taxes levied after December 31, 2011,** an owner who owned and occupied a principal residence on June 1 or November 1 for which the exemption was not on the tax roll may file an appeal with the December BOR in the year for which the exemption was claimed or the immediately succeeding 3 years.

An owner of property that is **Qualified Agricultural Property** on May 1 may appeal to the **December BOR** for the current year and the immediately preceding year if the exemption was not on the tax roll.

**December BOR to hear appeals for current year poverty exemptions only,** but not poverty exemptions denied by the March BOR.

**December 31, 2019**  
Tax day for 2020 property taxes.

**Deadline for an owner that had claimed a conditional rescission of a Principal Residence Exemption** to verify to the assessor that the property still meets the requirements for the conditional rescission through a second and third year annual verification of a Conditional Rescission of Principal Residence Exemption (PRE) (form 4640).
MICHIGAN INDIVIDUAL INCOME TAX

The Michigan individual income tax was first adopted in 1967. It is a direct flat-rate tax, which means that everyone is assessed the same tax rate (4.25 percent for 2017), regardless of their level of income.

The basis, or starting point, of calculating the Michigan income tax is an individual’s adjusted gross income (AGI) as determined on federal income tax forms, such as the 1040, 1040A, 1040EZ, or 1040NR. Various amounts are subtracted from, or added to, the federal AGI before Michigan income taxes are determined. After all appropriate exemptions, subtractions, and additions are applied, an individual’s tax liability is determined by multiplying their income by 4.25 percent. After the tax is calculated, an individual’s tax liability may be reduced—sometimes even beyond zero—by various tax credits. Tax credits are subtracted after taxes are calculated, while tax deductions are subtracted from income before taxes are determined.

TAX INFORMATION FOR TAX YEAR 2018

The following sections of the Taxpayer’s Guide provide general information on Michigan Individual Income tax exemptions, deductions, and credits for the 2018 tax year (i.e., for tax returns filed by the April 2018 deadline). The information provided here is meant only to supplement information provided by the Michigan Department of Treasury. Taxpayers should still consult with the official tax instruction booklets when calculating their state individual income tax liability.

STATE INCOME TAX EXEMPTIONS

Michigan taxpayers are allowed to take a number of exemptions, depending on the number of people in the taxpayer’s household, their ages, and other factors. These exemptions include:

- $4,050 personal exemption; and
- $4,050 for each dependent.

Special Exemptions

- $2,700 for each person or dependent in the household who is deaf, paraplegic, quadriplegic, hemiplegic, totally and permanently disabled, or blind; and
- $400 for each disabled veteran in the household.

ADDITIONS AND SUBTRACTIONS

Michigan law provides that some things that are not counted as income at the federal level, and therefore, are not included in the federal AGI, must be counted as income in Michigan. Similarly, some things included in the federal AGI are not counted as income under Michigan law and must be subtracted. These “additions” and “subtractions” from income are listed on the form entitled, “Michigan Schedule 1”. Additions to Michigan income include gross interest and dividends from obligations issued by other states, losses attributable to other states, and gains from Michigan.

Michigan subtractions from income include the following age-based deductions:

For a person born before 1946:

- The full amount of pension or retirement benefits received from a Michigan or U.S. government public retirement system.
- The full amount of Social Security benefits received.
- The full amount of retirement benefits received for service in the U.S. armed forces, or Michigan National Guard, and retirement benefits received under the Railroad Retirement Act.
- Pension or retirement benefits from a private pension are deductible to a maximum of $51,570 ($103,140 for a joint return). The amount of this deduction is reduced by the amount of any public or military pension benefits deducted.
- Any dividends, interest, and capital gains included in AGI. This subtraction is limited to $11,496 for taxpayers filing single or married filing separately or $22,991 for joint filers, less any deduction for retirement benefits.
For a person born January 1, 1946 through January 1, 1952:
• A deduction equal to $20,000 ($40,000 for a joint return) against all types of income (Schedule 1, Line 24). The deduction is increased by $15,000 if the taxpayer or spouse received retirement or pension benefits due to employment with a governmental agency that was exempt from the Social Security Act.
• The full amount of Social Security benefits received.
• The full amount of retirement benefits received for service in the U.S. armed forces or Michigan National Guard, and retirement benefits received under the Railroad Retirement Act.

