Resolutions

Senator Theis offered the following resolution:

Senate Resolution No. 83.

A resolution to condemn President Joe Biden's authoritarian decision to impose vaccine requirements on private employers.

Whereas, On September 9, 2021, President Joe Biden announced his administration's plan to impose strict COVID-19 vaccine requirements on private businesses. Employers with over 100 employees will be required to ensure employees are vaccinated or impose burdensome weekly testing regimens. The President also moved to mandate vaccines for health care workers, federal contractors, and the majority of federal workers; and

Whereas, These requirements are an egregious overreach by the President infringing on Americans' civil liberties. Health care decisions, including whether or not to get vaccinated, are deeply personal and should not be subject to intrusive and autocratic edicts from the government; and

Whereas, Imposing vaccine requirements will disproportionately impact low-income Americans. People in households with an annual income of less than \$25,000 make up the largest share of unvaccinated Americans. Imposing sanctions, such as lost employment, on the most economically vulnerable is unnecessarily cruel; and

Whereas, The President's exemption for U.S. postal workers from vaccine requirements highlights the political calculations behind the policy. Exempting these federal employees while imposing vaccines and onerous testing requirements on private sector employees undermines the assertion that the policy is about defeating COVID-19; and

Whereas, President Biden's dictate is not grounded in science and does not address the significant COVID-19 protections acquired by natural immunity. Any policy ignoring science in favor of oppressive mandates reveals the true purpose of that policy is control rather than public health. This directive serves no public health purpose and will result in resistance, not compliance; now, therefore, be it

Resolved by the Senate, That we condemn President Joe Biden's authoritarian decision to impose vaccine requirements on private employers; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations, Senator Lauwers moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The question being on the adoption of the resolution,

Senator Lauwers moved that further consideration of the resolution be postponed for today.

The motion prevailed.

Senator Geiss entered the Senate Chamber.

Senator Shirkey offered the following concurrent resolution:

Senate Concurrent Resolution No. 18.

A concurrent resolution of tribute offered as a memorial for Karen Fort Hood, judge of the Michigan Court of Appeals.

Whereas, It was with great sorrow that the members of the Michigan Legislature learned of the passing of Karen Fort Hood. Judge Hood will be remembered as a trailblazer, committed public servant, and renowned legal mind who served the people of Wayne County and the entire state with distinction during her career, which included nearly three decades as a judge; and

Whereas, Judge Hood was born in Detroit and received her undergraduate degree from Regents College of the University of the State of New York at Albany in 1980. Nine years later, she earned her law degree from the Detroit College of Law. Prior to her election as a judge, she worked as a teacher in the Detroit Public Schools, a probation officer, and special assistant prosecutor and assistant prosecuting attorney at the Wayne County Prosecutor's Office; and

Whereas, Karen Fort Hood was first elected to serve as a judge in 1992 on the Detroit Recorder's Court. She was later elected to the Wayne County Circuit Court, where she would ultimately serve as the presiding judge in the Criminal Division; and

Whereas, In 2002, Judge Hood made history when she was the first Black woman in state history to be elected to the Michigan Court of Appeals. Her work on the Court of Appeals earned her the trust of the voters in the First District, as they re-elected her in 2008, 2014, and 2020; and

Whereas, Judge Hood was known for her commitment to fairness and justice, making her a model jurist and community leader. In addition to her sterling work ethic and legal mind, she treated everyone with respect and ensured that the citizens of Michigan were heard in the courtroom. Judge Hood's personal warmth made her a model colleague, as did her commitment to professional service. She took an active role in the Association of Black Judges of Michigan, the Wolverine Bar Association, and the National Bar Association, and served on the Judicial Tenure Commission, including as the first Black woman to be chosen as the commission's chair; and

Whereas, Judge Hood had an enormous impact on the legal community and the people of Michigan during her years as a prosecutor and judge. Upon her passing, we offer condolences to her family and friends. We hope that they may find comfort in the knowledge that the community shares in their bereavement and the legacy of Karen Fort Hood will long continue to enrich our state; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we offer this expression of our highest tribute to honor the memory of Karen Fort Hood, judge of the Michigan Court of Appeals from 2003 to 2021; and be it further

Resolved, That copies of this resolution be transmitted to the Hood family as evidence of our lasting esteem for her memory.

Pending the order that, under rule 3.204, the concurrent resolution be referred to the Committee on Government Operations,

Senator Lauwers moved that the rule be suspended.
The motion prevailed, a majority of the members serving voting therefor.
The concurrent resolution was adopted by a unanimous standing vote of the Senate.

A moment of silence was observed in memory of the Honorable Karen Fort Hood, judge of the Court of Appeals.

(e) The unduplicated number of offenders who participated in substance abuse treatment programs, mental health treatment programs, or both, while in prison, itemized by diagnosis.

Sec. 615. The department shall submit a report detailing the number of prisoners who have received life imprisonment sentences with the possibility of parole and who are currently eligible for parole to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office by April 30.

Sec. 617. From the funds appropriated in part 1 for the residential alternative to prison program, the department shall provide vocational, educational, and cognitive programming in a secure environment to enhance existing alternative sentencing options, increase employment readiness and successful placement rates, and reduce new criminal behavior for the west Michigan probation violator population. The department shall measure and set the following metric goals:

(a) 85% of participants successfully complete the program.

(b) Of the participants that complete the program, 75% will earn a nationally recognized credential for career and vocational programs.

(c) Of the participants that complete the program, 100% will earn a certificate of completion for cognitive programming.

(d) The prison commitment rate for probation violators will be reduced by 5% within the impacted geographical area after the first year of program operation.

HEALTH CARE

Sec. 802. (1) As a condition of expenditure of the funds appropriated in part 1, the department shall provide the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office with quarterly reports on physical and mental health care, pharmaceutical services, and durable medical equipment, for prisoners. Reports shall detail quarterly and fiscal year-to-date expenditures itemized by vendor, allocations, status of payments from contractors to vendors, and projected year-end expenditures from accounts. Reports shall include a breakdown of all payments to the integrated care provider and to other providers itemized by physical health care, mental health care, pharmaceutical, and durable medical equipment expenditures.

(2) By April 1, the department shall provide the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office with a report on pharmaceutical prescribing practices, including a detailed accounting of expenditures on antipsychotic medications, and any changes that have been made to the prescription drug formularies.

Sec. 803. (1) The department shall assure that all prisoners, upon any health care treatment funded from appropriations in part 1, are given the opportunity to sign a release of information form designating a family member or other individual to whom the department shall release records information regarding a prisoner. A release of information form signed by a prisoner shall remain in effect for 1 year, and the prisoner may elect to withdraw or amend the release form at any time.

(2) The department shall assure that any such signed release forms follow a prisoner upon transfer to another department facility or to the supervision of a parole officer.

