3 in the internal revenue code subject to the following adjustments
4 under this section:

5 (a) Add gross interest income and dividends derived from
6 obligations or securities of states other than Michigan, in the

3 (b) Add taxes on or measured by income to the extent the
4 taxes have been deducted in arriving at adjusted gross income.

5 (c) Add losses on the sale or exchange of obligations of the
6 United States government, the income of which this state is

8 that the loss has been deducted in arriving at adjusted gross
9 income.

10 (d) Deduct, to the extent included in adjusted gross income,
11 income derived from obligations, or the sale or exchange of
12 obligations, of the United States government that this state is
13 prohibited by law from subjecting to a net income tax, reduced by
14 any interest on indebtedness incurred in carrying the obligations
15 and by any expenses incurred in the production of that income to
16 the extent that the expenses, including amortizable bond
17 premiums, were deducted in arriving at adjusted gross income.

18 (e) Deduct, to the extent included in adjusted gross income,
19 compensation, including retirement benefits, received for
20 services in the armed forces of the United States.

25 the immediately preceding calendar year. The department shall
26 annualize the amounts provided in this subparagraph and
27 subparagraph (iv) as necessary for tax years that end after

19 determines that the trust can accept an unlimited number of
20 enrollees upon an actuarially sound basis.

21 (m) If an advance tuition payment contract under the
22 Michigan education trust act, 1986 PA 316, MCL 390.1421 to

2 deduction taken under subdivision (l) for payment made under that
3 contract, whichever is less.

4 (n) Deduct from the taxable income of a purchaser the amount

6 code after the advance tuition payment contract entered into
7 under the Michigan education trust act, 1986 PA 316, MCL 390.1421
8 to 390.1442, is terminated because the qualified beneficiary
9 attends an institution of postsecondary education other than
10 either a state institution of higher education or an institution
11 of postsecondary education located outside this state with which
12 a state institution of higher education has reciprocity.

13 (o) Add, to the extent deducted in determining adjusted

10 \$3,500.00 for a single return and \$7,000.00 for a joint return
11 for the 1997 tax year, and \$7,500.00 for a single return and
12 \$15,000.00 for a joint return for tax years after the 1997 tax

16 or a deduction claimed under subdivision (f) (i), (ii), (iv), or (v).
17 For the 1995 tax year, for the 1996 tax year, and for each tax
18 year after the 1998 tax year, the maximum amounts allowed under
19 this subdivision shall be adjusted by the percentage increase in
20 the United States consumer price index for the immediately
21 preceding calendar year. The department shall annualize the
22 amounts provided in this subdivision as necessary for tax years
23 that end after September 30, 1994. As used in this subdivision,

6 a claim filed under sections 520 and 522 to the extent that the
7 taxes used to calculate the credit were not used to reduce
8 adjusted gross income for a prior year.

9 (t) Add the amount paid by the state on behalf of the
10 taxpayer in the tax year to repay the outstanding principal on a
11 loan taken on which the taxpayer defaulted that was to fund an
12 advance tuition payment contract entered into under the Michigan

21 amount, and any interest earned on that amount, received in the
22 tax year by a taxpayer who is a Holocaust victim as a result of a
23 settlement of claims against any entity or individual for any

13 States consumer price index for the state fiscal year ending the
14 tax year prior to the tax year for which the adjustment is being
15 made and the denominator of which is the United States consumer
