*The People of the State of Michigan enact:*

Sec. 1341a. (1) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under this chapter, and except as otherwise provided in this section, a domestic insurer may invest in common stock, preferred stock, debt obligations, and other securities of 1 or more subsidiaries, amounts that do not exceed the lesser of 10% of the insurer’s assets or 50% of the insurer’s surplus with regard to

policyholders, if after the investments, the insurer's surplus with regard to policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to meet its financial needs.

(2) In calculating the amount described in subsection (1), any investment in domestic or foreign insurance subsidiaries, licensed third-party administrators, and domestic health maintenance organizations must be excluded from the calculation and both of the following must be included in the calculation:

(a) Total net monies or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of the subsidiary whether or not represented by the purchase of capital stock or issuance of other securities.
