Each application for registration of a vehicle under subdivisions (j) and (m) shall have attached to the application a scale weight receipt of the vehicle fully equipped as of the time the application is made. The scale weight receipt is not necessary if there is presented with the application a registration receipt of the previous year which shows on its face the weight of the motor vehicle as registered with the secretary of state and which is accompanied by a statement of the applicant that there has not been a structural change in the motor vehicle which has increased the weight and that the previous registered weight is the true weight.

(a) "Feed" means hay or silage.

(b) "Livestock bedding" means straw, sawdust, or sand.

(10) The secretary of state, upon request, may issue a special registration valid for 3 or more months for a road tractor, truck, or truck tractor owned by a farmer, if the motor vehicle is used exclusively in connection with the farmer's farming operations or for the transportation of the farmer and the farmer's family and not used for hire. (4) The sequence of letters or numbers or combination of letters and numbers on a personalized plate shall not be given to a different person in a subsequent year unless the person to whom the plate was issued does not reapply before the expiration date of the plate.

(5) The secretary of state may issue a temporary permit to a person who has submitted an application and the proper fees for a personalized plate if the applicant's vehicle registration may expire prior to receipt of his or her personalized plate. Sec. 810. Except as otherwise provided, all fees received and money collected under sections 801 to 809 shall be deposited in the state treasury and shall be credited to the Michigan transportation fund.

Sec. 810b. (1) The transportation administration collection fund is created within the state treasury.

(2) The state treasurer may receive money from the collections authorized under this act for deposit into the fund. The state treasurer shall direct the investment of the fund. The state treasurer shall credit to the fund interest and earnings from fund investments.

(3) Money in the fund at the close of the fiscal year shall lapse into the Michigan transportation fund.

(4) The department of state shall expend money from the fund, upon appropriation, to pay the necessary expenses incurred by the department of state in the administration and enforcement of sections 801 to 810 of the Michigan vehicle code, 1949 PA 300, MCL 257.801 to 257.810.

(5) The department of treasury shall expend money in the fund, upon appropriation, to defray the costs of collecting motor fuel taxes.

Sec. 811. (1) An application for an original operator's or an original or renewal chauffeur's license as provided in sections 307 and 312 and an application for an original minor's restricted license as provided in section 312 shall be accompanied by the following fees:

Operator's license.....	\$ 25.00
Chauffeur's license.....	35.00
Minor's restricted license	25.00

The renewal fee for an operator's license renewed under this section is \$18.00. However, if an operator's license is expired at the time of the renewal, the fee is the same as the original fee. The date of an application for a renewal of an operator's license under this section that is delivered to the secretary of state by regular mail is the postmark date in determining the fee to be assessed.

(2) The secretary of state shall deposit the money received and collected under subsection (1) in the state treasury to the credit of the general fund. The secretary of state shall refund out of the fees collected to each county or municipality acting as an examining officer or examining bureau \$2.50 for each applicant examined for an original license, \$1.00 for each applicant examined for an original chauffeur's license, and \$1.00 for every other applicant examined, if the application is not denied and the money refunded is paid to the county or local treasurer and is appropriated to the county, municipality, or officer or bureau receiving the money for the purpose of carrying out this act. The state treasurer shall deposit the sum of \$4.00 in a driver education fund for each person examined for an original license, a renewal operator's license, an original chauffeur's license, or a renewal chauffeur's license, except that the sum deposited for each 2-year operator's or 2-year chauffeur's license shall be \$2.00. The department of education shall use the money in the driver education fund for administration of a driver education program and for distribution to local school districts to be used for driver education programs. Any unexpended and unencumbered balance remaining in the driver education fund at the end of the fiscal year in excess of \$150,000.00 shall revert to the general fund.

(3) From the money credited to the driver education fund, the legislature shall appropriate annually funds to the department of education for state administration of the program. In addition, the department of education shall distribute to local public school districts from the driver education fund a pro rata amount equal to the number of students who have completed segment 1 of an approved driver education course through the local public school districts whether directly from the student's own local school district or by certificate issued from the student's own local school district in the previous fiscal year, or the actual cost per student, whichever is less. Beginning April 1, 1998, a local school district that offers an approved driver education course shall provide an amount equal to the pro rata amount from the driver education fund for each student residing in the district who completes segment 1 of an approved driver education course within that district. The local school district shall provide each student participating in an approved driver education course with a certificate in a form provided by the local school district and approved by the department of education that the student shall use toward the payment of any fee charged for the approved driver education course under the following conditions:

(a) If the student participates in an approved driver education course at a local school district of his or her choice other than his or her local school district.

(b) If the student participates in a driver education course at a licensed driver training school, but only if the following conditions exist:

(i) The student's local school district does not offer an approved driver education course either itself or through a consortium of local school districts of which the student's local school district is a member.

