2 registration under this act does not exempt the owner or farm
3 operation from requirements imposed under any local, state, or

17 operation.

18 (2) The department shall not issue an initial captive cervi-
19 dae operation registration unless an applicant demonstrates that
20 the facility has been inspected by the director and the director
21 has determined that the facility meets the standards and require-
22 ments prescribed by this act and that there are confined enclo-
23 sures and barriers in place to prevent the escape of captive cer-
24 vidae into the public lands and prevent the wild cervidae from
25 entering the enclosures. In the case of elk, an exterior fence
26 shall be at least 10 feet high, and in the case of white-tailed
27 deer, an exterior fence shall be at least 8 feet high.

1 (3) Within 30 days after receipt of an initial registration
2 application, the director shall inspect the captive cervidae
3 operation. If the director determines that the proposed captive
4 cervidae operation conforms to standards prescribed by this act,
5 the director shall issue a registration within 60 days of receipt
6 of a registration application.

10 denial within 60 days after receipt of an application. The
11 notice shall specify the deficiencies to be corrected in order
12 for a registration to be issued.

13 (5) Without filing a second application under this section,
14 an applicant may request a second inspection after the specified
15 deficiencies have been corrected. The department shall not make
16 more than 2 preregistration inspections of the same proposed cap-
17 tive cervidae operation application.

18 (6) The applicant may request a hearing pursuant to the
19 administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to
20 24.328, on a denial of a registration.

21 (7) The department shall not return a registration fee or a

20 fee.

21 Sec. 7. (1) The department or its duly authorized agent
22 shall have free access at all reasonable hours to any captive
23 cervidae operation to inspect and to determine if this act is
24 being violated and to secure samples or specimens of any captive
25 cervidae. An inspection shall be conducted under generally rec-
26 ognized practices designed not to jeopardize the health of the
27 captive cervidae.

1 (2) The director may periodically inspect a registered
2 captive cervidae operation for confirmation that there are in
3 place procedures or barriers designed to prevent the escape of
4 captive cervidae into public lands and to prevent entry by wild
5 cervidae and for confirmation of compliance with other require-
6 ments as set forth in this act or as required by law.

7 Sec. 8. A person shall not knowingly provide false informa-
8 tion in a matter pertaining to this act and shall not resist,