For a person born after January 1, 1952 through December 31, 1952:
• A deduction for retirement or pension benefits equal to $20,000 ($40,000 for a joint return). The deduction is increased by $15,000 if the taxpayer or spouse received retirement or pension benefits due to employment with a governmental agency that was exempt from the Social Security Act.
• The full amount of Social Security benefits received.
• The full amount of retirement benefits received for service in the U.S. armed forces or Michigan National Guard, and retirement benefits received under the Railroad Retirement Act.

For a person born after 1952:
• Taxpayers born on or after January 1, 1953 but before January 2, 1957 who have reached the age of 62 and receive retirement benefits from employment exempt from Social Security may deduct up to $15,000 in qualifying retirement and pension benefits.
• Taxpayers who were born after 1952, received retirement benefits from the Social Security Act, and retired as of January 1, 2013 may deduct up to $35,000 in qualifying pension benefits if single or married filing separately or $55,000 if married filing jointly.
• The full amount of Social Security benefits received.
• The full amount of retirement benefits received for service in the U.S. armed forces or Michigan National Guard, and retirement benefits received under the Railroad Retirement Act.

Please see the appropriate official tax instruction booklet for a list of all the available deductions that may be subtracted from a taxpayer’s adjusted gross income.

**TAX CALCULATION**

After all applicable exemptions, additions, and subtractions are applied the Michigan individual income tax is calculated. The Michigan income tax rate is 4.25 percent for the 2018 tax year.

**STATE INCOME TAX CREDITS**

Michigan offers a number of tax credits that allow taxpayers to reduce their tax bill. Tax credits are subtracted after calculating the amount of taxes due. Depending on whether or not the credit is considered refundable, tax credits may even result in the state making a payment to the individual. Non-refundable credits can only reduce a taxpayer’s tax bill to zero, but cannot go beyond this point. Refundable credits, however, can go beyond zero. For example, a taxpayer calculates that they owe $500 in income taxes. However, they qualify for a non-refundable tax credit worth $700. Since the credit is non-refundable, the credit will reduce their tax liability to zero, and the state will not owe them any money. If, on the other hand, the tax credit is refundable, the state will pay, or refund, the difference between the tax bill (i.e., $500), and the amount of the credit, $700. This will result in the state issuing the taxpayer a check for $200.

The primary nonrefundable tax credit available to Michigan income tax filers is the credit for income taxes imposed and remitted to governments outside Michigan. There are also several refundable tax credits available to filers, including the farmland preservation credit. Three of Michigan’s major refundable tax credits—the homestead property tax credit, home heating credit, and earned income tax credit—are discussed on the following pages. Information on all refundable and nonrefundable tax credits can be found in the Michigan Department of Treasury’s official tax booklets.
HOMESTEAD PROPERTY TAX CREDIT

Michigan’s homestead property tax credit program is a way the state of Michigan helps offset a portion of the property taxes paid by Michigan homeowners and renters. Homeowners pay property taxes directly and renters pay them indirectly with their rent. The credit, for most people, is based on a comparison between total household resources and the property taxes, rent, or other fees paid on a Michigan homestead.

What is a homestead?

The term “homestead” is defined as the place where an individual lives, whether it is owned or rented, and includes a mobile home or lot in a mobile home park. An individual may have only one homestead at any given time, and they must occupy the property for it to be considered their homestead. Permanent occupants of a nursing home, foster care home, or home for the aged that is subject to property taxes, may consider the facility as their homestead.

What are total household resources?

Total household resources are the combined total income (taxable and nontaxable) of both spouses or of a single person maintaining a household. It is federal AGI, excluding net business and farm losses, net rent and royalty losses, and any carryover of a net operating loss, plus all income exempt or excluded from the federal AGI. Gains realized on the sale of a residence should be included, whether or not these gains are exempt from federal income tax.

Total household resources include the following:

- Capital gains on sales of your residence regardless of them being exempt from federal income tax.
- Compensation for damages to character or for personal injury or sickness.
- An inheritance (except an inheritance from your spouse).
- Proceeds of a life insurance policy paid on the death of the insured (except benefits from a policy on your spouse).
- Death benefits paid by or on behalf of an employer.
- Minister’s housing allowance.
- Forgiveness of debt, even if excluded from AGI (e.g., mortgage foreclosure).
- Reimbursement from dependent care and/or medical care spending accounts.
- Scholarships, stipends, grants, and payments made on your behalf, except government payments, made directly to third parties such as an educational institution or subsidized housing project.