(3) The form shall be placed online, on a public website managed by the department.

Sec. 804. The department shall report quarterly to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on prisoner health care utilization. The report shall include the number of inpatient hospital days, outpatient visits, emergency room visits, and prisoners receiving off-site inpatient medical care in the previous quarter, by facility.

Sec. 807. (1) The funds appropriated in part 1 for Hepatitis C treatment shall be used only to purchase specialty medication for Hepatitis C treatment in the prison population. In addition to the above appropriation, any rebates received from the medications used shall be used only to purchase specialty medication for Hepatitis C treatment. On a quarterly basis, the department shall issue a report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office, showing for the previous 4 quarters the total amount spent on specialty medication for the treatment of Hepatitis C, the number of prisoners who were treated, the amount of any rebates that were received from the purchase of specialty medication, and what outstanding rebates are expected to be received.

(2) The report shall also include the number of offenders requiring retreatment for Hepatitis C, broken down by the number of those who have been retreated while incarcerated and the number of those treated and released and then retreated upon reincarceration.

Sec. 812. (1) The department shall provide the department of health and human services with a monthly list of prisoners newly committed to the department of corrections. The department and the department of health and human services shall enter into an interagency agreement under which the department of health and human services provides the department of corrections with monthly lists of newly committed prisoners who are eligible for Medicaid benefits in order to maintain the process by which Medicaid benefits are suspended rather than terminated. The department shall assist prisoners who may be eligible for Medicaid benefits after release from prison with the Medicaid enrollment process prior to release from prison.

(2) The department shall provide the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office with quarterly updates on the utilization of Medicaid benefits for prisoners.

CORRECTIONAL FACILITIES ADMINISTRATION

Sec. 902. (1) From the funds appropriated in part 1, the department shall notify the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office of the department's plans to eliminate programming for prisoners. Notice shall be provided at least 30 days prior to program elimination.

(2) As used in this section, “programming for prisoners” means a department core program or career and technical education program funded in part 1.

Sec. 903. From the funds appropriated in part 1 for prison food service, the department shall report biannually to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the following:

(a) Average per-meal cost for prisoner food service. Per-meal cost shall include all costs directly related to the provision of food for the prisoner population, and shall include, but not be limited to, actual food costs, total compensation for all food service workers, including benefits and legacy costs, and inspection and compliance costs for food service.

(b) Food service-related contracts, including goods or services to be provided and the vendor.

(c) Major sanitation violations.

Sec. 904. The department shall calculate the cost per prisoner per day for each security custody level. This calculation shall include all actual direct and indirect costs for the previous fiscal year. To calculate the cost per prisoner per day, the department shall divide the prisoner-related costs by the total number of prisoner days for each custody level and correctional facility. For multilevel facilities, costs that cannot be accurately allocated to each custody level can be included in the calculation on a per-prisoner basis for each facility. A report summarizing these calculations shall be submitted to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office not later than December 15. Prisoner-related costs included in the cost per prisoner per day calculation shall include all expenditures for the following, from all fund sources:

(a) New custody staff training.

(b) Prison industries operations.

(c) Education/skilled trades/career readiness programs.

(d) Enhanced food technology program.

(e) Offender success programming.

Sec. 906. Any local unit of government or private nonprofit organization that contracts with the department for public works services shall be responsible for financing the entire cost of such an agreement.

Sec. 907. The department shall report by March 1 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on academic and vocational programs. The report shall provide information relevant to an assessment of the department’s academic and vocational programs, including, but not limited to, all of the following:

(a) The number of instructors and the number of instructor vacancies, by program and facility.

(b) The number of prisoners enrolled in each program, the number of prisoners completing each program, the number of prisoners who do not complete each program and are not subsequently reenrolled, and the reason for not completing the program, the number of prisoners transferred to another facility while enrolled in a program and not subsequently reenrolled, the number of prisoners enrolled who are repeating the program, and the number of prisoners on waiting lists for each program, all itemized by facility.

(c) The steps the department has undertaken to improve programs, track records, accommodate transfers and prisoners with health care needs, and reduce waiting lists.

(d) The number of prisoners paroled without a high school diploma and the number of prisoners paroled without a high school equivalency.

(e) An explanation of the value and purpose of each program, for example, to improve employability, reduce recidivism, reduce prisoner idleness, or some combination of these and other factors.

(f) An identification of program outcomes for each academic and vocational program.

(g) The number of prisoners not paroled at their earliest release date due to lack of a high school equivalency, and the reason those prisoners have not obtained a high school equivalency.

Sec. 910. The department shall allow the Michigan Braille transcribing fund program to operate at designated locations. The department shall continue to encourage the Michigan Braille transcribing fund program to produce high-quality materials for use by the visually impaired.

Sec. 911. (1) The department shall report as follows to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office:

(a) Within 72 hours of occurrence, any critical incident occurring at a correctional facility.

(b) By March 1, the number of critical incidents occurring each month at each facility during the immediately preceding calendar year, categorized by type and severity of each incident.

(2) As used in this section, "critical incident" includes a prisoner assault on staff that results in a serious physical injury to staff, an escape or attempted escape, a prisoner disturbance that causes facility operation concerns, and an unexpected death of a prisoner.

Sec. 912. The department shall report quarterly to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the ratio of correctional officers to prisoners for each correctional institution, the ratio of shift command staff to line custody staff, and the ratio of noncustody institutional staff to prisoners for each correctional institution.

Sec. 913. (1) From the funds appropriated in part 1, the department shall focus on providing required programming to prisoners who are past their earliest release date because of not having received the required programming. Programming includes, but is not limited to, violence prevention programming, assaultive offender programming, sexual offender programming, substance abuse treatment programming, thinking for a change programming, and any other programming that is required as a condition of parole.

(2) It is the intent of the legislature that any prisoner required to complete a violence prevention program, sexual offender program, or other program as a condition of parole shall be placed on a waiting list for the appropriate programming upon entrance to prison and transferred to a facility where that program is available in order to accomplish timely completion of that program prior to the expiration of his or her minimum sentence and eligibility for parole. To the extent feasible, the department shall consistently provide prisoner programming with the goal of having prisoners complete recommended cognitive programming as early as possible during the prisoner's sentence to impact the prisoner's behavior while incarcerated. Nothing in this section should be deemed to make parole denial appealable in court.

(3) The department shall submit a quarterly report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office detailing enrollment in sex offender programming, assaultive offender programming, violent offender programming, and thinking for a change programming. At a minimum, the report shall include the following:

(a) A full accounting, from the date of entrance to prison, of the number of individuals who are required to complete the programming, but have not yet done so.

(b) The number of individuals who have reached their earliest release date, but who have not completed required programming.

(c) A plan of action for addressing any waiting lists or backlogs for programming that may exist.

