The bill would amend the Revised School Code to specify that a local school board or a board of directors of a public school academy could not discriminate against a bidder competing for a school construction or renovation project because of religion, race, color, national origin, or sex, or because of the status of its employees with respect to collective bargaining representation. The bill retains current law language requiring a competitive bid process for such projects. The bill should have no fiscal impact on the State or on local units of government.