Total household resources do NOT include:

- Net operating loss deductions taken on your federal return.
- Payments received by participants in the foster grandparent or senior companion program.
- Energy assistance grants.
- Government payments to a third party (e.g., a doctor, GI bill benefits and payments from a PELL grant). Note: If payment is made from money withheld from your benefit, the payment is part of total household resources. (For example, the MDHHS may pay your rent directly to the landlord.)
- Money received from a government unit to repair or improve your homestead.
- Surplus food or food assistance program benefits.
- State and city income tax refunds and homestead property tax credits.
- Chore service payments (these payments are income to the provider of the service).
• The first $300 from gambling, bingo, lottery, awards, or prizes.
• The first $300 in gifts of cash or merchandise received, or expenses paid on your behalf (rent, taxes, utilities, food, medical care, etc.) by parents, relatives, or friends.
• Amounts deducted from Social Security or Railroad Retirement benefits for Medicare premiums.
• Life, health, and accident insurance premiums paid by your employer.
• Loan proceeds.
• Inheritance from a spouse.
• Life insurance benefits from a spouse.
• Payments from a long-term care policy made to a nursing home or other care facility.
• Most payments from The Step Forward Michigan program.

**Taxpayers may reduce total household resources by subtracting:**
• Payments to IRAs, SEP, SIMPLE, or qualified plans.
• Moving expenses incurred by members of the Armed Forces on active duty and, due to a military order, move into or within Michigan because of a permanent change in station. Moving expenses when moving out of Michigan cannot be included in “Other Adjustments” to reduce total household resources.
• Student loan interest deduction.
• Deduction for self-employment tax.
• Self-employed health insurance deduction.
• Penalty on early withdrawal of savings.
• Alimony paid.
• Jury duty pay you gave to your employer.
• Archer Medical Savings Account (MSA) deduction.
• Health Savings Account (HSA) deductions.
• Medical insurance or HMO premiums you paid for yourself or your family (not Medicare), including medical insurance premiums paid through payroll deduction.
• Any other adjustments to gross income included on 2018 U.S. Form 1040.

For more information on total household resources, visit: [www.michigan.gov/taxtotalhouseholdresources](http://www.michigan.gov/taxtotalhouseholdresources).

**What property taxes, rental payments, and other fees are used to calculate the credit?**

For Michigan homeowners, property taxes used to calculate the credit are those for which the taxpayer received a bill in 2018, regardless of when the taxes were paid. Administration fees of 1 percent or less may be included, but not penalties or interest. Special assessments may be included only if they are based on taxable value and either applied to the entire taxing jurisdiction, or are levied for police, fire, or advanced life support in an entire township, except for the village portion of a township.

For other tax filers, the following information may be used to calculate the credit:
• Renters may count 23 percent of the rent paid, except renters of tax-exempt housing, who pay service fees instead of property taxes, may only count 10 percent of their rent.
• Persons living in a mobile home park may count the $3 per month specific tax and 23 percent of the amount they pay for lot rental less the specific tax.
• Permanent occupants of a nursing home, foster care home, or home for the aged that is subject to property taxes, may use the allocated share of the property taxes levied on the facility as taxes eligible for credit. Nursing home managers should have this information.
Single occupants of a nursing home or adult care facility who maintain an unrented homestead may claim either their homestead tax or their share of the facility’s property tax. Both may not be claimed. Filers who maintain a homestead and their spouse lives in an adult care facility may file a joint credit claim by combining their spouse’s share of the facility’s property tax and their homestead tax.

Property taxes on a homestead that is bought or sold during the year must be prorated according to the number of days occupied, regardless of any agreement entered into by the parties involved as to who shall pay the taxes.

**Who is not eligible for the credit?**

- Taxpayers whose property taxes, rent, or other fees as described above do not exceed 3.2 percent of their total household resources.
- Taxpayers with total household resources of more than $60,000.
- Taxpayers whose homestead has a taxable value greater than $135,000 (excluding the portion of a parcel of real property that is unoccupied and classified as agricultural).
- Persons whose total household resources consisted totally of Family Independence Program (FIP) assistance or Department of Health and Human Services (DHHS) benefits are not eligible for the credit. For persons who received a part of their income from these programs, their credit will be reduced by the percentage which their total household income was composed of FIP or DHHS benefits.

