Pastor Chris Troxel, Associate Pastor of Trinity Lutheran Church in Utica, offered the following invocation:

“O God,

You give us life, breath, and purpose. From the time life began, You fill the world with light and peace. You make this light, this peace, Your love known to us in Jesus - to some an example, and to others Savior. Through Him You show us Your purpose in this life.

Bless these men and women representing Michigan today. Guide them as they reflect Your justice, freedom, and mercy to those they represent, to all others in this country, and the world. Overwhelm them with all they need to be faithful agents in this government at this moment in time. Move in them to be Your agents of justice and mercy, carrying out Your purpose as together we live, breathe, and in all things: love. In Your name, Amen.”

Rep. Webber moved that Rep. Schroeder be excused from today’s session.
The motion prevailed.

The Speaker called the Speaker Pro Tempore to the Chair.

Motions and Resolutions

Reps. Bellino, Wendzel, Lasinski, Garza, Kuppa, Love, Manoogian, Shannon, Sneller and Whitsett offered the following resolution:

House Resolution No. 44.

A resolution to declare March 18, 2019, as Gas Utility Worker Appreciation Day in the state of Michigan. Whereas, More than three-fourths of Michigan households use natural gas as their primary source for home heating. This makes Michigan among the top five states in residential use of natural gas and the top ten for total gas consumption; and

Whereas, Michigan has the largest underground natural gas storage capacity in the nation, holding more than one-tenth of the U.S. total. The state has the second largest number of natural gas storage fields; and

Whereas, Michigan has more than 110,000 miles of pipelines that deliver natural gas to individual homes and businesses; and

Whereas, Natural gas workers maintain a network of gas infrastructure assets that provide communities across Michigan with warm homes and businesses and cleaner electricity. It is important for Michigan to honor and recognize these men and women for their efforts in keeping homes and businesses warm and ensuring the delivery of the fuel for manufacturing processes and electricity production. At a moment’s notice, these brave men and women work in all weather systems and face dangerous conditions in order to maintain the energy infrastructure of our state; and

Whereas, Working in and around roadways is often required by employees who provide gas service which presents a daily danger. The Michigan Legislature has passed several public acts to require drivers to drive safely in workzones and provide penalties for those who don’t respect these workzones; and

Whereas, Safety is a vital aspect to natural gas transmission and distribution and the employees of transmission and distribution companies endeavor to make natural gas delivery as safe as possible; and

Whereas, March 18 is the date of the New London, Texas school explosion in 1937 that led to the widespread odorization of natural gas and an increased emphasis on natural gas safety; and

Whereas, March 18th is a national day of recognition for Gas Utility’s Worker’s Day as a way to build awareness about the hard work done by employees of natural gas utilities; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare March 18, 2019, as Gas Utility Worker Appreciation Day in the state of Michigan.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Hood, Sowerby, Lasinski, Camilleri, Pohutsky, Brixie, Hope, Sabo, VanSingel, VanWoerkom, Cherry, Sneller, Warren, Stone, LaGrand, Hoadley, Greig, Rabhi, Cynthia Johnson, Vaupel, Brann, Howell, Cambensy, Gay-Dagnogo, Whitsett, Garza, Kuppa, Love, Manoogian, Rendon and Shannon offered the following resolution:

House Resolution No. 45.

A resolution to memorialize the Congress of the United States to continue full funding of the Great Lakes Restoration Initiative.

Whereas, The Great Lakes are a critical resource for our nation, supporting the economy and a way of life in Michigan, seven other states, and two Canadian provinces within the Great Lakes region. The Great Lakes hold 20 percent of the world's surface freshwater and 90 percent of the United States' surface freshwater. This globally significant freshwater resource provides drinking water for more than 30 million people and directly supports 1.5 million jobs, generating \$62 billion in wages; and

Whereas, The Great Lakes Restoration Initiative (GLRI) has provided crucial funding to support long overdue work to protect and restore the Great Lakes. In partnership with the states, local governments, and other organizations, the federal government has invested more than \$3 billion and supported over 4,700 projects over the last decade, including around \$600 million for more than 1,100 projects in Michigan. These projects have cleaned up toxic pollution, reduced runoff from cities and farms, combatted invasive species, and restored fish and wildlife habitat; and

Whereas, The Great Lakes Restoration Initiative has made a significant difference and represents a sound investment in both the environment and the economies of the Great Lakes region. A 2018 study calculated that for every federal dollar invested in Great Lakes restoration there is \$3.35 in additional economic activity, with older industrial cities like Detroit seeing an even higher return on investment; and

Whereas, Far more work needs to be done to protect and restore the Great Lakes. Whether toxic algal blooms shutting down Toledo's drinking water supply, invasive carp threatening billion-dollar fisheries, or contaminated sediments restricting recreational opportunities, substantial limitations and threats to the use of the Great Lakes remain. These problems require a collaborative effort to solve; and

Whereas, The President of the United States proposed a Fiscal Year 2020 federal budget that reduces funding for the Great Lakes Restoration Initiative by 90 percent. This proposed \$270 million cut ignores the national significance of our country's largest reserve of drinkable, surface freshwater and jeopardizes momentum from more than a decade of unprecedented regional, bipartisan cooperation; and

Whereas, The Great Lakes are a critical natural asset. If restored and protected, they will serve as a vital resource of freshwater for generations into the future. Restoration efforts will only become more expensive and more difficult if we fail to make progress in the coming years. The federal government needs to remain an active partner with the Great Lakes region; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to continue full funding of the Great Lakes Restoration Initiative; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Natural Resources and Outdoor Recreation.
