section 1219 as added by 2015 PA 109 and section 1220 as added by  
2015 PA 111.

**THE PEOPLE OF THE STATE OF MICHIGAN ENACT:**

1           Sec. 1219. (1) Except as otherwise provided in subsection (2),  
2 before July 7 of each school fiscal year, each school district and  
3 public school academy shall transmit to CEPI the budgetary  
4 assumptions used when adopting its annual budget pursuant to the  
5 uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to  
6 141.440a. However, a school district or public school academy that

1 had a positive general fund balance of at least 5% of total general  
2 fund revenues for each of 2 most recently completed school fiscal  
3 years is not required to transmit the budgetary assumptions under  
4 this subsection. After receipt by CEPI, CEPI shall compile and  
5 transmit the budgetary assumptions to the department of treasury.  
6 The submission of the budgetary assumptions under this subsection  
7 shall be in the form prescribed by CEPI and shall include at least  
8 all of the following information:

9 (a) The projected foundation allowance for the school district  
10 or public school academy used by its governing body when adopting  
11 the budget for the school district or public school academy for the  
12 current school fiscal year.

13 (b) The projected membership of the school district or public  
14 school academy used when adopting the budget of the school district  
15 or public school academy for the current school fiscal year.

16 (c) The estimated expenditures per pupil for the school  
17 district or public school academy for the immediately preceding  
18 school fiscal year, calculated by dividing total general fund  
19 operating expenditures for the school district or public school  
20 academy during that school fiscal year by the membership for the  
21 school district or public school academy reported by the department  
22 in the most recent state aid financial status report for the month  
23 of May.

24 (d) The projected expenditures per pupil for the school  
25 district or public school academy for the current school fiscal  
26 year, calculated by dividing the total general fund operating  
27 expenditures authorized by the governing body of the school

1 district or the public school academy when adopting the budget for  
2 the current school fiscal year by the projected membership of the  
3 school district or public school academy used when adopting the  
4 budget of the school district or public school academy for the  
5 current school fiscal year.

6 (2) If an authorizing body submits a budgetary assumption  
7 report required under subsection (1) on behalf of each public  
8 school academy authorized by that authorizing body that would  
9 otherwise be required to submit budgetary assumptions under  
10 subsection (1), then those public school academies are not required  
11 to submit the budgetary assumption report required under subsection  
12 (1).

13 (3) If, based on the factors enumerated in this subsection,  
14 the state treasurer determines that the potential for fiscal stress  
15 exists within a school district, intermediate school district, or  
16 public school academy; that an operating deficit may arise within a  
17 school district, intermediate school district, or public school  
18 academy during the current school fiscal year or the following 2  
19 school fiscal years; or that a school district, intermediate school  
20 district, or public school academy may be unable to meet its  
21 financial obligations while also satisfying the school district's,  
22 intermediate school district's, or public school academy's  
23 obligations or abilities to provide public educational services in  
24 a manner that complies with this act, the state school aid act of  
25 1979, and applicable rules, then the state treasurer may declare  
26 that the potential for fiscal stress exists for the school  
27 district, intermediate school district, or public school academy.

1 This determination shall be based on consideration of the following  
2 factors:

3 (a) Financial data or other information submitted by the  
4 school district, intermediate school district, or public school  
5 academy to a state department or agency.

6 (b) Financial data or other information included within an  
7 audited financial statement of the school district, intermediate  
8 school district, or public school academy.

13 emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942.

14 (d) Financial data or other information included within a  
15 recommended budget, budget, or general appropriations act of the  
16 school district, intermediate school district, or public school  
17 academy.

18 (e) Financial data or other information provided to a state  
19 department, agency, or authority by an officer, employee,  
20 contractor, or agent of the school district, intermediate school  
21 district, or public school academy.

22 (f) For a school district, data relating to pupil enrollment,  
23 including, but not limited to, residents of other school districts  
24 enrolled in the school district and residents of the school  
25 district enrolled in another school district or in a public school  
26 not operated by the school district.

27 (g) For a school district, financial data or other information

1 provided to the department or department of treasury by the  
2 intermediate school district in which the school district is  
3 located.

4 (h) For a public school academy, financial data or other  
5 information provided to the department or department of treasury by  
6 the authorizing body of the public school academy.

