

# HOUSE BILL No. 6180

September 23, 1998, Introduced by Reps. Jelinek, Hammerstrom, Jellema and Voorhees and referred to the Committee on Tax Policy.

A bill to amend 1893 PA 206, entitled "The general property tax act," by amending section 34d (MCL 211.34d), as amended by 1996 PA 476.

## THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1       Sec. 34d. (1) As used in this section or section 27a, or  
2 section 3 or 31 of article IX of the state constitution of 1963:

3       (a) For taxes levied before 1995, "additions" means all  
4 increases in value caused by new construction or a physical addi-  
5 tion of equipment or furnishings, and the value of property that  
6 was exempt from taxes or not included on the assessment unit's  
7 immediately preceding year's assessment roll.

8       (b) For taxes levied after 1994, "additions" means, except  
9 as provided in subdivision (c), all of the following:

1           (i) Omitted real property. As used in this subparagraph,  
2 "omitted real property" means previously existing tangible real  
3 property not included in the assessment. Omitted real property  
4 shall not increase taxable value as an addition unless the  
5 assessing jurisdiction has a property record card or other docu-  
6 mentation showing that the omitted real property was not previ-  
7 ously included in the assessment. The assessing jurisdiction has  
8 the burden of proof in establishing whether the omitted real  
9 property is included in the assessment. Omitted real property  
10 for the current and the 2 immediately preceding years, discovered  
11 after the assessment roll has been completed, shall be added to  
12 the tax roll pursuant to the procedures established in section  
13 154. For purposes of determining the taxable value of real prop-  
14 erty under section 27a, the value of omitted real property is  
15 based on the value and the ratio of taxable value to true cash  
16 value the omitted real property would have had if the property  
17 had not been omitted.

18           (ii) Omitted personal property. As used in this subpara-  
19 graph, "omitted personal property" means previously existing tan-  
20 gible personal property not included in the assessment. Omitted  
21 personal property shall be added to the tax roll pursuant to sec-  
22 tion 154.

23           (iii) New construction. As used in this subparagraph, SUB-  
24 PARAGRAPH (ix), AND SUBDIVISION (C)(iv), "new construction" means  
25 property not in existence on the immediately preceding tax day  
26 and not replacement construction. New construction includes the  
27 physical addition of equipment or furnishings, subject to the

1 provisions set forth in section 27(2)(a) to (o). For purposes of  
2 determining the taxable value of property under section 27a, the  
3 value of new construction is the true cash value of the new con-  
4 struction multiplied by 0.50.

5 (iv) Previously exempt property. As used in this subpara-  
6 graph, "previously exempt property" means property that was  
7 exempt from ad valorem taxation under this act on the immediately  
8 preceding tax day but is subject to ad valorem taxation on the  
9 current tax day under this act. For purposes of determining the  
10 taxable value of real property under section 27a:

11 (A) The value of property previously exempt under section 7u  
12 is the taxable value the entire parcel of property would have had  
13 if that property had not been exempt, minus the product of the  
14 entire parcel's taxable value in the immediately preceding year  
15 and the lesser of 1.05 or the inflation rate.

16 (B) The taxable value of property that is a facility as that  
17 term is defined in section 2 of ~~Act No. 198 of the Public Acts~~  
18 ~~of 1974, being section 207.552 of the Michigan Compiled Laws~~  
19 1974 PA 198, MCL 207.552, that was previously exempt under  
20 section 7k is the taxable value that property would have had  
21 under this act if it had not been exempt.

22 (C) The value of property previously exempt under any other  
23 section of law is the true cash value of the previously exempt  
24 property multiplied by 0.50.

25 (v) Replacement construction. As used in this subparagraph,  
26 "replacement construction" means construction that replaced  
27 property damaged or destroyed by accident or act of God and that

1 occurred after the immediately preceding tax day to the extent  
2 the construction's true cash value does not exceed the true cash  
3 value of property that was damaged or destroyed by accident or  
4 act of God in the immediately preceding 3 years. For purposes of  
5 determining the taxable value of property under section 27a, the  
6 value of the replacement construction is the true cash value of  
7 the replacement construction multiplied by a fraction the numera-  
8 tor of which is the taxable value of the property to which the  
9 construction was added in the immediately preceding year and the  
10 denominator of which is the true cash value of the property to  
11 which the construction was added in the immediately preceding  
12 year, and then multiplied by the lesser of 1.05 or the inflation  
13 rate.

