**House Bill 4908 as introduced**  
**Sponsor: Rep. John Kivela**  
**Committee: Natural Resources**  
**Complete to 10-19-15**

Analysis available at  
<http://www.legislature.mi.gov>

### SUMMARY:

Section 40111a of the Natural Resources and Environmental Protection Act (NREPA) requires the Natural Resources Commission to issue an order regulating deer and elk feeding in Michigan. The order delineates where such feeding is prohibited in the state and where it is permitted and under what conditions. House Bill 4908 would amend Section 40111a by removing a sunset provision that would repeal the section effective January 1, 2016. This sunset date has been extended several times since Section 40111a was first enacted, and would be eliminated entirely under the bill.

Current orders can be found (beginning at page 7) at:  
[http://www.michigan.gov/documents/ChapterIII\\_128581\\_7.pdf](http://www.michigan.gov/documents/ChapterIII_128581_7.pdf)

Deer and Elk feeding is defined as the depositing, distributing, or tending of feed in an area frequented by wild, free-ranging white-tailed deer and elk to prevent them from starving or for recreational viewing. Deer and elk feeding does not include any of the following:

- Baiting to take game as provided by an order of the commission issued under this section.
- The scattering of feed solely as the result of normal logging practices or normal agricultural practices.
- The storage or use of feed for agricultural purposes if one or more of the following apply:
  - The area is occupied by livestock actively consuming the feed on a daily basis.
  - The feed is covered to deter wild, free-ranging white-tailed deer and elk from gaining access to the feed or is being used on a daily basis.
  - The feed is in a storage facility or is stored in a manner that is consistent with normal agricultural practices.
- Feeding wild birds or other wildlife if done in such a manner as to exclude wild, free-ranging white-tailed deer and elk from gaining access to the feed.

### FISCAL IMPACT:

House Bill 4908 would have no fiscal impact on the Department of Natural Resources or local units of government.
