Rep. Matt Gillard, from the 106th District, offered the following invocation:

“Before we call to order this session of the Michigan House of Representatives, let us take a moment to thank God for the arrival of another glorious spring in our state. As we all know, spring is a time of rebirth and renewal. Michigan is facing difficult times, but let us all be dedicated in our hearts and minds to rebuilding our state and doing the best job we can for our families. Spring is also a time for our personal renewal. Let us give of ourselves in ways that make a difference, to our families, to our nation, and to our great state of Michigan. Let us maintain our focus with a sense of determination and fuel our work with vigor and stamina. Spring is also a time of reflection. Another long Michigan winter has passed, and with it, many battles here at the capitol. Let us pledge to learn from the mistakes we made and use those lessons for the betterment of our state. We ask God for assistance in all of these tasks. Finally I give thanks to God for bringing such a fine group of dedicated, sweet and enthusiastic representatives together to do the work of our state. I am proud to be among you. For all this we give our thanks, Amen.”

House Resolution No. 344.

A resolution to memorialize the Congress of the United States to permit drilling for oil and gas resources in the Arctic National Wildlife Refuge.

Whereas, Congress enacted the Alaska National Interests Lands Conservation Act in 1980, which established the Arctic National Wildlife Refuge (ANWR) consisting of 19 million acres in northeast Alaska. Although drilling has never been allowed in the refuge, ANWR's 1.5 million acre coastal plain, known as the ANWR 1002 area, is currently viewed as one of the most likely United States onshore oil and gas prospects; and

Whereas, In 2001, the United States Geological Survey estimated that the total quantity of technically recoverable oil within the ANWR 1002 area is between 5.7 and 16.0 billion barrels of crude oil. Additionally, projections indicate

that roughly one-third more oil may be found under adjacent state and native lands. These data underestimate the total hydrocarbons that could be produced since the projections do not include the natural gas or natural gas liquids that may be produced if drilling in the ANWR 1002 area is permitted; and

Whereas, While ANWR remains untapped, the nation's need for hydrocarbons has risen dramatically. The competition between the United States' growing energy need and that of the rest of the world has driven the price of oil to record levels. These skyrocketing prices affect not only the industrial and commercial sectors of society, but ordinary citizens as well. The average retail price in the Midwest for a gallon of regular gasoline is up nearly 60 cents from this time last year.

Whereas, Federal law prohibits oil and gas development or leasing or other development leading to oil and gas production in the entire expanse of ANWR unless it is authorized by an act of Congress. The ever growing world petroleum demand makes this the right time for Congress to act to open ANWR to drilling; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to permit drilling for oil and gas resources in the Arctic National Wildlife Refuge; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Great Lakes and Environment.

Reps. Young, Johnson, Jackson, Vagnozzi, Robert Jones, Stahl, Cushingberry, Leland, Hood, Virgil Smith, Condino, Gonzales, Hammel, Lahti, Kathleen Law, Lemmons, Polidori, Sak, Tobocman, Clack and Hopgood offered the following resolution:

House Resolution No. 345.

A resolution to urge the United States Postal Service to reverse its decision to relocate certain mail processing services out of Detroit.

Whereas, The United States Postal Service (USPS) has announced plans to move the Detroit mail cancellation activity to a new USPS center in Pontiac, Michigan. The new Pontiac processing center was built at an estimated cost of between \$150 million and \$225 million. It has been estimated that processing Detroit mail in Pontiac will save approximately \$4.3 million annually. However, at the predicted rate of savings, it would take about 50 years to recover the cost of the new Pontiac facility; and

Whereas, All Detroit first class mail will be transported daily by private contractors 64 miles away to the Pontiac facility. There it will be cancelled and shipped back to the Detroit facility for distribution to local Detroit post offices. Furthermore, the Pontiac facility is located farther from Detroit Metropolitan Airport, where mail is regularly transported to be shipped by air. Ironically, the new money-saving process will result in a deterioration of efficient service; and

Whereas, the Detroit facility, the George Washington Young Post Office, handles a million pieces of mail per day and has earned a national postal efficiency award in each of the last eleven years; and

Whereas, The removal of jobs and mail processing from the city of Detroit is a serious blow to its economy and civic pride. First-class mail sent from the city of Detroit may soon bear a Pontiac postmark, affecting the sense of identity and location that is part of Detroit; now, therefore, be it

Resolved by the House of Representatives, That we urge the United States Postal Service to reverse its decision to relocate certain mail processing services out of Detroit; and be it further

Resolved, That copies of this resolution be transmitted to the United States Postal Service.

The resolution was referred to the Committee on Government Operations.

Reps. Lindberg, Lahti, Casperson, Constan, Lemmons, McDowell, Gillard, Polidori, Ball, Brown, Condino, Dean, Gonzales, Hammel, Hammon, Hansen, Johnson, Robert Jones, Kathleen Law, Mayes, Meadows, Miller, Sak, Sheltroun, Spade, Vagnozzi, Clack, Cushingberry and Hopgood offered the following resolution:

House Resolution No. 346.

A resolution to memorialize the Congress of the United States to appropriate funds to restore the breakwall at the Grand Marais Harbor.

Whereas, For hundreds of years, Grand Marais Harbor has provided refuge to ships and boats from sudden and violent storms along Lake Superior's southern coast. Adjacent to Pictured Rocks National Lakeshore, it is the only Harbor of Refuge available to vessels along a notoriously dangerous 90 mile stretch of coastline that has claimed numerous ships in the past; and

Whereas, Historically, the harbor was protected by a breakwall. First constructed in 1894 by the U.S. Army Corps of Engineers, the breakwall blocked sand from filling in the harbor and protected it from damaging waves. Abandoned by the Army Corps in 1943, the breakwall suffered severe damage and was lost along with the protection it provided the harbor and boaters; and

Whereas, It is imperative to build a new breakwall for Grand Marais Harbor to preserve the harbor for boaters, wildlife, and the community. Damaging waves now enter the harbor, and sand is filling it in, making it less and less accessible to boaters and increasing the risk of tragedy on this beautiful but dangerous stretch of coastline. In addition, habitat that supports sportfish and federally endangered species like the piping plover is being lost at a rapid pace; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to appropriate funds to restore the breakwall at the Grand Marais Harbor; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Great Lakes and Environment.

Whereas, It is appropriate that teachers be recognized for their dedication and commitment to educating their students; now, therefore, be it

The following communication from the Department of Transportation's Transportation Asset Management Council was received and read:

May 2, 2008

It is my pleasure to submit to you the 2008 Annual Report of the Transportation Asset Management Council. MCL 247.659a(9) requires the Council to file an annual report with the Legislature and State Transportation Commission by May 2 of each year.

During 2007, the Council surveyed 43,000 miles of federal-aid eligible roads and analyzed the condition of the system. This is the fourth statewide survey of every mile of federal-aid eligible road in Michigan using a common process. This effort was achieved through a cooperative effort of individuals from county road commissions, city engineering staffs, the Michigan Department of Transportation, regional planning agencies, and metropolitan planning organizations.

As we continue this effort over the next several years, it is the intent of the Council to analyze and report to the Legislature and State Transportation Commission on the investments made to this system and the resulting condition. In this way, you will be kept up-to-date on the overall condition of our roads and bridges; how we are spending the public dollars you have entrusted to us; and the system needs for maintaining and preserving our roads and bridges.

This report was approved by the Council on April 18, 2008. We would be pleased to respond to any questions you have or make presentations of the report.

Sincerely,
Carmine Palombo, P.E., Chair
Transportation Asset Management Council

The communication was referred to the Clerk.