14 (vi) An increase in taxable value attributable to the com-  
15 plete or partial remediation of environmental contamination  
16 existing on the immediately preceding tax day. The department of  
17 environmental quality shall determine the degree of remediation  
18 based on information available in existing department of environ-  
19 mental quality records or information made available to the  
20 department of environmental quality if the appropriate assessing  
21 officer for a local tax collecting unit requests that  
22 determination. The increase in taxable value attributable to the  
23 remediation is the increase in true cash value attributable to  
24 the remediation multiplied by a fraction the numerator of which  
25 is the taxable value of the property had it not been contaminated  
26 and the denominator of which is the true cash value of the  
27 property had it not been contaminated.

1           (vii) An increase in the value attributable to the  
2 property's occupancy rate if either a loss, as that term is  
3 defined in this section, had been previously allowed because of a  
4 decrease in the property's occupancy rate or if the value of new  
5 construction was reduced because of a below-market occupancy  
6 rate. For purposes of determining the taxable value of property  
7 under section 27a, the value of an addition for the increased  
8 occupancy rate is the product of the increase in the true cash  
9 value of the property attributable to the increased occupancy  
10 rate multiplied by a fraction the numerator of which is the tax-  
11 able value of the property in the immediately preceding year and  
12 the denominator of which is the true cash value of the property  
13 in the immediately preceding year, and then multiplied by the  
14 lesser of 1.05 or the inflation rate.

15           (viii) Public services. As used in this subparagraph,  
16 "public services" means water service, sewer service, a primary  
17 access road, natural gas service, electrical service, telephone  
18 service, sidewalks, or street lighting. For purposes of deter-  
19 mining the taxable value of real property under section 27a, the  
20 value of public services is the amount of increase in true cash  
21 value of the property attributable to the available public serv-  
22 ices multiplied by 0.50 and shall be added in the calendar year  
23 following the calendar year when those public services are ini-  
24 tially available.

25           (ix) NEW CONSTRUCTION, A MOBILE HOME ASSESSABLE AS REAL  
26 PROPERTY UNDER SECTION 2A, OR SIMILAR STRUCTURE, NOT PREVIOUSLY  
27 CONSIDERED AN ADDITION PURSUANT TO SUBDIVISION (C)(iv), IF THE

1 FAMILY MEMBER WHO OCCUPIED THE NEW CONSTRUCTION, MOBILE HOME, OR  
2 SIMILAR STRUCTURE HAS NOT OCCUPIED THE NEW CONSTRUCTION, MOBILE  
3 HOME, OR SIMILAR STRUCTURE FOR 6 MONTHS OR MORE.

4 (c) For taxes levied after 1994, additions do not include  
5 increased value attributable to any of the following:

6 (i) Platting, splits, or combinations of property.

7 (ii) A change in the zoning of property.

8 (iii) For the purposes of the calculation of the millage  
9 reduction fraction under subsection (7) only, increased taxable  
10 value under section 27a(3) after a transfer of ownership of  
11 property.

12 (iv) NEW CONSTRUCTION, A MOBILE HOME ASSESSABLE AS REAL  
13 PROPERTY UNDER SECTION 2A, OR SIMILAR STRUCTURE, IF IT IS OCCU-  
14 PIED OR WILL BE OCCUPIED BY A FAMILY MEMBER WHO IS 62 YEARS OF  
15 AGE OR OLDER.

16 (d) "Assessed valuation of property as finally equalized"  
17 means taxable value under section 27a.

18 (e) "Financial officer" means the officer responsible for  
19 preparing the budget of a unit of local government.

20 (f) "General price level" means the annual average of the 12  
21 monthly values for the United States consumer price index for all  
22 urban consumers as defined and officially reported by the United  
23 States department of labor, bureau of labor statistics.

24 (g) For taxes levied before 1995, "losses" means a decrease  
25 in value caused by the removal or destruction of real or personal  
26 property and the value of property taxed in the immediately

1 preceding year that has been exempted or removed from the  
2 assessment unit's assessment roll.

