**THE PEOPLE OF THE STATE OF MICHIGAN ENACT:**

1       Sec. 1105. (1) As used in this act:

2       (a) "Adulterated" means food to which any of the following  
3       apply:

4       (i) It bears or contains any poisonous or deleterious substance  
5       that may render it injurious to health unless the substance is not  
6       an added substance and the quantity of that substance in the food  
7       does not ordinarily render it injurious to health.

8       (ii) It bears or contains any added poisonous or added  
9       deleterious substance, other than a substance that is a pesticide

1 chemical in or on a raw agricultural commodity; a food additive; or  
2 a color additive considered unsafe within the meaning of subsection  
3 (2).

4 (iii) It is a raw agricultural commodity that bears or contains  
5 a pesticide chemical considered unsafe within the meaning of  
6 subsection (2).

7 (iv) It bears or contains any food additive considered unsafe  
8 within the meaning of subsection (2). However, if a pesticide  
9 chemical has been used in or on a raw agricultural commodity in  
10 conformity with an exemption granted or limitation prescribed under  
11 subsection (2) and the raw agricultural commodity has been  
12 subjected to processing, the residue of that pesticide chemical  
13 remaining in or on that processed food is, notwithstanding the  
14 provisions of subsection (2) and this subdivision, not considered  
15 unsafe if that residue in or on the raw agricultural commodity has  
16 been removed to the extent possible in good manufacturing practice  
17 and if the concentration of that residue in the processed food when  
18 ready to eat is not greater than the tolerance prescribed for the  
19 raw agricultural commodity.

20 (v) It is or contains a new animal drug or conversion product  
21 of a new animal drug that is unsafe within the meaning of section  
22 360b of the federal act, 21 USC 360b.

23 (vi) It consists in whole or in part of a diseased,  
24 contaminated, filthy, putrid, or decomposed substance or it is  
25 otherwise unfit for food.

26 (vii) It has been produced, prepared, packed, or held under  
27 unsanitary conditions in which it may have become contaminated with

1 filth or in which it may have been rendered diseased, unwholesome,  
2 or injurious to health.

3 (viii) It is the product of a diseased animal or an animal that  
4 has died other than by slaughter or that has been fed uncooked  
5 garbage or uncooked offal from a slaughterhouse.

6 (ix) Its container is composed, in whole or in part, of any  
7 poisonous or deleterious substance that may render the contents  
8 injurious to health.

9 (x) A valuable constituent has been in whole or in part  
10 omitted or abstracted from the food; a substance has been  
11 substituted wholly or in part for the food; damage or inferiority  
12 has been concealed in any manner; or a substance has been added to  
13 the food or mixed or packed with the food so as to increase its  
14 bulk or weight, reduce its quality or strength, or make it appear  
15 better or of greater value than it is.

16 (xi) It is confectionery and has partially or completely  
17 imbedded in it any nonnutritive object except if, as provided by  
18 rules, the object is of practical functional value to the  
19 confectionery product and would not render the product injurious or  
20 hazardous to health; it is confectionery and bears or contains any  
21 alcohol other than alcohol not in excess of 1/2 of 1% by volume  
22 derived solely from the use of flavoring extracts; or it is  
23 confectionery and bears or contains any nonnutritive substance  
24 except a nonnutritive substance such as harmless coloring, harmless  
25 flavoring, harmless resinous glaze not in excess of 4/10 of 1%,  
26 harmless natural wax not in excess of 4/10 of 1%, harmless natural  
27 gum and pectin or any chewing gum by reason of its containing

1 harmless nonnutritive masticatory substances which is in or on the  
2 confectionery by reason of its use for some practical functional  
3 purpose in the manufacture, packaging, or storage of such  
4 confectionery if the use of the substance does not promote  
5 deception of the consumer or otherwise result in adulteration or  
6 misbranding in violation of this act. For the purpose of avoiding  
7 or resolving uncertainty as to the application of this subdivision,  
8 the director may issue rules allowing or prohibiting the use of  
9 particular nonnutritive substances.

10 (xii) It is or bears or contains any color additive that is  
11 unsafe within the meaning of subsection (2).

12 (xiii) It has been intentionally subjected to radiation, unless  
13 the use of the radiation was in conformity with a rule or exemption  
14 under this act or a regulation or exemption under the federal act.

9 (e) "Color additive" means a dye, pigment, or other substance  
10 that is made by a process of synthesis or similar artifice or is  
11 extracted, isolated, or otherwise derived, with or without

13 mineral, or other source, or when added or applied to a food or any  
14 part of a food is capable alone or through reaction with other  
15 substances of imparting color to the food. Color additive does not  
16 include any material that is exempt or hereafter is exempted under  
17 the federal act. This subdivision does not apply to any pesticide