7 (4) If the state treasurer declares under subsection (3) that  
8 the potential for fiscal stress exists for a school district,  
9 intermediate school district, or public school academy, then not  
10 less than 14 days after the declaration the state treasurer shall  
11 do all of the following:

12 (a) Notify the governing body of the school district,  
13 intermediate school district, or public school academy **AND THE**  
14 **AUTHORIZING BODY OF THE PUBLIC SCHOOL ACADEMY** that the state  
15 treasurer has declared that the potential for fiscal stress exists  
16 for the school district, intermediate school district, or public  
17 school academy.

18 (b) For a school district or public school academy, notify the  
19 governing body of the school district or public school academy that  
20 it may establish a contract under subsection (5) with an  
21 intermediate school district to perform an administrative review of  
22 the financial status of the school district or public school  
23 academy.

24 (5) Subject to subsection (16), if the state treasurer  
25 declares under subsection (3) that the potential for fiscal stress  
26 exists for a school district or public school academy, the  
27 governing body of the school district or public school academy may

1 choose to establish a contract with an intermediate school district  
2 to perform an administrative review of the financial status of the  
3 school district or public school academy. An intermediate school  
4 district that is working with a school district or public school  
5 academy to establish a contract under this subsection shall consult  
6 with the department of treasury on the development of the contract.  
7 A school district or public school academy must enter into this  
8 contract within 60 days after receiving notification of the  
9 declaration from the state treasurer under subsection (4). A  
10 contract under this subsection between an intermediate school  
11 district and a school district or public school academy shall  
12 provide for all of the following:

13 (a) Within 90 days after entering into the contract, the  
14 intermediate school district shall complete an administrative  
15 review and issue recommendations to the school district or public  
16 school academy concerning those steps the school district or public  
17 school academy should consider taking to avoid a deficit.

3 the intermediate school district or its contracted agents access to  
4 any and all financial data or information relating to the financial  
5 condition of the school district or public school academy as  
6 requested by the intermediate school district.

7 (f) The school district or public school academy shall allow  
8 the intermediate school district or its contracted agents to  
9 examine all financial records and books of account of the school  
10 district or public school academy.

11 (g) The school district or public school academy shall  
12 promptly and fully provide the assistance and information necessary

16 to, complying with a request that the school district or public

19 in the immediately preceding 24 months.

20 (h) The school district or public school academy shall allow

2 (j) Either the intermediate school district or the school  
3 district or public school academy may rescind the contract, as  
4 follows:

5 (i) The intermediate school district may rescind the contract

8 or public school academy under subdivision (a).

9 (ii) The school district or public school academy may rescind  
10 the contract for any reason.

11 (6) The parties to a contract under subsection (5) may request  
12 the department of treasury to waive 1 or more of the requirements  
13 for items to be included in the intermediate school district's  
14 administrative review under subsection (5)(d). If the department of  
15 treasury grants a waiver under this subsection, then the  
16 intermediate school district's administrative review under  
17 subsection (5)(d) is not required to include the waived item or  
18 items.

19 (7) If a school district or public school academy establishes  
20 a contract with an intermediate school district under subsection  
21 (5), the intermediate school district shall submit quarterly  
22 reports to the department of treasury on the status of the  
23 implementation of the recommendations issued to the school district  
24 or intermediate school district by the intermediate school district  
25 under subsection (5)(a).

26 (8) Subject to subsection (9), the state treasurer may require  
27 a school district, intermediate school district, or public school

1 academy to submit periodic financial status reports under this  
2 section if all of the following occur:

3 (a) The state treasurer has declared under subsection (3) that  
4 the potential for fiscal stress exists for the school district,  
5 intermediate school district, or public school academy.

6 (b) More than 60 days have passed since the school district,  
7 intermediate school district, or public school academy was notified  
8 of the declaration as required under subsection (4) (a).

9 (c) For a school district or public school academy, that  
10 school district or public school academy has not established a  
11 contract with an intermediate school district in the time and  
12 manner required under subsection (5), has rescinded a contract with  
13 an intermediate school district under subsection (5) (j), or has had  
14 its contract with an intermediate school district under subsection  
15 (5) rescinded by the intermediate school district under subsection  
16 (5) (j).

17 (d) The school district, intermediate school district, or  
18 public school academy has not had a positive general fund balance  
19 of at least 5% of total general fund revenues for each of the 2  
20 most recently completed school fiscal years.

