Rep. Graham Filler, from the 93rd District, offered the following invocation:

“Lord God, I stood at this rostrum one year ago, and said a prayer asking You to open the ears and eyes of legislators, so that we might best serve the people of Michigan.

To think of the challenges and struggles that we as a state have faced since that prayer...it can be at times overwhelming...it can even lead to inaction and apathy and paralysis and deep seated anger.

But when faced with these continuous challenges - I believe that we as legislators should refuse to give up, or to be defeated, or to simply run to our partisan battle stations.

I use my time today to simply ask You Lord - Please God, put a charge today into each member of this room to go outside of their comfort zone, to think outside the box, to engage in fruitful conversations, to work across the aisle... as we all seek to build a better state and rebuild what was damaged by covid.

Put a spirit of can do into this room. Thank You Lord and amen!”

Rep. Frederick moved that Rep. Schroeder be excused from today’s session.
The motion prevailed.

Rep. Rabhi moved that Reps. Tate and Cynthia Johnson be excused from today’s session.
The motion prevailed.

The Speaker Pro Tempore called Associate Speaker Pro Tempore Paquette to the Chair.

House Resolution No. 69.

A resolution to declare April 2021 as Distracted Driving Awareness Month in the state of Michigan.

Whereas, Distracted driving constitutes a serious threat to public safety on Michigan's roads; and

Whereas, Distracted driving causes hundreds of thousands of injuries and thousands of fatalities nationally every year. According to the National Highway Traffic Safety Administration, distracted driving tragically claimed the lives of 3,142 Americans in 2019, an increase of nearly 10 percent from the year prior; and

Whereas, We remember all of the lives lost to car accidents caused by distracted driving, including the tragic loss of Mitchel Kiefer in 2016; and

Whereas, Drivers from all socio-economic backgrounds, races, ethnicities, genders, and ages engage in and are harmed by distracted driving; and

Whereas, Although drivers acknowledge the dangers of distracted driving, many still engage in dangerous practices on the road. According to the AAA Foundation for Traffic Safety, nearly 96 percent of drivers feel that typing and reading e-mails, text messages, or social media while driving is extremely dangerous. However, the Centers for Disease Control and Prevention reported that nearly 40 percent of teens still engaged in texting while driving; and

Whereas, Michigan law has prohibited texting while driving since 2010; and

Whereas, Michigan's roads would be made safer by a reduction in distracted driving; and

Whereas, The campaign to reduce distracted driving has been aided immensely by the efforts of local and state law enforcement in Michigan; and

Whereas, This month dedicated to distracted driving awareness will raise public consciousness of the dangers of distracted driving in the state of Michigan and will encourage Michiganders from all walks of life to put down their telephones while driving; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2021 as Distracted Driving Awareness Month in the state of Michigan.

House Resolution No. 70.

A resolution to declare April 2021 as Sexual Assault Awareness Month in the state of Michigan.

Whereas, Sexual Assault Awareness Month calls attention to the fact that sexual violence is widespread and impacts women, children, and men of all racial, cultural, and economic backgrounds; and

Whereas, The term sexual assault refers to sexual contact or behavior that occurs without explicit consent of the victim; and

Whereas, According to the National Sexual Violence Resource Center, one out of every five American women has been the victim of an attempted or completed rape in her lifetime and approximately 2.6 percent of American men have experienced an attempted or completed rape in their lifetime; and

Whereas, Child sexual abuse prevention must be a priority to confront the reality. From 2009-2013, Child Protective Services agencies substantiated, or found strong evidence to indicate that, 63,000 children a year were victims of sexual abuse and a majority of child victims are ages 12-17. Of victims under the age of 18, 34 percent of victims of sexual assault and rape are under age 12; and

Whereas, Michigan State Police statistics indicate that there were 6,823 incidents of rape that were reported to law enforcement in 2019; and

Whereas, Sexual violence can deeply and enduringly impact survivors on psychological, emotional, and social levels. Ninety-four percent of women who are raped experience posttraumatic stress disorder (PTSD) symptoms during the two weeks following the rape and approximately 70 percent of rape or sexual assault victims experience moderate to severe distress, a larger percentage than for any other violent crime studied in the National Crime Victimization Survey by the Bureau of Justice Statistics. Access to informed and supportive services can greatly increase survivors' ability to heal from sexual assault; and

Whereas, Sexual violence is an intolerable violent crime with public health implications for every person in Michigan. Our state and individual communities must be committed to hold sexual assault perpetrators accountable for their heinous crimes; and

Whereas, When we actively increase education, awareness, and community involvement, we can help prevent sexual violence and create a safer environment for everyone. We must work together to educate our entire population about what can be done to prevent sexual assault, support survivors, and ensure that survivors are not re-victimized; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2021 as Sexual Assault Awareness Month in the state of Michigan. We strongly support the efforts of national, state, and local partners, and of every citizen to actively engage in public and private efforts to prevent sexual violence and will take appropriate action and support one another to create a safer environment for all.

