House Bill 4233 (Substitute H-1 as passed by the House)
Sponsor: Representative Jaime Churches
House Committee: Labor
Senate Committee: Labor

Date Completed: 6-21-23

CONTENT

The bill would amend the public employment relations Act to delete a prohibition against a public school employer using public school resources to assist a labor organization in collecting dues or service fees from the wages of public school employees.

Among other things, the Act prohibits a public employer or officer or agency of a public employer from participating in certain activities. This includes using public school resources to assist a labor organization in collecting dues or service fees from the wages of public school employees, classifying this as a prohibited contribution to the administration of a labor organization. A public school employer's collection of dues or service fees permitted under a collective bargaining agreement that was in effect on March 16, 2012, is not prohibited until the agreement expires or is terminated, extended, or renewed. The bill would delete these provisions.

FISCAL IMPACT

The bill would have a minimal fiscal impact on local schools. The cost would be one-time in nature to make payroll changes, which would be minimal and part of current school operation abilities.
