Sec. 224a. (1) Except as otherwise provided in this section, a person shall not sell, offer for sale, or possess in this state a portable device or weapon from which an electrical current, impulse, wave, or beam may be directed, which current, impulse, wave, or beam is designed to incapacitate temporarily, injure, or kill.

(2) This section does not prohibit any of the following:

(a) The possession and reasonable use of a device that uses electro-muscular disruption technology by a peace officer, or by any of the following individuals if the individual has been trained in the use, effects, and risks of the device, and is using the device while performing his or her official duties:

(v) A court officer.

(vi) A bail agent authorized under section 167b.

(vii) A licensed private investigator.

(b) The possession and reasonable use of a device that uses electro-muscular disruption technology by an individual who holds a valid license to carry a concealed pistol under section 5b of 1927 PA 372, MCL 28.425, and who has been trained under subsection (5) in the use, effects, and risks of the device.

(c) Possession solely for the purpose of delivering a device described in subsection (1) to any governmental agency or to a laboratory for testing, with the prior written approval of the governmental agency or law enforcement agency and under conditions determined to be appropriate by that agency.

(3) A manufacturer, authorized importer, or authorized dealer may demonstrate, offer for sale, hold for sale, sell, give, lend, or deliver a device that uses electro-muscular disruption technology to a person authorized to possess a device that uses electro-muscular disruption technology and may possess a device that uses electro-muscular disruption technology for any of those purposes.

(5) An authorized dealer or other person who sells a device that uses electro-muscular disruption technology to an individual described in subsection (2)(b) shall verify the individual's identity and verify that the individual holds a valid concealed pistol license issued under section 5b of 1927 PA 372, MCL 28.425b, and shall provide to the individual purchasing the device, at the time of the sale, training on the use, effects, and risks of the device. (ii) The device contains an identification and tracking system that, when the device is initially used, dispenses coded material traceable to the purchaser through records kept by the manufacturer, and the manufacturer of the device has a policy of providing that identification and tracking information to a police agency upon written request by that agency. However, this subdivision does not apply to a launchable device that is used only by law enforcement agencies.