A resolution to declare April 2021 as Financial Literacy Month in the state of Michigan.

Whereas, The informed use of credit and other financial products and services benefits individual consumers and promotes economic growth; and

Whereas, Financial literacy and learning these skills at an early age encourages greater economic self-sufficiency, higher levels of successful homeownership, and enhanced retirement security, particularly among low-and moderate-income citizens; and

Whereas, Michigan has formally participated in financial literacy programming for eighteen years through the collaboration and coordinated effort of hundreds of organizations including financial institutions, non-profit groups, government entities, schools, and libraries. The initiative showcases these organizations' educational resources, strengthens public-private partnerships, engages the media, and connects people with resources to help them better manage their money; and

Whereas, A greater understanding of and familiarity with financial markets and institutions will lead to increased economic activity and growth; and

Whereas, Sixty-two percent of U.S. adults have carried credit card debt in the last 12 months and forty-three percent of adults living in the United States gave themselves a grade of C, D, or F on their knowledge of personal finance; and

Whereas, Personal financial education and money management skills are crucial to ensure that all Michiganders and especially our young people are prepared to manage credit and debt and become responsible workers, heads of households, homeowners, investors, entrepreneurs, business leaders, and productive citizens; and

Whereas, Nearly 40% of adults in the United States cannot cover an expense of \$400; and

Whereas, In the fourth quarter of 2020 outstanding household debt in the United States reached \$14.56 trillion and the total debt balance is \$414 billion higher than at the end of 2019; and

Whereas, Only 25 states require students to take an economics course as a high school graduation requirement and only 21 states require students to take a personal finance course as a high school graduation requirement, either independently or as part of an economics course; and

Whereas, In 2019 and before, this campaign conducted over 500 events and supported thousands of participants of all ages with money management education in counties throughout the state; and

Whereas, According to the most recent FDIC Survey and Report of Household Use of Banking and Financial Services, "Don't have enough money to meet minimum balance requirements" was cited by 29% of unbanked households as the main reason for not having an account; and

Whereas, The young people of our state represent Michigan's single greatest resource who, in the years ahead, will assume leadership positions and responsibility for advancement of our society; and

Whereas, Financial Literacy Month highlights the commitment of Michigan financial institutions to strengthen the financial knowledge of Michigan citizens to prepare them for a fiscally-responsible future; now, therefore be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2021 as Financial Literacy Month in the state of Michigan. House Resolution No. 72.

A resolution to declare April 2021 as Home Care Awareness Month in the state of Michigan.

Whereas, Michigan values the rights of its citizens to live as free and independent as possible into their elder years; and

Whereas, Evidence suggests that programs that support aging at home may yield cost savings for families, government, and health systems; and

Whereas, Aging at home has been shown to have health and emotional benefits over institutional care; and

Whereas, The United States has an ongoing demographic shift toward an increasingly older population, along with the fact that 76 percent of Americans over age 50 wish to remain in their homes for as long as possible; and

Whereas, Professional caregivers who number nearly 4.6 million in the United States and family caregivers estimated at 44 million are lifelines to millions of Americans who need assistance with medical, personal, and end of life care; and

Whereas, Caregiving has been proclaimed the ultimate form of love and respect and as a country we should support and demonstrate our gratitude for caregivers and their role in fulfilling an individual's desire to remain at home; and

Whereas, Promoting aging in place may also create systemic cost savings for the Medicare and Medicaid programs since these programs pay for the majority of long-term care today; and

Whereas, Our state could reduce its existing long-term care costs considerably by promoting aging at home with the aid of in-home personal care service providers; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2021 as Home Care Awareness Month in the state of Michigan. We urge Michigan citizens to learn more about how they or their family members can choose a provider in order to remain at home and lower the cost of care for Michigan's growing elderly population.