Sec. 920. If a female prisoner in a facility funded from appropriations in part 1 consents to a visitor being present, the department shall allow that 1 person to be present during the prisoner's labor and delivery. The person allowed to accompany the prisoner must be an immediate family member, legal guardian, spouse, or domestic partner. The department is authorized to deny access to a visitor if the department has a safety concern with that visitor's access. The department is authorized to conduct a criminal background check on a visitor.

Sec. 924. The department shall evaluate all prisoners at intake for substance abuse disorders, serious developmental disorders, serious mental illness, and other mental health disorders. Prisoners with serious mental illness or serious developmental disorders shall not be removed from the general population as a punitive response to behavior caused by their serious mental illness or serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners with serious mental illness or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services funded from appropriations in part 1. A prisoner with serious mental illness or serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

Sec. 925. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the annual number of prisoners in administrative segregation between October 1, 2020 and September 30, 2021, and the annual number of prisoners in administrative segregation between October 1, 2020 and September 30, 2021 who at any time during the current or prior prison term were diagnosed with

serious mental illness or have a developmental disorder and the number of days each of the prisoners with serious mental illness or a developmental disorder have been confined to administrative segregation.

Sec. 929. From the funds appropriated in part 1, the department shall do all of the following:

(a) Ensure that any inmate care and control staff in contact with prisoners less than 18 years of age are adequately trained with regard to the developmental and mental health needs of prisoners less than 18 years of age. By April 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the training curriculum used and the number and types of staff receiving annual training under that curriculum.

(b) Provide appropriate placement for prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder and need to be housed separately from the general population. Prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder shall not be removed from an existing placement as a punitive response to behavior caused by their serious mental illness, serious emotional disturbance, or a serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners less than 18 years of age with serious emotional disturbance, serious mental illness, or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner less than 18 years of age with serious mental illness, serious emotional disturbance, or a serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

(c) Implement a specialized offender success program that recognizes the needs of prisoners less than 18 years old for supervised offender success.

Sec. 930. The department shall submit a quarterly report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the number of youth in prison. The report shall include, but not be limited to, the following information:

(a) The total number of inmates under age 18 who are not on Holmes youthful trainee act status.

(b) The total number of inmates under age 18 who are on Holmes youthful trainee act status.

(c) The total number of inmates aged 18 to 23 who are on Holmes youthful trainee act status.

Sec. 940. (1) Any lease, rental, contract, or other legal agreement that includes a provision allowing a private person or entity to use state-owned facilities or other property to conduct a for-profit business enterprise shall require the lessee to pay fair market value for the use of the state-owned property.

(2) The lease, rental, contract, or other legal agreement shall also require the party using the property to make a payment in lieu of taxes to the local jurisdictions that would otherwise receive property tax revenue, as if the property were not owned by the state.

Sec. 942. The department shall ensure that any contract, funded from appropriations in part 1, with a public or private party to operate a facility to house state prisoners includes a provision to allow access by both the office of the legislative auditor general and the office of the legislative corrections ombudsman to the facility and to appropriate records and documents related to the operation of the facility. These access rights for both offices shall be the same for the contracted facility as for a general state-operated correctional facility.

Sec. 943. The department shall submit a report by May 1 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the actual and projected savings achieved by closing correctional facilities. Savings amounts shall be itemized by facility. Information required by this section shall start with the closure of the Pugsley Correctional Facility, which closed in September of 2016, and shall continue for each facility closed thereafter.

Sec. 944. When the department is planning to close a correctional facility, the department shall fully consider the potential economic impact of the prison closure on the community where the facility is located. The department, when weighing all factors related to the closure of a facility, shall also consider the impact on the local community where the facility to be closed is located.

Sec. 945. From the funds appropriated in part 1, the department shall notify the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office of the department's plans to close, consolidate, or relocate any correctional facility in the state. Notice shall be provided at least 30 days prior to effective date of closure, consolidation, or relocation.

Sec. 946. The department shall consult with the legislature and other appropriate state agencies to develop a framework to provide investment in communities that have formerly operational state correctional facilities that have been closed. This framework shall include plans to ensure that vacant state correctional facilities do not become a nuisance or danger to the community.

MISCELLANEOUS

Sec. 1009. The department shall make an information packet for the families of incoming prisoners available on the department’s website. The information packet shall be updated by February 1. The packet shall provide information on topics including, but not limited to: how to put money into prisoner accounts, how to make phone calls or create Jpay email accounts, how to visit in person, proper procedures for filing complaints or grievances, the rights of prisoners to physical and mental health care, how to utilize the offender tracking information system (OTIS), truth-in-sentencing and how it applies to minimum sentences, the parole process, and guidance on the importance of the role of families in the reentry process. The department is encouraged to partner with external advocacy groups and actual families of prisoners in the packet-writing process to ensure that the information is useful and complete.

Sec. 1011. The department may accept in-kind services and equipment donations to facilitate the addition of a cable network that provides programming that will address the religious needs of incarcerated individuals. This network may be a cable television network that presently reaches the majority of households in the United States. A bilingual channel affiliated with this network may also be added to department programming to assist the religious needs of Spanish-speaking inmates. The addition of these channels shall be at no additional cost to this state.

Sec. 1013. From the funds appropriated in part 1, priority may be given to funding reentry or rehabilitation programs that have been demonstrated to reduce prison violence and recidivism, including faith-based initiatives.

ONE-TIME APPROPRIATIONS

Sec. 1101. From the funds appropriated in part 1, \$1,500,000.00 shall be allocated to an organization that provides prison-based rehabilitation programming including educational, life skills, and behavioral modification programs. The objective of programming is to offer a progressive transformational program to individuals while they are in prison, in an effort to prepare them for a successful transition back into the community. The department shall select an organization that meets all of the following to provide the programming under this section:

(a) Has the purpose to increase community safety by reducing recidivism through providing evidence-based mentoring, employment soft skills training, job placement assistance, and critical thinking skills, mediation, and conflict resolution training.

(b) Has experience offering programs to male and female prison populations in correctional facilities in this state.

(c) Has been offering programs for 20 consecutive years and has been offering programs in at least 5 correctional facilities in this state.

(d) Has experience with and offers programming that includes the family in the reentry process using the family group decision-making for reintegration model, which focuses on 7 factors as a basis for successful family reintegration.

(e) Has experience with and offers programming that utilizes techniques to address post-prison adjustment disorders.

Sec. 1102. (1) From the funds appropriated in part 1, the department shall initiate a pilot program to provide care management to parolees postrelease, which may include the development of a prerelease mental health discharge plan for parolees in prosperity region 8.

(2) The pilot program under subsection (1) must continue for at least 1 year with the goal of serving a minimum of 75 parolees. The pilot program must include, but is not limited to, case management and assessments, registration and use by community providers, the tracking of interactions between the care team members and parolees, and the ability for parolees to provide feedback.