3 (h) For taxes levied after 1994, "losses" means, except as  
4 provided in subdivision (i), all of the following:

5 (i) Property that has been destroyed or removed. For pur-  
6 poses of determining the taxable value of property under section  
7 27a, the value of property destroyed or removed is the product of  
8 the true cash value of that property multiplied by a fraction the  
9 numerator of which is the taxable value of that property in the  
10 immediately preceding year and the denominator of which is the  
11 true cash value of that property in the immediately preceding  
12 year.

13 (ii) Property that was subject to ad valorem taxation under  
14 this act in the immediately preceding year that is now exempt  
15 from ad valorem taxation under this act. For purposes of deter-  
16 mining the taxable value of property under section 27a, the value  
17 of property exempted from ad valorem taxation under this act is  
18 the amount exempted.

19 (iii) An adjustment in value, if any, because of a decrease  
20 in the property's occupancy rate, to the extent provided by law.  
21 For purposes of determining the taxable value of real property  
22 under section 27a, the value of a loss for a decrease in the  
23 property's occupancy rate is the product of the decrease in the  
24 true cash value of the property attributable to the decreased  
25 occupancy rate multiplied by a fraction the numerator of which is  
26 the taxable value of the property in the immediately preceding

1 year and the denominator of which is the true cash value of the  
2 property in the immediately preceding year.

3       (iv) A decrease in taxable value attributable to environmen-  
4 tal contamination existing on the immediately preceding tax day.  
5 The department of environmental quality shall determine the  
6 degree to which environmental contamination limits the use of  
7 property based on information available in existing department of  
8 environmental quality records or information made available to  
9 the department of environmental quality if the appropriate  
10 assessing officer for a local tax collecting unit requests that  
11 determination. The department of environmental quality's deter-  
12 mination of the degree to which environmental contamination  
13 limits the use of property shall be based on the criteria estab-  
14 lished for the ~~classifications~~ CATEGORIES set forth in section  
15 20120a(1) of part 201 (environmental remediation) of the natural  
16 resources and environmental protection act, ~~Act No. 451 of the~~  
17 ~~Public Acts of 1994, being section 324.20120a of the Michigan~~  
18 ~~Compiled Laws~~ 1994 PA 451, MCL 324.20120A. The decrease in tax-  
19 able value attributable to the contamination is the decrease in  
20 true cash value attributable to the contamination multiplied by a  
21 fraction the numerator of which is the taxable value of the prop-  
22 erty had it not been contaminated and the denominator of which is  
23 the true cash value of the property had it not been  
24 contaminated.

25       (i) For taxes levied after 1994, losses do not include  
26 decreased value attributable to either of the following:

- 1       (i) Platting, splits, or combinations of property.
- 2       (ii) A change in the zoning of property.
- 3       (j) "New construction and improvements" means additions less  
4 losses.
- 5       (k) "Current year" means the year for which the millage lim-  
6 itation is being calculated.
- 7       (l) "Inflation rate" means the ratio of the general price  
8 level for the state fiscal year ending in the calendar year imme-  
9 diately preceding the current year divided by the general price  
10 level for the state fiscal year ending in the calendar year  
11 before the year immediately preceding the current year.
- 12       (2) On or before the first Monday in May of each year, the  
13 assessing officer of each township or city shall tabulate the  
14 tentative taxable value as approved by the local board of review  
15 and as modified by county equalization for each classification of  
16 property that is separately equalized for each unit of local gov-  
17 ernment and provide the tabulated tentative taxable values to the  
18 county equalization director. The tabulation by the assessing  
19 officer shall contain additions and losses for each classifica-  
20 tion of property that is separately equalized for each unit of  
21 local government or part of a unit of local government in the  
22 township or city. If as a result of state equalization the tax-  
23 able value of property changes, the assessing officer of each  
24 township or city shall revise the calculations required by this  
25 subsection on or before the Friday following the fourth Monday in  
26 May. The county equalization director shall compute these  
27 amounts and the current and immediately preceding year's taxable

