 5 research, the research substantially jeopardizes the life or health  
 6 of the ~~embryo,~~ fetus ~~—~~ or neonate. Nontherapeutic research  
 7 shall not in any case be performed on ~~an embryo or~~ A fetus known

11 determining evidence of life in a spontaneously aborted embryo or  
12 fetus at approximately the same stage of gestational development.

13 Sec. 2688. (1) Research may not knowingly be performed upon a  
14 dead ~~embryo,~~ fetus ~~,~~ or neonate unless the consent of the  
15 mother has first been obtained. Consent shall not be required in  
16 the case of a routine pathological study.

17 (2) For purposes of this section, consent shall be  
18 conclusively presumed to have been granted by a written statement,  
19 signed by the mother that she consents to the use of her dead  
20 ~~embryo,~~ fetus ~~,~~ or neonate for research.

21 (3) Written consent shall constitute lawful authorization for  
22 the transfer of the dead ~~embryo,~~ fetus ~~,~~ or neonate to medical  
23 research facilities.

24 (4) Research being performed upon a dead ~~embryo,~~ fetus ~~,~~