All grant funds are considered direct appropriations and, subject to receipt of all information under subsections (2) and (3), shall be disbursed by the Michigan strategic fund, as determined by the grant agreement. Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant. An initial disbursement of 50% shall be provided to the grantee upon execution of the grant agreement.

(2) The Michigan strategic fund shall execute a grant agreement with each recipient in order to receive funding. The grant agreement shall include, but is not limited to, the following:

(a) All necessary identifying information for the recipient, including any necessary tax identification information.

(b) A description of the project for which the grant funds will be expended, including tentative timeline and estimated budget. No expenditures outside of the project purpose, as stated in the executed grant agreement, shall be reimbursed from appropriations in part 1.

(c) A requirement that after the initial 50% disbursement, additional funds shall only be disbursed after verification that the initial payment has been fully expended, in accordance with the project purpose. The remaining funds shall be disbursed in a manner specified in the grant agreement. The grantee must provide sufficient documentation, as determined by the Michigan strategic fund, to verify that all expenditures were made in accordance with the project purpose.

(d) A requirement for quarterly reports from the recipient to the Michigan strategic fund that provide the status of the project and an accounting of all funds expended by the recipient.

The state budget director may, on a case-by-case basis, extend this deadline, upon request by a grant recipient.

(5) If a grantee does not provide information sufficient to execute a grant agreement by May 1, 2022, funds associated with that grant shall be returned to the state treasury.

STATE BUILDING AUTHORITY

Sec. 1100. (1) Subject to section 242 of the management and budget act, 1984 PA 431, MCL 18.1242, and upon the approval of the state building authority, the department of treasury may expend from the general fund of the state during the fiscal year an amount to meet the cash flow requirements of those state building authority projects solely for lease to a state agency identified in both part 1 and this section, and for which state building authority bonds or notes have not been issued, and for the sole acquisition by the state building authority of equipment and furnishings for lease to a state agency as permitted by 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of bonds or notes is authorized by a legislative appropriation act that is effective for the immediately preceding fiscal year. Any general fund advances for

which state building authority bonds have not been issued shall bear an interest cost to the state building authority at a rate not to exceed that earned by the state treasurer’s common cash fund during the period in which the advances are outstanding and are repaid to the general fund of the state.

(2) Upon sale of bonds or notes for the projects identified in part 1 or for equipment as authorized by a legislative appropriation act and in this section, the state building authority shall credit the general fund of the state an amount equal to that expended from the general fund plus interest, if any, as defined in this section.

(3) For state building authority projects for which bonds or notes have been issued and upon the request of the state building authority, the state treasurer shall make advances without interest from the general fund as necessary to meet cash flow requirements for the projects, which advances shall be reimbursed by the state building authority when the investments earmarked for the financing of the projects mature.

(4) In the event that a project identified in part 1 is terminated after final design is complete, advances made on behalf of the state building authority for the costs of final design shall be repaid to the general fund in a manner recommended by the director.

Sec. 1102. (1) State building authority funding to finance construction or renovation of a facility that collects revenue in excess of money required for the operation of that facility shall not be released to a university or community college unless the institution agrees to reimburse that excess revenue to the state building authority. The excess revenue shall be credited to the general fund to offset rent obligations associated with the retirement of bonds issued for that facility. The auditor general shall annually identify and present an audit of those facilities that are subject to this section. Costs associated with the administration of the audit shall be charged against money recovered pursuant to this section.

(2) As used in this section, “revenue” includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

Sec. 1103. The state building authority shall provide to the JCOS, senate and house fiscal agencies, and state budget director a report relative to the status of construction projects associated with state building authority bonds as of September 30 of each year, on or before October 15, or not more than 30 days after a refinancing or restructuring bond issue is sold. The report shall include, but is not limited to, the following:

(a) A list of all completed construction projects for which state building authority bonds have been sold, and which bonds are currently active.

(b) A list of all projects under construction for which sale of state building authority bonds is pending.

(c) A list of all projects authorized for construction or identified in an appropriations act for which approval of schematic/preliminary plans or total authorized cost is pending that have state building authority bonds identified as a source of financing.

This subsection does not apply to the submission of a waiver, a state plan amendment, or similar proposal that does not propose a material change or is outside of the ordinary course of waiver, state plan amendment, or similar proposed submissions.

(2) The department shall provide written reports on a semiannual basis to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the state budget office summarizing the status of any new or ongoing discussions with CMS, the United States Department of Health and Human Services, or other federal agency regarding potential or future waiver applications as well as the status of submitted waivers that have not yet received federal approval. If, at the time a semiannual report is due, there are no reportable items, then no report is required to be provided.

Sec. 264. The department shall not take disciplinary action against an employee of the department in the state classified civil service for communicating with a member of the legislature or his or her staff, unless the communication is prohibited by law and the department is exercising its authority as provided by law.

Sec. 270. The department shall advise the legislature of the receipt of a notification from the attorney general's office of a legal action in which expenses had been recovered according to section 106(6) of the social welfare act, 1939 PA 280, MCL 400.106. The report shall contain actual spending and revenue in the previous fiscal year, spending and revenue projections for the current fiscal year as enacted, and spending and revenue projections within the executive budget proposal for the fiscal year beginning October 1, 2022 for each individual line item for the department budget. - (3) By February 15 of the current fiscal year, the department shall prepare an annual report of its efforts to identify TANF maintenance of effort sources and rationale for any increases or decreases from all of the following, but not limited to:

- (a) Other departments.
- (b) Local units of government.
- (c) Private sources.

Sec. 275. (1) On a quarterly basis, the department, with the approval of the state budget director, is authorized to realign sources between other federal, TANF, and capped federal financing authorizations in order to maximize federal revenues. This realignment of financing shall not produce a gross increase or decrease in the department's total individual line item authorizations, nor will it produce a net increase or decrease in total federal revenues, or a net increase in TANF authorization.

(2) On a quarterly basis the department shall report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the house and senate policy offices on the realignment of federal fund sources transacted to date in the current fiscal year under the authority of subsection (1), including the dates, line items, and amounts of the transactions.

Sec. 288. (1) Beginning October 1 of the current fiscal year, no less than 90% of a new department contract supported solely from state restricted funds or general fund/general purpose funds and designated in this part or part 1 for a specific entity for the purpose of providing services to individuals shall be expended for those services after the first year of the contract.

(2) The department may allow a contract to exceed the limitation on administrative and services costs under subsection (1) if a grantee can demonstrate to the department that an exception should be made to the provision in subsection (1).

(3) By September 30 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, house and senate fiscal agencies, and state budget office on the rationale for all exceptions made to subsection (1) and the number of contracts terminated due to violations of subsection (1).

Sec. 289. Sec. 290. Any public advertisement for public assistance shall also inform the public of the welfare fraud hotline operated by the department.