2 a contract with an intermediate school district as described under  
3 subsection (5), the state treasurer shall not require the school  
4 district or public school academy to submit periodic financial  
5 status reports under this section until at least 730 days after the  
6 governing body of the school district or public school academy was  
7 notified of the declaration of the state treasurer under subsection  
8 (4) (a). However, the state treasurer may require the school  
9 district or public school academy to submit periodic financial  
10 status reports under this section if the state treasurer determines  
11 that the school district or public school academy has not  
12 implemented any of the recommendations within 365 days after the  
13 governing body of the school district or public school academy was  
14 notified of the declaration of the state treasurer under subsection  
15 (4) (a).

16           (10) If a school district, intermediate school district, or  
17 public school academy is required to submit periodic financial

19 intermediate school district, or public school academy shall do all  
20 of the following:

21           (a) Submit a periodic financial status report in the form and

7 (e) Promptly and fully provide the assistance and information  
8 necessary and properly requested by the department of treasury in

10 section.

11 (11) If a school district, intermediate school district, or  
12 public school academy fails to submit a periodic financial status  
13 report required under this section, or if the state treasurer  
14 determines that information included on a periodic financial status  
15 report indicates that fiscal stress exists within the school  
16 district, intermediate school district, or public school academy,  
17 or that a deficit has occurred or is projected to occur within the  
18 school district, intermediate school district, or public school  
19 academy within the current school fiscal year or the next school  
20 fiscal year and that the school district, intermediate school  
21 district, or public school academy lacks the capacity to address  
22 the deficit without state assistance, then the state treasurer may  
23 require the school district, intermediate school district, or  
24 public school academy to submit an enhanced deficit elimination  
25 plan under section 1220.

26 (12) If a school district is required to submit periodic  
27 financial status reports under this section and a loan is issued to

1 the school district under the emergency **MUNICIPAL** loan act, 1980 PA  
2 243, MCL 141.931 to 141.942, the state treasurer shall require the  
3 school district to submit periodic financial status reports under  
4 this section for not more than 4 years after the date of issuance  
5 of the loan.

6 (13) A school district, intermediate school district, or  
7 public school academy is no longer required to submit periodic  
8 financial status reports under this section if the state treasurer  
9 determines that the periodic financial status reports submitted by  
10 the school district, intermediate school district, or public school  
11 academy indicate that potential fiscal stress does not exist within  
12 the school district, intermediate school district, or public school  
13 academy; that a deficit is not projected to arise within the school  
14 district, intermediate school district, or public school academy  
15 within the current school fiscal year or the next 2 school fiscal  
16 years; and that the school district, intermediate school district,  
17 or public school academy will be able to meet its financial  
18 obligations while also satisfying the school district's,  
19 intermediate school district's, or public school academy's  
20 obligations or ability to provide public educational services in a  
21 manner that complies with this act, the state school aid act, and  
22 applicable rules.

23 (14) If the state treasurer makes a determination under  
24 subsection (13) that the conditions under that subsection apply to  
25 a school district, intermediate school district, or public school  
26 academy, the state treasurer shall notify the school district,  
27 intermediate school district, or public school academy within 14

1 days after making that determination.

2 (15) CEPI shall make available to the public on its website  
3 all of the periodic financial status reports submitted to the state  
4 treasurer under this section. The state treasurer shall transmit to  
5 CEPI any documents needed by CEPI to comply with this subsection.

6 (16) If the state treasurer declares under subsection (3) that  
7 the potential for fiscal stress exists for a public school academy,  
8 then, in addition to the option under subsection (5) for the public  
9 school academy to establish a contract with an intermediate school  
10 district to perform an administrative review under subsection (5),  
11 the governing body of the public school academy may establish a  
12 contract with its authorizing body for the authorizing body to  
13 perform an administrative review of the financial status of the  
14 public school academy. If a public school academy and its  
15 authorizing body establish a contract for the authorizing body to  
16 perform an administrative review under this subsection, then all of  
17 the following apply:

18 (a) The authorizing body shall perform all of the same  
19 functions with respect to the public school academy as an  
20 intermediate school district performs for an administrative review  
21 under subsection (5).

22 (b) The contract and administrative review shall include all  
23 of the same items as a contract and administrative review under  
24 subsection (5).

25 (c) The authorizing body has all of the same powers and duties  
26 with respect to the contract and the administrative review as an  
27 intermediate school district has for a contract and administrative

1 review under subsection (5), including, but not limited to, the  
2 duty to consult with the department of treasury when working to  
3 establish the contract.

4 (d) The department of treasury shall perform the same role and  
5 shall treat the contract and administrative review, and the public  
6 school academy, in the same manner as if it were a contract and  
7 administrative review under subsection (5).