**How is the homestead property tax credit calculated?**

The value of the homestead property tax credit is calculated by comparing total household resources against property taxes, rent, or other fees as described above. The credit is available to taxpayers with total household resources of $60,000 or less, whose home is in Michigan, who resided in Michigan for at least six months in 2018, and whose homestead taxable value is not greater than $135,000.

The basis for the credit is the difference between property taxes, eligible rent, or other fees and a percentage (3.2 percent for most filers) of total household resources, up to a maximum of $1,500. Most filers do not receive the full amount of this difference as a credit, however, because the credit is adjusted based on household resources and whether the filer qualifies as a senior citizen or is disabled. The impacts of these adjustments are described in the next few paragraphs.

For most filers, the credit equals 60 percent of the difference between property taxes, eligible rent, or other fees and 3.2 percent of total household resources.

Senior citizens whose total household resources are $21,000 or less may receive 100 percent of the difference as a credit. Senior citizens whose total household resources are more than $21,000, but no more than $30,000, are eligible for a reduced percentage of the difference. The credit percentage is reduced by 4 percent for each $1,000 (or part of $1,000) that total household resources exceed $21,000. For senior citizens whose total household resources are between $30,001 and $51,000, the credit is 60 percent of the difference.

For filers who are permanently disabled, paraplegic, hemiplegic, quadriplegic, or deaf, and whose total household resources are $51,000 or less, the credit is equal to 100 percent of the difference, i.e., 100 percent of the difference between property taxes, eligible rent, or other fees and the appropriate percentage of total household resources (again, generally 3.2 percent) up to a maximum of $1,500.

The credit is reduced for all filers, including senior citizens and the disabled, if the filer’s total household resources exceed $51,000. The reduction is equal to 10 percent for each $1,000 (or part of $1,000) above $51,000 until total household resources reach $60,000. Persons with total household resources above $60,000 are not eligible for the homestead property tax credit.

The following examples provide a better illustration of how the homestead property tax credit is calculated. The official tax booklets provided by the Michigan Department of Treasury should be consulted when applying for this credit.
A TAXPAYER’S GUIDE

EXAMPLES OF COMPUTING THE CREDIT

Example 1: The following is an example of how the credit would be figured for a senior citizen whose total household resources in 2018 were $21,000 or less. Mr. and Mrs. Smith’s total household resources were $20,000, qualifying them for 100% of the credit. Their property tax bill for 2018 was $1,500.

The credit is computed by multiplying total household resources ($20,000) by 3.2% (.032). The credit is worth the amount of property taxes that exceed this amount as follows:

\[
20,000 \times 0.032 = 640
\]

Are property taxes greater than this amount? Yes

What is the difference between property taxes ($1,500) and $640? $860

The tax credit is: $860

Example 2: Another example is provided for a senior citizen with total household resources of $25,000 and property taxes of $2,100, qualifying for less than 100% of the credit but more than 60%.

\[
25,000 \times 0.032 = 800
\]

Are property taxes greater than this amount? Yes

What is the difference between property taxes ($2,100) and $800? $1,300

Amount Total Household Resources exceed $21,000? $4,000

Reduce credit by 16% (4% for each $1,000 of total household resources over $21,000) to 84%

Amount of Credit: $1,300 – (16% x $1,300) = $1,092

Example 3: Mr. and Mrs. Jones are senior citizens whose total household resources were $35,000. They paid $600 per month in rent for 12 months. If 23% of the total rent they paid in 2018 is more than 3.2% of their household income, the excess is multiplied by 60% to determine the credit as follows:

\[
35,000 \times 0.032 = 1,120
\]

What is 23% of their 2018 rent? $1,656

Is 23% of rent paid greater than this amount? Yes

What is the difference between 23% of rent and $1,120? $536

Multiply $536 by 60%

The tax credit is: $322

FILING THE HOMESTEAD PROPERTY TAX CREDIT

There are two forms that may be used to file the homestead property tax credit. Most taxpayers should use form MI-1040CR to calculate the credit. However, taxpayers who are active military, veterans, a surviving spouse of a veteran, or totally blind and own their homestead, may file form MI-1040CR-2, which uses an alternative method to calculate the credit. These taxpayers should use the form that provides the larger credit.

All individuals claiming a refund should file their claim with their Michigan income tax return. The 2018 Michigan income tax return is due April 15, 2019.