Sec. 296. From the funds appropriated in part 1, the department to the extent permissible under section 8 of 1964 PA 170, MCL 691.1408, is responsible for the necessary and reasonable attorney fees and costs incurred by private and independent legal counsel chosen by current and former classified and unclassified department employees in the defense of the employees in any state or federal lawsuit or investigation related to the water system in a city or community in which a declaration of emergency was issued because of drinking water contamination.

Sec. 297. (1) On a quarterly basis, the department shall report to the senate and house appropriations committees, the senate and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies the following information:

(c) Estimated net cost savings achieved by the department by remote work.

(d) Reduced use of office space associated with remote work.

Sec. 299. (1) No state department or agency shall issue a request for proposal (RFP) for a contract in excess of \$5,000,000.00, unless the department or agency has first considered issuing a request for information (RFI) or a request for qualification (RFQ) relative to that contract to better enable the department or agency to learn more about the market for the products or services that are the subject of the RFP. The department or agency shall notify the department of technology, management, and budget of the evaluation process used to determine if an RFI or RFQ was not necessary prior to issuing the RFP.

(2) From funds appropriated in part 1, for all RFPs issued during the current fiscal year where an existing service received proposals by multiple vendors, the department shall notify all vendors within 30 days after the RFP decision. The notification to vendors shall include details on the RFP process, including the respective RFP scores and the respective cost for each vendor. If the highest scored RFP or lowest cost RFP does not receive the contract for an existing service offered by the department, the notification shall issue an explanation for the reasons that the highest scored RFP or lowest cost RFP did not receive the contract and detail the incremental cost target amount or service level required that was required to migrate the service to a new vendor. Additionally, the department shall include in the notification details as to why a cost or service difference is justifiable if the highest scored or lowest cost vendor does not receive the contract.

(3) The department shall submit to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office by September 30 of the current fiscal year, a report that includes the following:

(a) A summary of all RFPs issued for a contract in excess of \$5,000,000.00 including whether an RFI or RFQ was considered, and whether an RFI or RFQ was issued before issuing the RFP or whether the issuance of an RFI or RFQ was determined not to be necessary.

(b) A summary of all RFPs during the current fiscal year if an existing service received proposals by multiple vendors.

(c) A list of all finalized RFPs if there was a divergence from awarding the contract to the lowest-cost or highest-scoring vendor, and details as to why a divergence is justifiable as provided in the notification to vendors under subsection (2).

(d) The cost or service threshold required by department policy that must be satisfied in order for an existing contract to be received by a new vendor.

DEPARTMENTAL ADMINISTRATION AND SUPPORT

Sec. 301. From the funds appropriated in part 1 for terminal leave payments, the department shall not spend in excess of its annual gross appropriation unless it identifies and requests a legislative transfer from another budgetary line item supporting administrative costs, as provided by section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

CHILD SUPPORT ENFORCEMENT

Sec. 401. (1) The appropriations in part 1 assume a total federal child support incentive payment of \$26,500,000.00.

(2) From the federal money received for child support incentive payments, \$12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, \$14,500,000.00 shall be paid to the counties based on each county's performance level for each of the federal performance measures as established in 45 CFR 305.2.

(4) If the child support incentive payment to the state from the federal government is greater than \$26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches \$15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

(6) If the child support incentive payment to the state from the federal government is less than \$26,500,000.00, then the state and county share shall each be reduced by 50% of the shortfall.

Sec. 409. (1) If statewide retained child support collections exceed \$38,300,000.00, 75% of the amount in excess of \$38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current fiscal year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days after the authorization adjustment in subsection (1).

COMMUNITY SERVICES AND OUTREACH

Sec. 450. (1) From the funds appropriated in part 1 for school success partnership program, the department shall allocate \$525,000.00 of TANF revenue by December 1 of the current fiscal year to support the Northeast Michigan Community Service Agency programming. The department shall distribute the reports within 1 week after receipt to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office.

Sec. 452. From the funds appropriated in part 1 for crime victim justice assistance grants, the department shall continue to support forensic nurse examiner programs to facilitate training for improved evidence collection for the prosecution of sexual assault. The funds shall be used for program coordination and training.

Sec. 453. (1) From the funds appropriated in part 1 for homeless programs, the department shall allocate funds to the emergency shelter program to support efforts of shelter providers to move homeless individuals and households into permanent housing as quickly as possible. Funding provided shall be equal to or exceed the amount a provider would receive if paid a \$19.00 per diem rate per bed night. Expected outcomes are increased shelter discharges to stable housing destinations, decreased recidivism rates for shelter clients, and a reduction in the average length of stay in emergency shelters.

(2) By March 1 of the current fiscal year, the department shall submit to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, the house and senate policy offices, and the state budget office a report on the total amount expended for the program in the previous year, the total number of shelter nights provided, and the average length of stay in an emergency shelter.

Sec. 455. As a condition of receipt of federal TANF revenue, homeless shelters and human services agencies shall collaborate with the department to obtain necessary TANF eligibility information on families as soon as possible after admitting a family to the homeless shelter. From the funds appropriated in part 1 for homeless programs, the department is authorized to make allocations of TANF revenue only to the homeless shelters and human services agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. Homeless shelters or human services agencies that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive reimbursements that exceed the per diem amount they received in fiscal year 2000. The use of TANF revenue under this section is not an ongoing commitment of funding.

Sec. 456. From the funds appropriated in part 1 for homeless programs, the department shall allocate \$90,000.00 to reimburse public service agencies that provide documentation of paying birth certificate fees on behalf of category 1 homeless clients at county clerk's offices. Public service agencies shall be reimbursed for the cost of the birth certificate fees quarterly until this allocation is fully spent.

(3) The sexual assault evidence tracking fund established in section 1451 of 2017 PA 158 shall continue to be maintained in the department of treasury. Money in the sexual assault evidence tracking fund at the close of a fiscal year remains in the sexual assault evidence tracking fund, does not revert to the general fund, and shall be appropriated as provided by law for the development and implementation of a uniform statewide sexual assault evidence kit tracking system as described in subsection (1).

(4) By September 30 of the current fiscal year, the department shall submit to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and

house policy offices, and the state budget office a report on the findings of the annual audit of the proper submission of sexual assault evidence kits as required by and in compliance with the sexual assault kit evidence submission act, 2014 PA 227, MCL 752.931 to 752.935. The report must include, but is not limited to, a detailed county-by-county compilation of the number of sexual assault evidence kits that were properly submitted and the number that met or did not meet deadlines established in the sexual assault kit evidence submission act, 2014 PA 227, MCL 752.931 to 752.935, the number of sexual assault evidence kits retrieved by law enforcement after analysis, and the physical location of all released sexual assault evidence kits collected by health care providers in that year, as of the date of the annual draft report for each reporting agency.

