PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2000-2001 is \$325,061,719.00 and state spending from state resources to be paid to local units of government for fiscal year 2000-2001 is \$325,061,719.00.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 208. The department shall continue to pilot the use of the internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on the internet or legislative intranet site. The senate and house of representatives appropriations subcommittees and senate and house fiscal agencies shall be notified in writing of the internet or intranet site of any such report. Quarterly, the department shall provide a cumulative listing of the reports submitted during the most recent 3-month period along with the internet or intranet site of each report, and a list of those reports expected to be transmitted in the following quarter.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Sec. 211. (1) The money appropriated in this act is appropriated for community colleges with fiscal years ending June 30, 2001, and shall be paid out of the state treasury and distributed by the state treasurer to the respective community colleges in 11 monthly installments on the sixteenth of each month, or the next succeeding business day, beginning with October 16, 2000. Each community college shall accrue its July and August 2001 payments to its institutional fiscal year ending June 30, 2001. However, if a community college fails to submit all verified Michigan community colleges activities classification structure data for school year 1999-2000 to the department of career development by November 1, 2000, the monthly installments shall be withheld from that community college until those data are submitted. The department of career development shall publish the activities classification structure data book for Michigan community colleges on or before March 1, 2001, for use by the legislature during budget development for the fiscal year ending September 30, 2002. The amount from the money appropriated in part 1 that is allocated under section 103 to address the special needs of at-risk students shall be paid in full by the state treasurer by November 1, 2000. The amount distributed to a community college or department shall not exceed the net state allocation authorized by this act.

(2) Except as otherwise provided by law, each of the amounts appropriated shall be used solely for the respective purposes stated in this act. The money appropriated by this act may be used to match the cost of any available programs under the Carl D. Perkins vocational and applied technology education act, Public Law 88-210, 98 Stat. 2435, including local administration.

Sec. 212. (1) The auditor general or an independent public accounting firm appointed by the auditor general shall audit data for the fiscal year ending on June 30, 2000, as submitted to the department of career development by 7 randomly selected community colleges. A community college shall maintain and provide those records necessary for the auditor general or certified public accountant appointed by the auditor general to determine the accuracy of the reported data. The audits shall be based upon the definitions and requirements contained in the Manual for Uniform Financial Reporting, Michigan Public Community Colleges, published by the Michigan state board of education in 1981, and the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education. Before the submission of a final audit report, a community college may appeal the findings of the preliminary report under an appeal process to be established by the auditor general. The auditor general shall submit a report of the findings to the house and senate appropriations committees, the department of career development, and the state budget director before June 1, 2001.

(2) The auditor general or a certified public accountant appointed by the auditor general shall conduct not less than 3 performance audits of community colleges but may conduct more if the auditor general considers it necessary.

(3) Not more than 60 days after an audit report is released by the office of the auditor general, the principal executive officer of the community college that was audited shall submit to the house and senate appropriations committees, the house and senate fiscal agencies, the department of career development, the auditor general, and the department of management and budget a plan to comply with audit recommendations. The plan shall contain projected dates and resources required, if any, to achieve compliance with the audit recommendations, or a documented explanation of the college's noncompliance with the audit recommendations concerning the matters on which the audited community college and office of the auditor general disagree.

(4) A community college whose audited activities classification structure data is significantly different than the data used to determine state aid under this act shall return any overappropriated money as provided in this section. The department of career development shall compare formula computations for the audited colleges using pre- and post-audit data. If the state allocation is 2% or more than the post-audit allocation amount, the college shall return the excess money. The returned money shall be redistributed to all 28 community colleges, prorated on the base appropriations contained in part 1.

Sec. 213. The department of career development shall review the taxonomy of the 7 community colleges selected for the audit under section 212 that is based on the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education.

Sec. 214. (1) A community college shall retain certified class summaries, class lists, registration documents, and student transcripts that are consistent with the taxonomy of courses. For each enrollment period during the fiscal year, these certified documents shall identify clearly by course the number of in-district and out-of-district student credit and contact hours. The class summaries and class lists shall be consistent with each other and shall include the course prefix and numbers, course title, course credit and contact hours, credit and contact hours generated by each student, and activity classifications consistent with the taxonomy. An auditable process shall be used by the community college to

determine the unduplicated head count for in-district students, out-of-district students, and prisoners for each enrollment period during the fiscal year.

(2) Contracts between the community college and agencies that reimburse the community college for the costs of instruction shall be retained for audit purposes.

Sec. 215. Each community college shall have an annual audit of all income and expenditures performed by an independent auditor and shall furnish the independent auditor's management letter and an annual audited accounting of all general and current funds income and expenditures including audits of college foundations to the legislature, the senate and house fiscal agencies, the auditor general, the department of career development, and the state budget director before November 15, 2000. If a community college fails to furnish the audit materials, the monthly state aid installments shall be withheld from that college until the information is submitted. All reporting shall conform to the requirements set forth in the Manual for Uniform Financial Reporting, Michigan Public Community Colleges, published by the Michigan state board of education in 1981.

Sec. 216. (1) A community college shall pay the employer's contributions to the Michigan public school employees' retirement system created by the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, as a condition of receiving money appropriated under this act. If amendments to the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, that require pre-funding of the health benefits portion of the Michigan public school employees' retirement system are enacted and take effect, those amendments apply to community colleges.

(2) A community college shall not pay an employer's contribution to more than 1 retirement fund providing benefits for an employee.

Sec. 217. An appropriation contained in this act shall not be used for the construction of buildings for, or operations of, a community college not expressly authorized in part 1. Money appropriated in part 1 shall not be used to pay for the construction or maintenance of a self-liquidating project.

Sec. 218. The department of career development shall ensure that a statistical report for minorities and women employees for the most recent school year as submitted to the federal government on the EEO-6 form be included in the Michigan Community Colleges Enrollment Profile published by the department of career development. Also included in this profile shall be a statistical report for the most recent school year that includes enrollment statistics for minorities and women from the current year as submitted to the department of career development and from the prior year as submitted to the department of education. The department of career development shall distribute a copy of this report to the state budget director and to members of the house and senate appropriations subcommittees on community colleges and the house and senate fiscal agencies no later than March 1, 2001.

Sec. 219. (1) The department of treasury shall annually collect and compile data on the tax revenue losses to community colleges resulting from tax increment financing authorities (TIFA) and tax abatements. The department of treasury shall produce a report detailing the data. Reimbursements shall be made in equal amounts to each college.

Sec. 220. The auditor general shall audit the 1999, 1998, and 1997 calendar years tax revenue losses to community colleges resulting from TIFAs and tax abatements. The auditor general shall submit the results of this audit to the house and senate appropriations subcommittees on community colleges and the senate and house fiscal agencies by February 15, 2001.