The period for amending a claim for a homestead property tax credit is four years from the date set for filing the original claim. Those individuals who do not have to file a Michigan income tax return, but who are eligible for property tax relief, should file the homestead property tax claim as soon as the amounts of 2018 homestead property taxes and household income are known.
HOME HEATING CREDITS

The home heating tax credit is available to households that are at or near the poverty level as defined by the federal government. This credit is different from other credits in that its value must be applied to heating costs, and it is funded federally. The credit is available to renters or homeowners, including mobile home renters or owners, whose total household resources are at or below certain limits based on the number of exemptions the taxpayer is allowed. Household resources are calculated the same as for the homestead property tax credit. The number of exemptions that should be used to compute the credit include a personal exemption for each person in the household. Additional exemptions are available for each person in the household who is disabled or is a qualified disabled veteran.

There are two methods available for computing a home heating credit: the standard method, and for individuals with very low household resources and high heating costs, an alternative formula.

STANDARD METHOD

In calculating the credit using the standard method, the amount of the home heating tax credit is determined by first figuring the amount of total household resources and the number of exemptions. Then, the following table is used to find the standard allowance (the maximum credit permitted) for the total exemptions claimed.

<table>
<thead>
<tr>
<th>Number of Exemptions</th>
<th>Standard Allowance</th>
<th>Household Resources Ceiling</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 or 1</td>
<td>$468</td>
<td>$13,357</td>
</tr>
<tr>
<td>2</td>
<td>$635</td>
<td>$18,129</td>
</tr>
<tr>
<td>3</td>
<td>$801</td>
<td>$22,871</td>
</tr>
<tr>
<td>4</td>
<td>$967</td>
<td>$27,614</td>
</tr>
<tr>
<td>5</td>
<td>$1,134</td>
<td>$32,386</td>
</tr>
<tr>
<td>6</td>
<td>$1,300</td>
<td>$37,126</td>
</tr>
</tbody>
</table>

For each additional exemption, $4,743 is added to household resources and $166 is added to the standard allowance.

Across from the number of exemptions is the standard allowance. The credit is the standard allowance minus 3.5 percent of total household resources. The home heating credit is funded by a block grant from the federal government. In order to limit credits to the available amount of federal funding, 2018 credits will be multiplied by a proration factor of 75 percent. Claimants with heat included in rent are eligible for only 50 percent of the standard credit amount, which is then reduced by the proration factor, i.e., 75 percent. Credits are not available for those whose household income exceeds the amount in the household income ceiling column at the right of the table.

EXAMPLE CALCULATION OF STANDARD CREDIT

John and Mary Smith are both senior citizens who are homeowners. They had total household resources of $12,000. They were entitled to two exemptions.

<table>
<thead>
<tr>
<th>Standard Allowance</th>
<th>$635.00</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less: 3.5% of household income (.035 x $12,000)</td>
<td>$420.00</td>
</tr>
<tr>
<td>Home Heating Credit Subtotal</td>
<td>215.00</td>
</tr>
<tr>
<td>Proration Factor</td>
<td>x 0.75</td>
</tr>
<tr>
<td>Credit Available (rounded to the nearest dollar)</td>
<td>$161.00</td>
</tr>
</tbody>
</table>
ALTERNATIVE METHOD

As stated above, the alternative method is for individuals with very low incomes and high heating costs. Only those whose household income does not exceed the maximums specified in the table below (based on the number of exemptions for which they are eligible) can qualify for the alternative credit formula.

<table>
<thead>
<tr>
<th>Number of Exemptions</th>
<th>Maximum Household Resources</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 or 1</td>
<td>$14,472</td>
</tr>
<tr>
<td>2</td>
<td>$19,475</td>
</tr>
<tr>
<td>3</td>
<td>$24,483</td>
</tr>
<tr>
<td>4 or more</td>
<td>$24,918</td>
</tr>
</tbody>
</table>

To compute the alternative credit, total heating costs for the 12 consecutive monthly billing periods from November 2017 to October 2018 must be determined (maximum heating costs allowed in 2018 is $2,741). Then the total heating costs are reduced by 11 percent of household income. The home heating credit will be 70 percent of this amount. For the 2018 tax year, credits will be multiplied by a proration factor of 75 percent. The alternative credit is not available to those whose heat is included in rent or for claims of less than 12 months.

EXAMPLE CALCULATION OF ALTERNATIVE CREDIT

Bill and Helen Jones had a household income of $7,500 and were entitled to three exemptions. Their total heating cost was $1,500.

