Senate Bill 410 (Substitute S-1 as reported)  
Sponsor: Senator Tonya Schuitmaker  
Committee: Judiciary

**CONTENT**

The bill would amend the Public Health Code to require a nonpublic record of a diversion and dismissal of a controlled substance violation maintained by the Michigan Department of State Police (MSP) to be open to the Michigan Commission on Law Enforcement Standards (MCOLES) for certain purposes.

Under the Public Health Code, when an individual who has not previously been convicted of a drug-related offense pleads guilty to or is found guilty of certain controlled substance offenses, the court may defer further proceedings and place the person on probation. Upon fulfillment of the terms and conditions of probation, the court may discharge the person and dismiss the proceedings without adjudication of guilt.

Unless the court enters a judgment of guilt, the MSP must retain a nonpublic record of the arrest, court proceedings, and disposition of the criminal charge. The nonpublic record must be open, however, to certain entities for certain purposes.

Under the bill, the nonpublic record also would have to be open to MCOLES as follows:

- The court placed the individual on probation after March 25, 2002.
- The Commission could use the record to determine whether the individual met the requirements for certification as a law enforcement officer, if the individual were seeking certification at the time of the request.
- The Commission could use the record to determine whether the certification could be revoked, if the individual were certified as a law enforcement officer.
- The Commission could use the record to determine whether the individual met the requirements for admission, if he or she were seeking admission to a law enforcement training academy.
- The Commission could use the record to determine whether the individual met the waiver requirements, if he or she were seeking a waiver from the law enforcement officer minimum standards regarding training requirements.