8 (e) All of the provisions under this section that apply to a  
9 contract and administrative review under subsection (5) also apply  
10 to the contract and administrative review under this subsection.

11 (2) The following reporting requirements apply for the  
12 purposes of this section and section 1219:

13 (a) Not later than March 1 of each year, the department shall  
14 prepare a report of deficits incurred or projected by school  
15 districts, intermediate school districts, and public school  
16 academies in the immediately preceding fiscal year and the progress  
17 made in reducing those deficits and submit the report to the  
18 standing committees of the legislature responsible for K-12  
19 education legislation, the appropriations subcommittees of the  
20 legislature responsible for K-12 school aid appropriations, the  
21 house and senate fiscal agencies, the state treasurer, and the  
22 state budget director. The department also shall submit quarterly  
23 interim reports concerning the progress made by school districts,  
24 intermediate school districts, and public school academies in  
25 reducing those deficits to the standing committees of the  
26 legislature responsible for K-12 education legislation, the  
27 appropriations subcommittees of the legislature responsible for K-

1 12 school aid appropriations, the house and senate fiscal agencies,  
2 the state treasurer, and the state budget director. On a quarterly  
3 basis, the superintendent of public instruction shall publicly  
4 present those reports to the appropriations subcommittees of the  
5 legislature responsible for K-12 school aid appropriations.

6 (b) Not later than March 1 of each year, the state treasurer  
7 shall prepare a report of school districts, intermediate school  
8 districts, and public school academies that were required under  
9 section 1219 to submit periodic financial status reports in the  
10 immediately preceding state fiscal year or required under this  
11 section to submit an enhanced deficit elimination plan in the  
12 immediately preceding state fiscal year, and the progress made in  
13 adhering to that plan, and submit the report to the standing  
14 committees of the legislature responsible for K-12 education  
15 legislation, the appropriations subcommittees of the legislature  
16 responsible for K-12 state school aid appropriations, the house and  
17 senate fiscal agencies, the department, and the state budget

21 status reports or are under an enhanced deficit elimination plan to  
22 the standing committees of the legislature responsible for K-12  
23 education legislation, the appropriations subcommittees of the  
24 legislature responsible for K-12 state school aid appropriations,  
25 the house and senate fiscal agencies, the department, and the state  
26 budget director. On a quarterly basis, the state treasurer shall

1 appropriations subcommittees of the legislature responsible for K-  
2 12 state school aid appropriations.

3 (3) A school district, intermediate school district, or public  
4 school academy required to submit a deficit elimination plan under  
5 this section shall submit to the superintendent of public  
6 instruction and the state treasurer a monthly monitoring report on  
7 revenue and expenditures in a form and manner prescribed by the  
8 department and shall post these reports on its website. A school  
9 district shall transmit a copy of each report under this subsection  
10 to the intermediate superintendent of the intermediate school  
11 district in which the school district is located. A public school  
12 academy shall transmit a copy of each report under this section to  
13 the authorizing body of the public school academy. A school  
14 district may contract with its intermediate school district or  
15 another entity to provide the monthly monitoring report.

16 (4) If a school district, intermediate school district, or  
17 public school academy is required to submit a deficit elimination  
18 plan under this section, and the deficit elimination plan is  
19 approved by the department, the superintendent of public  
20 instruction may continue allotment and payment of funds as provided  
21 under section 102 of the state school aid act of 1979, MCL  
22 388.1702. When approving a deficit elimination plan, the  
23 superintendent of public instruction shall establish the period of  
24 time within which a school district, intermediate school district,  
25 or public school academy must eliminate its deficit and may set  
26 special conditions that the school district, intermediate school  
27 district, or public school academy must meet while the deficit

1 elimination plan is in effect. After the department approves a  
2 school district's, intermediate school district's, or public school  
3 academy's deficit elimination plan under this subsection, the  
4 school district, intermediate school district, or public school  
5 academy shall post the deficit elimination plan on the school  
6 district's, intermediate school district's, or public school  
7 academy's website. The requirements of this section relating to a  
8 deficit elimination plan do not apply to a school district,  
9 intermediate school district, or public school academy if the  
10 school district, intermediate school district, or public school  
11 academy is required to submit an enhanced deficit elimination plan  
12 under subsection (5).