Fuel cost: $1,500.00
Less 11% of household income (.11 x $7,500): $825.00
Balance: $675.00
Multiply by 70%: x $ .70
Home Heating Credit Subtotal: $472.50
Proration Factor: x 0.75
Home Heating Credit (rounded to the nearest dollar): $354.00

Even if you qualify for the alternative credit, you should also calculate your credit using the standard method and claim the larger credit.

RECEIVING THE HOME HEATING CREDIT

Instead of receiving a credit against taxes owed, or a refund of money from the state, most people receiving the home heating credit receive an energy draft to use as payment toward current and future heating bills. Energy drafts can be used only to pay heating bills in the taxpayer’s name and may not be cashed. For some people, the Michigan Department of Treasury will send their credit directly to their heating provider. Those whose heating costs are included in rent or whose heating services are in someone else’s name will receive checks. Michigan residents can apply for the home heating credit by filling out form MI-1040CR-7. The home heating credit is available even for those who do not have to file a Michigan tax return. The home heating credit is available January 1, 2019 through September 30, 2019.
EARNED INCOME TAX CREDITS

Michigan’s Earned Income Tax Credit (EITC) helps working families keep more of their paycheck. The Michigan EITC is based on the federal Earned Income Tax Credit program. Michigan taxpayers who are eligible for the federal EITC are automatically eligible for the Michigan EITC. For tax year 2018, the Michigan EITC equals 6 percent of the federal EITC.

VOLUNTARY CONTRIBUTIONS SCHEDULE

Michigan’s Voluntary Contributions Schedule, found on Form 4642, allows taxpayers to make direct contributions to a number of charities. The contribution will increase the taxpayer’s tax liability or reduce their refund. For tax year 2018, contributions can be made to following charitable entities:

American Red Cross Michigan Fund – to support emergency-related relief efforts and help military families and veterans cope and respond to service-related challenges.

Animal Welfare Fund – to help finance the costs for protecting and caring for animals that have been subjected to cruelty or neglect.

Children’s Trust Fund – Supporting and Strengthening Families in Michigan – to provide education to parents, adults, and children that helps eliminate preventable injuries, improve nutrition, and prevent sexual abuse and trauma.

Military Family Relief Fund – to provide assistance to needy families of Michigan military personnel serving on active duty.

United Way Fund – to improve the lives of Michigan residents by mobilizing the caring power of communities to provide for basic needs, including, but not limited to, food, clothing, and shelter.

Fostering Futures Scholarship Trust Fund – to provide scholarships to young adults who have experienced foster care to help them achieve a college education. Scholarships are awarded via an application process and paid directly to the students’ college or university to assist with tuition, fees, room, board, books, and supplies.

Kiwanis Fund – to help fund local clubs’ leadership programs, hunger prevention programs, scholarships, reading programs, and grants for children and families.

Lions of Michigan Foundation Fund – to support services aimed at helping children and adults with sight and hearing deficiencies excel in school, retain employment, and maintain self-sufficiency.

The Michigan WWII Legacy Memorial Fund – to support the state’s tribute to Michigan residents who served in World War II.

FILING INCOME TAX RETURNS

The individual income tax filing deadline in Michigan is April 15, 2019. Forms may be filed by mail or electronically. The Michigan Department of Treasury encourages electronic filing, called e-file, because it costs 83 percent less to process than paper forms. Taxpayers who use e-file and are due refunds can get their refunds faster than with a paper return. Taxpayers who have a balance due can file their returns electronically before the filing deadline. However, they do not have to send their payments until April 15, 2019.
Home heating credit forms can be filed up until September 30, 2019, and it does not require the tax filer to have paid income taxes or submit the Michigan Individual Income Tax form.

Most taxpayers have the option of having their income tax refund deposited directly into their bank accounts.

Taxpayers may request a 180-day extension of the deadline to file taxes. An extension of time to file the federal return automatically extends the time to file the Michigan return. An extension of time to file is not an extension of time to pay, however. Interest and penalties will accrue during the extension. Taxpayers who are unable to submit the entire payment by April 15th can make late or partial payments.

Instructions for Form 4642, Voluntary Contributions Schedule

Michigan taxpayers can contribute $5, $10, or more to any of the following funds on the Voluntary Contributions Schedule (Form 4642). Contributions to these funds will increase your tax liability or reduce your refund.