1 values for each classification of property that is separately  
2 equalized for each unit of local government that levies taxes  
3 under this act within the boundary of the county. The county  
4 equalization director shall cooperate with equalization directors  
5 of neighboring counties, as necessary, to make the computation  
6 for units of local government located in more than 1 county. The  
7 county equalization director shall calculate the millage reduc-  
8 tion fraction for each unit of local government in the county for  
9 the current year. The financial officer for each taxing juris-  
10 diction shall calculate the compounded millage reduction frac-  
11 tions beginning in 1980 resulting from the multiplication of suc-  
12 cessive millage reduction fractions and shall recognize a local  
13 voter action to increase the compounded millage reduction frac-  
14 tion to a maximum of 1 as a new beginning fraction. Upon request  
15 of the superintendent of the intermediate school district, the  
16 county equalization director shall transmit the complete computa-  
17 tions of the taxable values to the superintendent of the interme-  
18 diate school district within that county. At the request of the  
19 presidents of community colleges, the county equalization direc-  
20 tor shall transmit the complete computations of the taxable  
21 values to the presidents of community colleges within the  
22 county.

23 (3) On or before the first Monday in June of each year, the  
24 county equalization director shall deliver the statement of the  
25 computations signed by the county equalization director to the  
26 county treasurer.

1 (4) On or before the second Monday in June of each year, the  
2 treasurer of each county shall certify the immediately preceding  
3 year's taxable values, the current year's taxable values, the  
4 amount of additions and losses for the current year, and the cur-  
5 rent year's millage reduction fraction for each unit of local  
6 government that levies a property tax in the county.

7 (5) The financial officer of each unit of local government  
8 shall make the computation of the tax rate using the data certi-  
9 fied by the county treasurer and the state tax commission. At  
10 the annual session in October, the county board of commissioners  
11 shall not authorize the levy of a tax unless the governing body  
12 of the taxing jurisdiction has certified that the requested mill-  
13 age has been reduced, if necessary, in compliance with section 31  
14 of article IX of the state constitution of 1963.

15 (6) The number of mills permitted to be levied in a tax year  
16 is limited as provided in this section pursuant to section 31 of  
17 article IX of the state constitution of 1963. A unit of local  
18 government shall not levy a tax rate greater than the rate deter-  
19 mined by reducing its maximum rate or rates authorized by law or  
20 charter by a millage reduction fraction as provided in this sec-  
21 tion without voter approval.

22 (7) A millage reduction fraction shall be determined for  
23 each year for each local unit of government. For ad valorem  
24 property taxes that became a lien before January 1, 1983, the  
25 numerator of the fraction shall be the total state equalized val-  
26 uation for the immediately preceding year multiplied by the  
27 inflation rate and the denominator of the fraction shall be the

1 total state equalized valuation for the current year minus new  
2 construction and improvements. For ad valorem property taxes  
3 that become a lien after December 31, 1982 and through  
4 December 31, 1994, the numerator of the fraction shall be the  
5 product of the difference between the total state equalized valu-  
6 ation for the immediately preceding year minus losses multiplied  
7 by the inflation rate and the denominator of the fraction shall  
8 be the total state equalized valuation for the current year minus  
9 additions. For ad valorem property taxes that are levied after  
10 December 31, 1994, the numerator of the fraction shall be the  
11 product of the difference between the total taxable value for the  
12 immediately preceding year minus losses multiplied by the infla-  
13 tion rate and the denominator of the fraction shall be the total  
14 taxable value for the current year minus additions. For each  
15 year after 1993, a millage reduction fraction shall not exceed  
16 1.

17 (8) The compounded millage reduction fraction for each year  
18 after 1980 shall be calculated by multiplying the local unit's  
19 previous year's compounded millage reduction fraction by the cur-  
20 rent year's millage reduction fraction. Beginning with 1980 tax  
21 levies, the compounded millage reduction fraction for the year  
22 shall be multiplied by the maximum millage rate authorized by law  
23 or charter for the unit of local government for the year, except  
24 as provided by subsection (9). A compounded millage reduction  
25 fraction shall not exceed 1.

