Sec. 601. (1) The funds appropriated in part 1 for the life sciences corridor initiative are appropriated to support basic and applied research in health-related areas, with emphasis on issues related to aging. The program shall be administered by the Michigan economic development corporation.

(2) A life sciences steering committee, appointed by the governor, shall consist of 14 members including the chief executive officer of the Michigan economic development corporation, a member from Michigan State University, the University of Michigan, Wayne State University, the Van Andel institute, and 2 members from the private sector. The remaining members shall be appointed at large and may include members from the private sector, public sector, or other Michigan universities. Committee members are authorized to designate alternate members. The purpose of the steering committee is to provide advice and oversight of the initiative, including the development of criteria for the award of contracts or grants to qualifying universities, institutions, or individuals. The steering committee will make decisions regarding distribution of these grant funds and has the authority to make adjustments to the category funding percentage from basic research and collaborative research grants to the commercialization fund based upon the demands within categories and the quality of the applications received.

(3) Of the funds appropriated, up to \$1,500,000.00 may be used for administering the initiative and not less than \$3,000,000.00 shall be used to support a commercial development fund to support commercialization opportunities for life science research in Michigan. In allocating funding to the commercial development fund, it is the intent of the legislature that the life sciences steering committee give maximum priority to supporting all potential commercialization opportunities that appear to have merit. Of the remaining funds appropriated, 45% are allocated for a basic research fund, to be distributed on a competitive basis to Michigan universities or Michigan nonprofit research institutes, or both, for basic research in health-related areas. Not less than \$4,000,000.00 is allocated to research related to aging diseases and health problems. In addition, 55% of the remaining appropriated funds are earmarked for a collaborative research fund to support peer-reviewed collaborative grants among Michigan universities and private research facilities, with emphasis on testing or developing emerging discoveries.

(4) Repayment of any funds received as a result of awards made under 1999 PA 120, 2000 PA 292, 2001 PA 80, or this act including, but not limited to, funds received as interest or return on investment shall be deposited in the fund described in subsection (3) from which it was awarded to be expended for the same purposes. These funds are authorized for expenditure upon receipt and shall not lapse to the general fund.

(5) The records of the life sciences steering committee involving a proposal submitted by an eligible entity that are of a scientific, technical, or proprietary nature, the release of which could cause competitive harm to the eligible entity as determined by the life sciences steering committee, are exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(6) The process for determining eligible applicants shall be consistent with the process used in fiscal year 2001-2002 grant cycle. Any cost overruns required to achieve this shall be the responsibility of the Michigan economic development corporation and shall be paid out of corporate or other nonappropriated revenue sources.

Sec. 751. (1) Any service assessment collected by the department of state from the user of a credit or debit card under section 3 of 1995 PA 144, MCL 11.23, is appropriated to the department for necessary expenses related to that service and may be remitted to a credit or debit card company, bank, or other financial institution. Funds are allotted for expenditure when they are received by the department of treasury.

(2) The service assessment imposed by the department of state for credit and debit card services may be based either on a percentage of each individual credit or debit card transaction, or on flat rate per transaction, or both, scaled to the amount of the transaction. However, the department shall not charge any amount for a service assessment which exceeds the costs billable to the department for service assessments.

(3) If there is a balance of service assessments received from credit and debit card services remaining on September 30, the balance shall not revert to the general fund but shall remain available to support further customer service improvements in the department of state.

(4) As used in this section, "service assessment" means and includes costs associated with service fees imposed by credit and debit card companies and processing fees imposed by banks and other financial institutions.

Sec. 752. The unexpended funds appropriated in part 1 for the help America vote act of 2002, Public Law 107-252, 116 Stat. 1666, are considered work project appropriations and any unencumbered or unallotted funds are carried over into the succeeding fiscal year. A resolution honoring the Delta Sigma Theta Sorority on its 90<sup>th</sup> anniversary.

Whereas, Delta Sigma Theta Sorority was founded on January 13, 1913, and this year it is celebrating its 90<sup>th</sup> anniversary; and

Whereas, Delta Sigma Theta Sorority is built on a legacy of character, strength and service with a membership of 200,000 college educated women and over 887 chapters worldwide; and

Whereas, The Kalamazoo Alumnae Chapter of Delta Sigma Theta, Inc., was activated on June 23, 1973, at the Alma Pownch Branch Library; and

Whereas, The women of Delta Sigma Theta Sorority believe in public service. They serve as congresswomen, state legislators, mayors, city council members, county commissioners, administrators, educators and on numerous judicial boards, school boards and commissions. The women from the Kalamazoo Alumnae Chapter can also be found as elected officials, judges, social workers, teachers, college professors and school board members; and

Whereas, The women of Delta Sigma Theta Sorority have participated in the HIV/AIDS Awareness and International Day of Service. The members of the Kalamazoo Alumnae Chapter participated in Delta Days at the Capitol in Lansing; and

Whereas, The Delta Sigma Theta Sorority, Inc., has partnered with the National Council of Women to develop initiatives focusing on education with an emphasis on intervention in the early grades; and

Whereas, Delta Sigma Theta's new initiative is the Science and Everyday Experiences Program funded by a grant from the National Science Foundation. ### Reports of Standing Committees

The Committee on Transportation, by Rep. DeRossett, Chair, reported

#### **House Resolution No. 34.**

A resolution to urge the Disability Rights Section of the United States Department of Justice to provide clearer requirements for markings that designate the access aisle for accessible parking places.

(For text of resolution, see House Journal No. 26, p. 326.)

With the recommendation that the following substitute (H-1) be adopted and that the resolution then be adopted.

#### **Substitute for House Resolution No. 34.**

A resolution to urge the Disability Rights Section of the United States Department of Justice to provide clearer requirements for markings that designate the access aisle for accessible parking places.

Whereas, State and federal requirements for certain numbers of accessible parking places in public parking lots also include requirements that an access aisle be provided. Access aisles make it possible for people with disabilities, especially those using wheelchairs, to exit and enter their vehicles without obstructions in the space as intended; and

Whereas, Although federal requirements indicate that the access aisles must be marked, no guidelines exist to indicate how or where the aisles should be marked. As a result, there are inconsistencies in how these aisles and parking places appear. This is a cause for concern for people with disabilities and their families; and

Whereas, Michigan's efforts to protect the rights of people with disabilities, including the 2000 enactment that authorizes ticketing and towing a vehicle illegally parked in the access aisle, are thwarted by the lack of a uniform marking system. The move to consistency in marking these areas, at the state as well as the national level, will increase compliance with laws already in place, which will prove beneficial to many of our citizens and visitors and their families; now, therefore, be it

Resolved by the House of Representatives, That we urge the Disability Rights Section of the United States Department of Justice to provide clearer requirements for markings that designate the access aisle for accessible parking places; and be it further

Resolved, That copies of this resolution be transmitted to the Disability Rights Section of the United States Department of Justice.

The Speaker announced that under Rule 77 the resolution would lie over one day.