From the funds appropriated in part 1 for crime victim rights services grants, the department shall allocate \$2,000,000.00 from the crime victim's rights fund to maintain increased grant funding to support the further use of crime victim advocates in the criminal justice system. The purpose of the additional funding is to increase available grant funding for crime victim advocates to ensure that the advocates have the resources, training, and funding needed to respond to the physical and emotional needs of crime victims and to provide victims with the necessary services, information, and assistance in order to help them understand and participate in the criminal justice system and experience a measure of safety and security throughout the legal process.

Sec. 459. From the funds appropriated in part 1 for child advocacy centers, the department shall allocate \$1,000,000.00 to continue to provide additional funding to child advocacy centers to support the general operations of child advocacy centers. The purpose of this additional funding is to increase the amount of services provided to children and their families who are victims of abuse over the amount provided in the previous fiscal year. The additional funding directed in this section shall only be used for the purposes described under section 4 of the children's advocacy center act, 2008 PA 544, MCL 722.1044.

Sec. 461. (1) From the funds appropriated in part 1 for runaway and homeless youth grants, the department shall maintain the recent \$500,000.00 state general fund/general purpose revenue increase to funding to support the runaway and homeless youth services program. The purpose of the additional funding is to support current programs for contracted providers that provide emergency shelter and services to homeless and runaway youth.

The pilot projects shall utilize the evidence-informed integrated trauma recovery services model developed by the University of California - San Francisco for service provision and shall be located in a city with a population between 52,300 and 55,000 according to the 2010 federal decennial census, in a city with a population between 26,000 and 26,050 according to the 2010 federal decennial census, in a city with a population between 150,000 and 200,000 according to the 2010 federal decennial census, and in a city with a population greater than 500,000 according to the 2010 federal decennial census.

CHILDREN'S SERVICES AGENCY - CHILD WELFARE

Sec. 501. (1) A goal is established that not more than 25% of all children in foster care at any given time during the current fiscal year, if in the best interest of the child, will have been in foster care for 24 months or more.

(2) By March 1 of the current fiscal year, the department shall provide to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office a report describing the steps that will be taken to achieve the specific goal established in this section and on the percentage of children who currently are in foster care and who have been in foster care a total of 24 or more months.

Sec. 502. From the funds appropriated in part 1 for foster care, the department shall provide 50% reimbursement to Indian tribal governments for foster care expenditures for children who are under the jurisdiction of Indian tribal courts and who are not otherwise eligible for federal foster care cost sharing. The department may provide up to 100% reimbursement to Indian tribal governments that enter into a state-tribal title IV-E agreement allowed under this state's title IV-E state plan.

Sec. 503. (1) In accordance with the final report of the Michigan child welfare performance-based funding task force issued in response to section 503 of article X of 2013 PA 59, the department shall continue to review, update, or develop actuarially sound case rates for necessary child welfare foster care case management services that achieve permanency by the department and private child placing agencies in a prospective payment system under a performance-based funding model.

(2) In accordance with the final report of the Michigan child welfare performance-based funding task force issued in response to section 503 of article X of 2013 PA 59, the department shall continue an independent, third-party evaluation of the performance-based funding model.

(3) The department shall only implement the performance-based funding model into additional counties where the department, private child welfare agencies, the county, and the court operating within that county have signed a memorandum of understanding that incorporates the intentions of the concerned parties in order to implement the performance-based funding model.

(4) The department, in conjunction with members from both the house of representatives and senate, private child placing agencies, the courts, and counties shall continue to implement the recommendations that are described in the workgroup report that was provided in section 503 of article X of 2013 PA 59 to establish a performance-based funding model pilot program for public and private child welfare services providers. The department shall provide quarterly reports on the status of the performance-based contracting model to the senate and house appropriations subcommittees on the department budget, the senate and house standing committees on families and human services, and the senate and house fiscal agencies and policy offices.

(5) From the funds appropriated in part 1 for the performance-based funding model pilot, the department shall continue to work with the West Michigan Partnership for Children Consortium on the implementation of the performance-based funding model pilot. The consortium shall accept and comprehensively assess referred youth, assign cases to members of its continuum or leverage services from other entities, and make appropriate case management decisions during the duration of a case. The consortium shall operate an integrated continuum of care structure, with services provided by both private and public agencies, based on individual case needs. The consortium shall demonstrate significant organizational capacity and competencies, including experience with managing risk-based contracts, financial strength, experienced staff and leadership, and appropriate governance structure.

Sec. 504. (1) From the funds appropriated in part 1, the department shall continue the master agreement with the West Michigan Partnership for Children Consortium for the fifth year of the planned 5-year agreement to pilot a performance-based child welfare contracting pilot program. The consortium shall consist of a network of affiliated child welfare service providers that will accept and comprehensively assess referred youth, assign cases to members of its continuum or leverage services from other entities, and make appropriate case management decisions during the duration of a case.

(2) As a condition for receiving the funding in part 1, the West Michigan Partnership of Children Consortium shall maintain a contract agreement with the department that supports a global capitated payment model. The capitated payment amount shall be based on historical averages of the number of children served in Kent County and for the costs per foster care case. The West Michigan Partnership for Children Consortium is required to manage the cost of the child population it serves. The capitated payment amount shall be reviewed and adjusted no less than twice during the current fiscal year or due to any policy changes implemented by the department that result in a volume of placements that differ in a statistically significant manner from the amount allocated in the annual contract between the department and the West Michigan Partnership for Children as determined by an independent actuary as well as to account for changes in case volumes and any statewide rate increases that are implemented. The contract agreement requires that the

West Michigan Partnership for Children Consortium shall maintain the following stipulations and conditions:

(a) That the service component of the capitated payment will be calculated assuming rates paid to providers under the pilot program are generally consistent with the department's payment policies for providers throughout the rest of this state.

(b) To maintain a risk reserve of at least \$1,500,000.00 to ensure it can meet unanticipated expenses within a given fiscal year.

(c) That until the risk reserve is established, the West Michigan Partnership for Children Consortium shall submit to the department a plan for how they will manage expenses to fit within their capitated payment revenue. The department shall review and approve any new investments in provider payments above statewide rates and norms to ensure they are supported by offsetting savings so that costs remain within available revenue.

(d) To cooperate with the department on an independent fiscal analysis of costs incurred and revenues received during the course of the pilot program to date.

(3) By March 1 of the current fiscal year, the consortium shall provide to the department and the house and senate appropriations subcommittees on the department budget a report on the consortium, including, but not limited to, actual expenditures, number of children placed by agencies in the consortium, fund balance of the consortium, and the outcomes measured.

Sec. 506. From the funds appropriated in part 1 for attorney general contract, by March 1 of the current fiscal year, the department shall submit to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office, a report on the juvenile justice system in any county in which funds appropriated in part 1 are expended. The report shall include, but not be limited to, the following:

(a) The number of youth referred or committed to the department for care or supervision in the previous fiscal year and in the first quarter of the current fiscal year.