26 (9) The millage reduction shall be determined separately for  
27 authorized millage approved by the voters. The limitation on

1 millage authorized by the voters on or before May 31 of a year  
2 shall be calculated beginning with the millage reduction fraction  
3 for that year. Millage authorized by the voters after May 31  
4 shall not be subject to a millage reduction until the year fol-  
5 lowing the voter authorization which shall be calculated begin-  
6 ning with the millage reduction fraction for the year following  
7 the authorization. The first millage reduction fraction used in  
8 calculating the limitation on millage approved by the voters  
9 after January 1, 1979 shall not exceed 1.

10 (10) A millage reduction fraction shall be applied sepa-  
11 rately to the aggregate maximum millage rate authorized by a  
12 charter and to each maximum millage rate authorized by state law  
13 for a specific purpose.

14 (11) A unit of local government may submit to the voters for  
15 their approval the levy in that year of a tax rate in excess of  
16 the limit set by this section. The ballot question shall ask the  
17 voters to approve the levy of a specific number of mills in  
18 excess of the limit. The provisions of this section do not allow  
19 the levy of a millage rate in excess of the maximum rate autho-  
20 rized by law or charter. If the authorization to levy millage  
21 expires after 1993 and a local governmental unit is asking voters  
22 to renew the authorization to levy the millage, the ballot ques-  
23 tion shall ask for renewed authorization for the number of expir-  
24 ing mills as reduced by the millage reduction required by this  
25 section. If the election occurs before June 1 of a year, the  
26 millage reduction is based on the immediately preceding year's  
27 millage reduction applicable to that millage. If the election

1 occurs after May 31 of a year, the millage reduction shall be  
2 based on that year's millage reduction applicable to that millage  
3 had it not expired.

4 (12) A reduction or limitation under this section shall not  
5 be applied to taxes imposed for the payment of principal and  
6 interest on bonds or other evidence of indebtedness or for the  
7 payment of assessments or contract obligations in anticipation of  
8 which bonds are issued that were authorized before December 23,  
9 1978, as provided by former section 4 of chapter I of the munic-  
10 pal finance act, ~~Act No. 202 of the Public Acts of 1943~~ 1943 PA  
11 202, or to taxes imposed for the payment of principal and inter-  
12 est on bonds or other evidence of indebtedness or for the payment  
13 of assessments or contract obligations in anticipation of which  
14 bonds are issued that are approved by the voters after December  
15 22, 1978.

16 (13) If it is determined subsequent to the levy of a tax  
17 that an incorrect millage reduction fraction has been applied,  
18 the amount of additional tax revenue or the shortage of tax reve-  
19 nue shall be deducted from or added to the next regular tax levy  
20 for that unit of local government after the determination of the  
21 authorized rate pursuant to this section.

22 (14) If as a result of an appeal of county equalization or  
23 state equalization the taxable value of a unit of local govern-  
24 ment changes, the millage reduction fraction for the year shall  
25 be recalculated. The financial officer shall effectuate an addi-  
26 tion or reduction of tax revenue in the same manner as prescribed  
27 in subsection (13).

1 (15) The fractions calculated pursuant to this section shall  
2 be rounded to 4 decimal places, except that the inflation rate  
3 shall be computed by the state tax commission and shall be  
4 rounded to 3 decimal places. The state tax commission shall pub-  
5 lish the inflation rate before March 1 of each year.

6 (16) Beginning with taxes levied in 1994, the millage reduc-  
7 tion required by section 31 of article IX of the state constitu-  
8 tion of 1963 shall permanently reduce the maximum rate or rates  
9 authorized by law or charter. The reduced maximum authorized  
10 rate or rates for 1994 shall equal the product of the maximum  
11 rate or rates authorized by law or charter before application of  
12 this section multiplied by the ~~compound~~ COMPOUNDED millage  
13 reduction applicable to that millage in 1994 pursuant to subsec-  
14 tions (8) to (12). The reduced maximum authorized rate or rates  
15 for 1995 and each year after 1995 shall equal the product of the  
16 immediately preceding year's reduced maximum authorized rate or  
17 rates multiplied by the current year's millage reduction fraction  
18 and shall be adjusted for millage for which authorization has  
19 expired and new authorized millage approved by the voters pursu-  
20 ant to subsections (8) to (12).
