Our Father in heaven, God of nations and states, giver of all authority, author of love and compassion, passionate for justice and righteousness in this great state of Michigan, in these hallowed halls of the Senate, in this place of discussion and debate, law and legislation, communication and sometimes compromise: May Your great name be honored. Your kingdom come and Your will be done.

We ask, Father, for Your abundant provision for these important leaders, these Senators chosen not only by the people, but also by You. Grant them wisdom in the midst of complex issues, especially in these days of economic struggle on the part of many in our state and the consequent wrestling with deficits and the hard but necessary choices they must make.

Grant them compassion always for those in great need—the broken, the disenfranchised, the poor, those without work, the homeless, and those who are struggling with homes in foreclosure. Grant them a deep sense of what is right and fair and good as they seek to help our businesses, schools, and cities. Help them as they seek to channel the right resources to the right places.

Grant them above all else in their tasks that they may pursue political love in the form of justice for all. Father, grant each one Your blessing in their personal lives, families, and marriages. We thank You for each person serving in this Senate.

In the name of Jesus, we pray. Amen.

The President, Lieutenant Governor Cherry, led the members of the Senate in recital of the *Pledge of Allegiance*.

Colleagues, as elected officials, we all took an oath to represent the people of our districts and Michigan. We have all accepted a job that requires that we do what is best for the citizens who put their trust in us. The great organizer, A. Philip Randolph, said, "Every organization can do something, and each organization is charged with the social responsibility to do that which it can, that which it is built to do."

Governments are built to solve problems. I am ready to work with all of you to solve the problem of insurance costs for our constituents. It is our responsibility as elected officials to do what is right for our constituents. They expect us to fix what is broken, and the system used to calculate auto and home insurance rates is certainly broken.

Let's live up to our responsibility and fix this problem today.