(ii) The student's local school district does not offer an approved driver education course with openings available either itself or through a consortium of local school districts of which the student's local school district is a member at the time the student attains 15 years, 6 months of age.

From the amount distributed, the local school district shall reimburse each licensed driver training school or other local school district or the parent of the student the determined pro rata amount from the driver education fund for each student from that district completing segment 1 of an approved driver education course with the licensed driver training school or other local school district during the fiscal year.

(4) The approved driver education courses may be conducted by the local public school district or a consortium of school districts, by a licensed driver training school either itself or through a contract with a local school district, or by the intermediate district at the request of the local district. If a local school district contracts with a licensed driver

training school to conduct an approved driver education course, the contract shall require that the driver education course be conducted in accordance with the requirements set forth in department of education rules under subsection (6) that are applicable to an approved driver education course conducted by a local school district. Enrollment in approved driver education courses shall be open to residents not less than 14 years 8 months of age enrolled in public, nonpublic, and home schools as well as resident out-of-school youth not less than 14 years 8 months of age. Reimbursement to local school districts shall be made on the basis of an application made by the local school district superintendent to the department of education. If money appropriated from the driver education fund is not sufficient to provide for state administration of the driver education program and to reimburse local school districts for each student completing segment 1 of an approved driver education course, then payments made to local school districts shall be prorated to the amount that is appropriated and available in the fund. A local school district or licensed driver training school may use videotapes, computers, telecourses, or other similar technology as part of the classroom instruction portion of its driver education courses. A student may receive and use any of these materials at home.

(5) As used in this section, "driver education courses" include classroom instruction, behind-the-wheel instruction, and observation in an automobile under the supervision of a qualified teacher or licensed instructor. The department of education shall not require that licensed driver training school teachers or instructors be certificated under the revised school code, 1976 PA 451, MCL 380.1 to 380.1852.

(6) The department of education may promulgate rules pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to implement this section. The rules shall include, at a minimum, instructional standards, teacher qualifications, and reimbursement procedures.

(7) Notwithstanding sections 306 and 308, an operator's license shall not be issued to a person under 18 years of age unless that person successfully passes a driver education course and examination given by a public school, nonpublic school, or an equivalent course approved by the department of education given by a licensed driver training school. A person who has been a holder of a motor vehicle operator's license issued by any other state, territory, or possession of the United States, or any other sovereignty for 1 year immediately before application for an operator's license under this act is not required to comply with this subsection. Restricted licenses may be issued pursuant to section 312 without compliance with this subsection. A driver education course shall be made available for a person under 18 years of age within a time that will enable that person to qualify for a license before the time that the person is permitted by law to have a license.

(8) A public school system may impose a charge or enrollment fee for a driver education course upon a student desiring to take the course as a duly enrolled student for the course in a school of the public school system. If a charge or enrollment fee is imposed, it shall be the same for all students who reside within the territory of the public school system.

Sec. 811c. (1) Upon application, the secretary of state shall issue a registration plate with an appropriate decal representing an olympic education-training center in this state to an applicant for use on the passenger motor vehicle, pickup truck, van, or motor home for which the plate is issued.

(2) An application for a registration plate with an olympic education-training center decal shall be submitted to the secretary of state pursuant to the procedures prescribed in section 217. In addition to the regular registration tax imposed by section 801, each application shall be accompanied with payment of \$3.00 for the first month and \$2.00 per month for each additional month of the registration period of the plate. Registration plates with an olympic education-training center decal shall expire on the applicant's birthday pursuant to section 226.

(3) The olympic education-training center fund is created in the state treasury. Money in the fund shall be expended only as provided in this section.

(4) The secretary of state shall deposit \$10.00 from the amount received for each original registration plate collected pursuant to this section into the transportation administration collection fund created under section 810b. The remainder shall be deposited with the state treasurer, to the credit of the olympic education-training center fund. The fund may receive money from any other source as appropriated by the legislature. The money in the fund shall, upon appropriation, be distributed to the olympic education-training center.

(5) The olympic education-training center shall submit to the secretary of state a design of a separate decal to be affixed to a registration plate. The secretary of state shall confer with the department of state police to ensure the design will not compromise the ability of law enforcement agencies to accurately identify specific vehicles. Registration plates with an olympic education-training center decal shall not be a duplication of another registration plate. The olympic education-training center shall comply with section 803m(2), (3)(c) and (d), and (4)(c) and (d).

(6) The secretary of state may issue a temporary registration permit to a person who submits an application and the proper payments for a registration plate with an olympic education-training center decal, if the applicant's current vehicle registration will expire before his or her receipt of a registration plate with an olympic education-training center decal. The temporary registration shall expire upon receipt of a registration plate with an olympic education-training

center decal or 60 days after the issuance, whichever occurs first. The temporary permit shall be issued without a separate fee.

Sec. 811h. (1) Each service fee collected under sections 811f and 811g shall be credited to the transportation administration collection fund created under section 810b.