(b) The number of youth referred or committed to the care or supervision of the county in which funds appropriated in part 1 were expended for the previous fiscal year and the first quarter of the current fiscal year.

(c) The type of setting for each youth referred or committed for care or supervision, any applicable performance outcomes, and identified financial costs or savings.

Sec. 507. The department's ability to satisfy appropriation deducts in part 1 for foster care private collections is not limited to collections and accruals pertaining to services provided only in the current fiscal year but may include revenues collected during the current fiscal year for services provided in prior fiscal years.

Sec. 508. (1) In addition to the amount appropriated in part 1 for children's trust fund grants, money granted or money received as gifts or donations to the children's trust fund created by 1982 PA 249, MCL 21.171 to 21.172, is appropriated for expenditure.

(2) For the funds described in subsection (1), the department shall ensure that administrative delays are avoided and the local grant recipients and direct service providers receive money in an expeditious manner. The department and board shall make available the children's trust fund contract funds to grantees within 31 days of the start date of the funded project.

COMMUNICATION AND CUSTOMER SERVICES

Sec. 408. By October 21, the department shall submit to the senate and house appropriations subcommittees on natural resources a report on all land transactions approved by the natural resources commission in the fiscal year ending September 30, 2021. (2) From the funds appropriated in part 1 for wildlife management, up to \$505,000.00 from the general fund shall be credited to the game and fish protection account to supplant lost revenue that would otherwise be collected from full-price antlerless deer licenses sold for deer management units 452 and 487 pursuant to the fees set in section 43527a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.43527a, if not for the discount in subsection (1). The state budget director shall authorize the expenditure of these funds only upon confirmation of the license discount under subsection (1).

(3) The department may terminate the discount in subsection (1) once the lost revenue from that discount reaches \$505,000.00.

(2) Funds appropriated under subsection (1) shall not be expended unless the state budget director recommends the expenditure and the department notifies the house and senate committees on appropriations. By December 1 each year, the department shall provide a report to the senate and house fiscal agencies and the state budget office on the use of the disaster and emergency contingency fund during the prior fiscal year.

(3) If Federal Emergency Management Agency (FEMA) reimbursement is approved for costs paid from the disaster and emergency contingency fund, the federal revenue shall be deposited into the disaster and emergency contingency fund.

Senator Lauwers moved that the bill be given immediate effect.
The motion prevailed, 2/3 of the members serving voting therefor.

Senators Hertel and Stamas asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Hertel's statement is as follows:

I am very proud of the budget before us today. I truly believe that this is a result of what can be accomplished when we're willing to work together. Oftentimes on the TV news, and yes, even in this chamber, all we see is the negative part of politics and public service—two sides bashing each other, very little getting done. This is exactly the opposite of that—two sides working together for a common goal of improving the lives of Michiganders, and the people of Michigan will reap the benefits of our bipartisan effort.

This historic investment in childcare we are making today stands to be one of the greatest impacts in the daily lives of Michigan residents. Affordable childcare will be an option for many families for the first time with 105,000 more children eligible for care. For many who have been impacted by the pandemic financially, we've allocated \$2.7 billion in federal relief for mortgage assistance, home repairs, water affordability and energy assistance. We continue recognizing the importance of direct care workers by increasing their wages by \$2.35 an hour from where it was before the pandemic, providing \$37 million in nursing home support payments, and \$19 million to expand MiChoice waiver for more seniors who want to stay in their home.

Fully funding Michigan Reconnect and Futures for Frontliners tuition programs; expansive infrastructure investments to repair crumbling bridges and dams, replace lead service lines, and clean up drinking water in our Great Lakes; \$100 million in new community revitalization grants to redevelop neighborhoods and support small businesses; \$6.7 million to expand coverage of sickle cell care and \$8.4 million to fund the Governor's proposed Health Disparities Reduction Initiative; an additional \$1.9 million to address the Michigan teacher shortage; the largest one-time investment in history to the Rainy Day Fund—there is much, much to be proud of.

Investments like these are what the people of Michigan should be able to expect of their government and I'm proud of the work that has gone into this budget. I want to thank my colleagues; Senator Stamas, who put an enormous amount of work into this budget and his staff; our House colleagues on the other side of the aisle; the Governor's staff, Dave Massaron and Bethany Wicksall; our own staff on the Democratic side, Nancy Green and David Ettinger; and my chief of staff, Kathleen O'Reilly Farhat. None of this is possible to be done without an enormous number of people working together for a common goal and I hope that as we move forward, as we address the billions of federal dollars that are still yet to be allocated, as we work towards making Michigan a better place to live, I am hopeful that the spirit of this budget, the spirit of the bipartisan effort that we are working on today will continue and that we will work together to transform the lives of the people of Michigan.

Senator Stamas' statement is as follows:

You've heard me say from this podium before, regardless of whether it's a family, a small business, or a state government budget, it's a statement of our priorities. It is evidence of what is most important to those who build it, whether they are parents, business owners, or lawmakers.

We have made a substantial investment going forward in the year 2022 for our families and for our businesses to continue to move Michigan forward and provide for each of us the opportunity to succeed. I would go forward and list so many of the items that the good Senator, Senator Hertel, took from my page, I think—thank you Senator—so I won't repeat, but I will tell you I am proud of those who I have worked with from the Senate Appropriations Committee who have worked very diligently and hard. We've included with multiple hearings, with actually having conversations between both chambers and the departments. I think it shows the ability for all of us to come forward and put the priorities and have our families and our communities well-represented by that.

I ask for your support. Thank you.

By unanimous consent the Senate proceeded to the order of

Statements

Senators Stamas, Polehanki, Barrett, Hollier and Ananich asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Stamas' statement is as follows:

Colleagues, thank you.

Senator Polehanki's statement is as follows:

Mr. President, recently the United States Supreme Court, abandoning all usual processes and proceedings, authorized a bounty hunt of anyone who can become pregnant in Texas. Texas' Senate Bill No. 8 which is now law deputizes vigilantes from any state to hunt down and sue anyone who aids or abets people who they believe have had an abortion and awards them a cash payment of \$10,000 if their lawsuit is successful. This is not hyperbole, this is not happening in a foreign country, this is happening in America in 2021. God help you if you're a girl in Texas who has been impregnated by her father, grandfather, or brother. God help the Texans who have been raped and impregnated by a stranger, acquaintance, boyfriend, or husband. There are no exceptions in this law for you. The state of Texas demands that you give birth to the baby of the monster who raped you or have an abortion before six weeks.