**American Red Cross Michigan Fund**

The American Red Cross is always there for you and your community, helping to alleviate suffering caused by disasters big and small. The Red Cross shelters, and provides emotional support to Michigan residents and beyond; supplies about 40 percent of the nation’s blood; teaches skills that save lives; provides international humanitarian aid; and supports military members and their families. By mobilizing the power of volunteers and the generosity of donors, the Red Cross responds to more than 60,000 disasters annually. In Michigan, last year more than 6,000 volunteers logged more than 200,000 hours assisting others. On average 91 cents of every dollar the Red Cross spends is invested in humanitarian services.

**Animal Welfare Fund**

The outside world can be a harsh, scary place for homeless pets. And throughout Michigan, small towns and big cities alike struggle to find the resources they need to provide medical care to the animals they rescue. Through the Animal Welfare Fund, the Michigan Department of Agriculture and Rural Development (MDARD) offers grants to Michigan’s registered animal shelters to help support spaying and neutering programs for shelter dogs and cats up for adoption. Grants also help support many anti-cruelty and proper care programs around the state. Shelters also use grant monies from your generous donations to help care for animals that are seized as part of animal cruelty cases.

**Children's Trust Fund - Prevent Child Abuse Michigan**

The Children’s Trust Fund (CTF) supports services throughout Michigan to prevent child abuse and neglect. CTF funds home visitation services; respite care; services for families with incarcerated family members; and parenting education and support. CTF supports a statewide network of local Child Abuse and Neglect Prevention Councils. Examples of local Council work are teaching professionals about mandated reporting; teaching parents and caregivers about infant head trauma prevention and infant safe sleep practices; and establishing baby pantries to provide diapers, formula, and clothing. In the coming year, CTF and its local Councils will lead statewide efforts to build local responses to the opioid crisis.

**Fostering Futures Scholarship Trust Fund**

Fostering Futures Scholarship provides scholarships to young adults who have experienced foster care to help them achieve a college education. Approximately 13,500 students are in the Michigan foster care system and many students do not have family support after they age out of the system. Nationally, about 75 percent of students express a desire to attend college, less than 10 percent enroll in college and less than three percent graduate college. Scholarships are awarded via an application process and paid directly to the students’ college or university to assist with tuition, fees, room, board, books and supplies. For more information visit www.fosteringfutures-mi.com.

**Kiwanis Fund**

Kids need Kiwanis! Kiwanis clubs around the world, work to impact the lives of the children and families within their communities through leadership programs, hunger prevention, scholarships, reading programs, grants and so much more. Every Kiwanis club is unique because we cater our programs to the unique needs of the kids in our local communities. Your donation will be given to a club in your area and used entirely for our programs, keeping your contribution and its impact local. For more information about Kiwanis, go to www.MiKiwanis.org

**Lions of Michigan Foundation Fund**

The Lions of Michigan Foundation is a Public Charity that was created in the early 1980's to help Lions Clubs provide services in Michigan communities. The organization is dedicated to the improvement of the quality of life of people in Michigan with unmet needs.

Lions of Michigan Foundation works together with Michigan Lions Clubs and other charities to deliver services aimed at helping children and adults with sight and hearing deficiencies excel in school, retain employment and maintain self-sufficiency.

**The Michigan WWII Legacy Memorial Fund**

Honor Michigan residents who served in World War II. Officially recognized as the state’s tribute to its contributions during the war, the memorial will span three quarters of an acre and provide a year-round destination to tell Michigan’s unique story and educate future generations.

More than 600,000 Michigan residents served on the war front while countless others served on the home front producing necessary planes, tanks Jeeps and K-rations. Help us pay tribute to the legacy of Michigan’s Greatest Generation who sacrificed so all are inspired by the values, ideals and deeds that ensured our freedom today. The goal for dedication is 2020. The time to support is now. Don’t let our heroes fade away. www.michiganww2memorial.org

**Military Family Relief Fund**

The Military Family Relief Fund provides grants to qualifying families of military members in either the Michigan National Guard or Reserves who are called to active duty as a result of the national response to the September 11, 2001 terrorist attacks.

**United Way Fund**

Contributions to the United Way Fund (of America) will be used to improve the lives of Michigan residents by mobilizing the caring power of communities to provide for basic needs, including, but not limited to, food, clothing, and shelter.
