EXECUTIVE ORDER

No. 2021-9

Declaration of State of Emergency

On July 7, 2021, an intense line of thunderstorms with high winds struck the southwest area of Oakland County and traveled through southern Macomb County. The cities of Farmington, Farmington Hills, and Southfield sustained flooding and a large number of downed trees and electrical lines across homes, businesses, and roadways, resulting in extensive power outages, blocked roadways, and damage to public and private property and infrastructure.

In response, on July 8 and 9, 2021, the cities of Farmington, Farmington Hills, and Southfield each declared local states of emergency, and local disaster response and recovery operations were activated. Despite these efforts, local resources have proven insufficient to cope with the situation. State assistance and other outside resources are necessary to effectively respond to and recover from the impacts of this emergency, protect public health, safety, and property, and lessen or avert the threat of more severe and lasting harm.

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the governor. Under the Emergency Management Act, 1976 PA 390, as amended, MCL 30.403(4), “[t]he governor shall, by executive order or proclamation, declare a state of emergency if he or she finds that an emergency has occurred or that the threat of an emergency exists.”

Therefore, acting under the Michigan Constitution of 1963 and Michigan law, including the Emergency Management Act, 1976 PA 390, as amended, MCL 30.401 to 30.421, I find it reasonable and necessary to order the following:

1. A state of emergency is declared for the cities of Farmington, Farmington Hills, and Southfield.
2. The Emergency Management and Homeland Security Division of the Department of State Police shall coordinate and maximize all state efforts and may call upon all state departments to use available resources to assist in the designated area pursuant to the Michigan Emergency Management Plan.

3. The state of emergency is terminated at such time as the threats to public health, safety, and property caused by the emergency no longer exist, and appropriate programs have been implemented to recover from the effects of this emergency, but in no case later than August 30, 2021 unless extended as provided by the Emergency Management Act.