I'm not surprised that those who created this law didn't know or didn't care how the pregnancy timeline is calculated. What they say is six weeks is more like two weeks before someone knows they're pregnant. God help any woman in Texas who simply wants the ability to make her own decisions about her own body, her own God-given life, or anyone who helps her obtain an abortion. Under the new Texas law, doctors, nurses, clinic staff, anyone who helps pay for an abortion, the driver to a clinic, and even the lawyers who defend the women in court are now on the hook for being sued.

No matter where you land on the wide spectrum of opinions on abortion, does this seem right to you? Is this the America you want to live in? Does the slippery slope of the bounty-hunter citizen-enforcer worry you about other constitutional rights that are important to you? Mr. President, I talk about the Texas abortion law today because I know that women in Michigan are terrified that it can happen here too, and I'm here to tell you that Michiganders won't sit this one out if a similar law is introduced here. We'll fight it with all we have because we're not going to go backwards.

Senator Barrett's statement is as follows:

Mr. President, I rise today to pay tribute to a great patriot, and a member of our community that we lost recently, on Monday, September 13th. Richard "Dick" Thelen passed away, he was 94 years old. Mr. Thelen was a World War II veteran—he joined the Navy when he was 17 years old because he knew he was about to be drafted by the Army, and he liked being around water so he decided to opt in to joining the Navy instead. He was still in high school, and his dad had to sign the paperwork for him to enter the Navy.

After boot camp, when he was getting his assignment, he was lined up with several other sailors all in a row, and they had to count off by 1s and 2s. Dick was a number 2 in the line, and all of the number 2s ended up on the USS *Indianapolis*. Many of you might be familiar with the story of the *Indianapolis*, it delivered the critical components of the atomic bomb that was dropped on Hiroshima. The men on board didn't even know what that cargo was, other than that it was top secret, and guarded around the clock by a team of Marines.

On their return to the Philippines, they were attacked by a Japanese submarine and they were sunk. Dick had just dozed off to sleep because he had a guard shift coming up in a few hours, and he was laying in his bunk when a torpedo struck the side of their ship. Twelve minutes later, the boat sank. There were about 1,200 sailors on board. Several hundred died in the initial attack and sinking of the ship, but about 900 men escaped, and were clinging to life jackets on the open water. They were out there for five days, in salt water, with nothing to eat or drink, exposed to the elements, 100 degree heat, suffering from dehydration and salt poisoning, and tragically, to shark attack. It's believed to be perhaps the largest shark attack against humans

ever recorded in history. Dick had been doused in diesel fuel in the explosion that sank the ship, and he speculated that that may have allowed him to survive without being attacked by the sharks because they were deterred by the diesel fuel. When they were finally rescued, only 316 of the nearly 1,200 sailors on the ship actually survived. Dick would tell stories of his encounter as he grew older, and I heard him speak probably three or four different times, and he said that he was three feet away from someone who was attacked by a shark. I distinctly remember that he said that as they were finally being rescued, as many were incapable of going forward physically any longer, there were rescue ships that came, and men were swimming up to the rescue ships, and he had someone, a friend of his, who died just as they were getting on to the rescue boat. His heart finally gave up.

It's a testament of determination and commitment. Dick spent a great deal of his life volunteering and raising awareness. He spoke to thousands of children across Michigan at schools that would host him and talk about his experience. He had one simple message for the kids: never give up. Surviving in the elements like that, five days in the ocean, salt water poisoning, shark attack, I know his family thought it was perhaps a bigger achievement to have outlived two wives, but he also had six children. He was a truck driver, and a very important and committed member of our community. At his funeral on Saturday that I had the privilege of attending, the final closing hymn was "Let There Be Peace On Earth", and I think it was a great and fitting tribute to a man like Dick, and someone that I was sure proud to know and proud to have represented here in Lansing. I would appreciate it if we could have a moment of silence here on his behalf, and those of the greatest generation that we're losing, Mr. President.

A moment of silence was observed in memory of Richard "Dick" Thelen, survivor of the USS *Indianapolis*.

Senator Hollier's statement is as follows:

As you know—or hopefully as you know—just recently there have been some very disturbing photos and images from the southern border. These are images of U.S. Customs and Border Protection officers who are, what they would say, rallying or wrangling refugees, people from Haiti who are escaping what has probably been the most devastating or terrible last couple months of anybody—a presidential assassination, a record earthquake, on top of a global pandemic, on top of a record earthquake a few years ago. It's really telling and really important that as we think about these moments, that we remember Michigan is also a border state, but that the issues happening on the southern border are an American issue. As we've been spending so much time and thought thinking about the refugee crisis created by our sudden exit from Afghanistan, it's important to realize that America has always been a place where people come because they believe there are opportunities here, that they believe this is a place they can find safety and security and the original colonists, the original folks who came to the U.S., were refugees. They came to this land to find space to find a dream.

As we look out at folks who are trying to do the same, I think it's important and incumbent on all of us to be similar because as a father, I know there is not a single thing in the entire world that could prevent me from finding a better opportunity for my two little kids. I think that's probably true about every single person in here, that we would all say we would do anything for our children. If we lived in a country where the president had been assassinated without a shot fired, without any level of defense, with two prime ministers pretending or claiming or allocating for power, we would say that country wasn't working, we would say we were going to find some other way to take care of our children. The way our country is treating and dealing with those individuals as they seek refugee status, something that we all know is lawful and acceptable, is unacceptable. There are a number of folks who have recognized either the perceived, accidental, or purposeful symbolism of Customs and Border Protection agents being on horseback with whips trying to chase Black people out of the country or direct them in different spaces.

I think it's really important that we weigh in, that we talk about these issues, and that we make sure that as a state, Michigan continues to be open to refugees, continues to do our part to make sure people who have a lawful space can come to this country safely, can be a part of our dreams, but most importantly that we are an open and respectful nation toward our neighbors all across the world.

Senator Ananich's statement is as follows:

I rise with a heavy heart to announce the passing of a good friend of mine and a former colleague from the State House, Jack Minore, who served in the House from 1999 to 2004. He was a city councilman from 1983 to 1998, and he was an educator from 1961 to 1992. He is survived by four children: his daughter Jennifer; sons Stephan and Eric; and many of you may remember Jeff Minore, his son who worked in the Legislature for quite some time. He was former Minority Leader Rick Hammel's chief of staff.

Jack will be given a proper tribute in the House due to his service there, and I hope to join them and his family to honor him more. I just wanted to take a moment to tell my colleagues about his passing. He would cringe at what I am about to say next, but he was just under his 83rd birthday. For the longest time I think he thought we were all fooled that he was 39, but we all went along with it just because we liked him so much.

He loved his family, he loved his years teaching, and he truly loved public service. He touched the lives of many people, he was a mentor, an employer, and a friend to many people. I wanted to take a moment to say may he rest in peace. God bless him and his family.

A moment of silence was observed in memory of Jack D. Minore, former member of the House of Representatives.
