SENATE BILL NO. 689**

A bill to amend 1978 PA 368, entitled
"Public health code,"
by amending section 7333 (MCL 333.7333), as amended by 2006 PA 451.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 7333. (1) As used in this section, "good faith" means the
2 prescribing or dispensing of a controlled substance by a
3 practitioner licensed under section 7303 in the regular course of
4 professional treatment to or for an individual who is under
5 treatment by the practitioner for a pathology or condition other
6 than that individual's physical or psychological dependence upon or
7 addiction to a controlled substance, except as provided in this
8 article. Application of good faith to a pharmacist means the
9 dispensing of a controlled substance pursuant to a prescriber's
10 order which, in the professional judgment of the pharmacist, is
11 lawful. The pharmacist shall be guided by nationally accepted

1 professional standards including, but not limited to, all of the
2 following, in making the judgment:

3 (a) Lack of consistency in the doctor-patient relationship.

4 (b) Frequency of prescriptions for the same drug by 1
5 prescriber for larger numbers of patients.

6 (c) Quantities beyond those normally prescribed for the same
7 drug.

8 (d) Unusual dosages.

9 (e) Unusual geographic distances between patient, pharmacist,
10 and prescriber.

11 (2) Except as otherwise provided in this section, a
12 practitioner, in good faith, may dispense a controlled substance
13 included in schedule 2 upon receipt of a prescription of a
14 practitioner licensed under section 7303 on a prescription form. A
15 practitioner ~~shall not~~ **MAY** issue more than 1 prescription for a
16 controlled substance included in schedule 2 on a single
17 prescription form.

18 (3) In an emergency situation, as described in R 338.3165 of
19 the Michigan administrative code, a controlled substance included
20 in schedule 2 may be dispensed upon the oral prescription of a
21 practitioner if ~~the~~ the prescribing practitioner promptly fills out a
22 prescription form and forwards the prescription form to the
23 dispensing pharmacy within 7 days after the oral prescription is
24 issued. Except for a terminally ill patient whose terminal illness
25 the pharmacist documents pursuant to rules promulgated by the
26 administrator, a prescription for a controlled substance included
27 in schedule 2 shall not be filled more than ~~60~~ **90** days after the

1 date on which the prescription was issued. A prescription for a
2 controlled substance included in schedule 2 for a terminally ill
3 patient whose terminal illness the pharmacist documents pursuant to
4 rules promulgated by the administrator may be partially filled in
5 increments for not more than 60 days after the date on which the
6 prescription was issued.

7 (4) A practitioner, in good faith, may dispense a controlled
8 substance included in schedule 3, 4, or 5 that is a prescription
9 drug as determined under section 503(b) of the federal food, drug,
10 and cosmetic act, 21 USC 353, or section 17708, upon receipt of a
11 prescription on a prescription form or an oral prescription of a
12 practitioner. A prescription for a controlled substance included in
13 schedule 3 or 4 shall not be filled or refilled without specific
14 refill instructions noted by the prescriber. A prescription for a
15 controlled substance included in schedule 3 or 4 shall not be
16 filled or refilled later than 6 months after the date of the
17 prescription or be refilled more than 5 times, unless renewed by
18 the prescriber in accordance with rules promulgated by the
19 administrator.

20 (5) A controlled substance included in schedule 5 shall not be
21 distributed or dispensed other than for a medical purpose, or in
22 any manner except in accordance with rules promulgated by the
23 administrator.

24 (6) If a prescription is required under this section, the
25 prescription shall contain the quantity of the controlled substance
26 prescribed in both written and numerical terms. A prescription is
27 in compliance with this subsection if, in addition to containing

1 the quantity of the controlled substance prescribed in written
2 terms, it contains preprinted numbers representative of the
3 quantity of the controlled substance prescribed next to which is a
4 box or line the prescriber may check.

5 (7) A prescribing practitioner shall not use a prescription
6 form for a purpose other than prescribing. A prescribing
7 practitioner shall not postdate a prescription form that contains a
8 prescription for a controlled substance. A prescriber may transmit
9 a prescription by facsimile of a printed prescription form and by
10 electronic transmission of a printed prescription form, if not
11 prohibited by federal law. If, with the patient's consent, a
12 prescription is electronically transmitted, it shall be transmitted
13 directly to a pharmacy of the patient's choice by the prescriber or
14 the prescriber's authorized agent, and the data shall not be
15 altered, modified, or extracted in the transmission process.