13 (5) If, based upon information included in a periodic  
14 financial status report required under section 1219, a deficit  
15 elimination plan required under this section, or a request by the  
16 superintendent of public instruction, the state treasurer  
17 determines that a school district, intermediate school district, or  
18 public school academy is subject to rapidly deteriorating financial  
19 circumstances, persistently declining enrollment, or other  
20 indicators of financial stress likely to result in recurring  
21 operating deficits or recurring financial stress within the school  
22 district, intermediate school district, or public school academy,  
23 the state treasurer may require the school district, intermediate  
24 school district, or public school academy to submit an enhanced  
25 deficit elimination plan in the form and manner determined by the  
26 department of treasury. If the deficit for a school district,  
27 intermediate school district, or public school academy that is

1 subject to a deficit elimination plan has not been completely  
2 eliminated within 5 years after it submitted its initial deficit  
3 elimination plan, the state treasurer shall require the school  
4 district, intermediate school district, or public school academy to  
5 submit an enhanced deficit elimination plan under this subsection.  
6 An enhanced deficit elimination plan shall provide for the  
7 resolution of the deteriorating financial circumstances,  
8 persistently declining enrollment, or other indicators of recurring  
9 operating deficits or recurring financial stress and is subject to  
10 approval by the state treasurer. As a condition of approving the  
11 enhanced deficit elimination plan, the state treasurer may require  
12 a school district, intermediate school district, or public school  
13 academy required to submit an enhanced deficit elimination plan  
14 under this section to enter into a financial recovery agreement  
15 with the state treasurer. A financial recovery agreement may  
16 provide for, but is not limited to, all of the following:

17 (a) Assistance and guidance from the department of treasury  
18 and other state departments and agencies.

19 (b) A financial and operating plan for the school district,  
20 intermediate school district, or public school academy.

21 (c) The appointment of a local auditor or inspector, or both.

22 (d) Remedial measures or other action under this act necessary  
23 to address the financial circumstances of the school district,  
24 intermediate school district, or public school academy.

25 (e) The required retention by the school district,  
26 intermediate school district, or public school academy of a  
27 consultant or 1 or more other experts for the purpose of assisting

1 the school district, intermediate school district, or public school  
2 academy to achieve the goals and objectives of the financial  
3 recovery agreement.

4 (6) Before a school district, intermediate school district, or  
5 public school academy submits an enhanced deficit elimination plan  
6 to the state treasurer under subsection (5), the board of the  
7 school district or intermediate school district or board of  
8 directors of the public school academy shall approve the plan. If a  
9 school district, intermediate school district, or public school  
10 academy is required to submit an enhanced deficit elimination plan  
11 under subsection (5), some or all of the money payable to the  
12 school district, intermediate school district, or public school  
13 academy under the state school aid act of 1979 may be withheld by  
14 the state treasurer and released as provided under section 102(3)  
15 of the state school aid act of 1979, MCL 388.1702. When approving  
16 an enhanced deficit elimination plan, the state treasurer may  
17 establish the period of time within which a school district,  
18 intermediate school district, or public school academy must  
19 eliminate its deficit and may set special conditions that the  
20 school district, intermediate school district, or public school  
21 academy must meet while the enhanced deficit elimination plan is in  
22 effect.

23 (7) To assure greater coordination and effective partnerships  
24 in the development and implementation of an enhanced deficit  
25 elimination plan under subsection (5), when administering  
26 subsections (5), (6), and (9), the department of treasury shall  
27 consult with all of the following:

1 (a) The department.

2 (b) The school district, intermediate school district, or  
3 public school academy required to submit an enhanced deficit  
4 elimination plan under subsection (5).

5 (c) For a school district required to submit an enhanced  
6 deficit elimination plan under subsection (5), the intermediate  
7 superintendent of the intermediate school district in which the  
8 school district is located.

9 (d) For a public school academy required to submit an enhanced  
10 deficit elimination plan under subsection (5), the authorizing body  
11 of the public school academy.

12 (8) After the state treasurer approves an enhanced deficit  
13 elimination plan for a school district, intermediate school  
14 district, or public school academy, the school district,  
15 intermediate school district, or public school academy shall post  
16 the enhanced deficit elimination plan on the school district's,  
17 intermediate school district's, or public school academy's website.

18 (9) If a school district, intermediate school district, or  
19 public school academy is required to submit an enhanced deficit  
20 elimination plan under subsection (5), the school district,  
21 intermediate school district, or public school academy shall submit  
22 to the superintendent of public instruction and the state treasurer  
23 an enhanced monthly monitoring report on revenue, expenditures,  
24 cash flow, debt, other liabilities, assets, budget amendments,  
25 pupil membership, and other data relating to the finances of the