Reps. Kuppa, Cavanagh, Clemente, Young, Pohutsky, O'Neal, Thanedar, Tyrone Carter, Hope, Brabec, Brenda Carter, Neeley, Weiss, Koleszar, Bolden, Garza, Scott, Ellison, Lasinski, Jones, Haadsma, Morse, Rabhi, Sneller, Sowerby, Stone and Whitsett offered the following resolution:

House Resolution No. 76.

A resolution to memorialize the Congress of the United States to enact legislation to require corporations to disclose their corporate leadership data.

Whereas, Equitable and diverse gender representation in leadership positions in Michigan is essential to enhance the competitive position of this state in the global economy; and

Whereas, Publicly held companies with women serving on their boards of directors are more competitive. Numerous independent studies have concluded that these companies have higher reported earnings per share, higher return on equity, stronger governance structures and transparency, improved stock performance, and higher net income growth; and

Whereas, The presence of women in the boardroom creates a more positive work environment for women. Studies have found that women serving on a corporate board can substantially change the dynamics of the boardroom, enhance the likelihood that women's voices are heard, and reduce the perception of women as outsiders in positions of leadership; and

Whereas, Women are currently underrepresented on corporate boards of directors and other leadership positions in Michigan. Women comprise only 21 percent of directors and 19 percent of executive officers at Michigan public companies. Women comprise only 12 percent of named executive officers, with nearly 60 percent of Michigan public companies having none at all; and

Whereas, Women of color are even further underrepresented in corporate leadership spots. At Michigan public companies, they hold only 2 percent of board seats and 2 percent of executive officer and named executive officer positions; and

Whereas, Women continue to face significant barriers to reaching leadership positions throughout their careers. Studies show that women are less likely to receive the critical first promotion to manager, are less likely to be hired into more senior positions, and have less access to opportunities that accelerate their career. If women's ascension to leadership positions continues at the current rate in Michigan, it will take another 34 years to reach equity with men; and

Whereas, Requiring corporations to publicly disclose leadership gender diversity data will lead to increased opportunities for women in the corporate arena. Requiring disclosures can impact how companies address gender diversity. It can also lead to external pressure from investors and the public to address the issue; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to enact legislation to require corporations to disclose their corporate leadership data; and be it further

Resolved, That copies of this resolution be transmitted to the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Workforce, Trades, and Talent.

Messages from the Senate

Senate Concurrent Resolution No. 10.

A concurrent resolution to affirm our support for the Fourteenth Amendment to the U.S. Constitution.

Whereas, The Fourteenth Amendment to the U.S. Constitution was a critical step in advancing our nation towards our founding principle that “all men are created equal.” Ratified in the wake of the Civil War, the amendment extended fundamental legal and civil protections to former slaves; and

Whereas, The Fourteenth Amendment grants federal and state citizenship to all people born and naturalized in the United States and prohibits states from enforcing any law that infringes on the privileges or immunities of citizenship. This ensured that states could not deny the citizenship to newly freed slaves and directly rebuked the U.S. Supreme Court’s infamous ruling in *Dred Scott v. Sandford* (1857), in which the court ruled that African Americans could not be citizens; and

Whereas, The Fourteenth Amendment also ensures due process and equal protection under the law for all people. These clauses have been, and continue to be, crucial to important victories for progress and civil rights. The equal protection clause was critical to the U.S. Supreme Court’s rulings in *Brown v. Board of Education of Topeka* (1954) and *Loving v. Virginia* (1967), which prohibited segregation in public schools and outlawed bans on interracial marriage; and

Whereas, Protecting the rights afforded by the Fourteenth Amendment has often required the will of public leaders. Less than three years after the amendment was ratified, three federal laws were enacted to ensure its enforcement in the face of the growing Ku Klux Klan movement and state actions to subjugate former slaves. As our nation faces similar challenges, today’s public leaders have a duty to defend the right ensured by the Fourteenth Amendment; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we affirm our support for the Fourteenth Amendment to the U.S. Constitution.

The Senate has adopted the concurrent resolution.

Reps. Breen, Garza, Haadsma, Hope, Kuppa, Morse, Rabhi, Shannon and Sneller were named co-sponsors of the concurrent resolution.

Resolved, That when the House of Representatives adjourns on Thursday, March 25, 2021, it stand adjourn until Tuesday, April 13, 2021, at 1:30 p.m.
