9 that the department and state board of education review this  
10 strategic plan annually to understand progress toward achieving the  
11 plan's goals and targets and to make adjustments as needed.

2 networks or professional learning communities, in collaboration  
3 with intermediate school districts, to scale understanding of each

6 administrators together in person and virtually throughout the  
7 year.

8           (iii) Deposit state recommended strategies into MiStrategyBank,

11           (c) By the end of fiscal year 2025-2026, scale strategic

15           (i) Ensure that each local school board and intermediate school  
16 board develops, approves, and implements a strategic plan that is  
17 aligned with the state's strategic plan. Based on local core  
18 beliefs and values, data, and priorities, successful enactment and  
19 fulfillment of these coherent plans will enable the state to meet  
20 its vision and SMART outcome-based goals.

21           (ii) Expand MICIP to include local school district and  
22 intermediate school district strategic plans.

23           (iii) Ensure that each local and intermediate school district  
24 uses MICIP to develop strategies that will be used to achieve the  
25 district's SMART goals. These strategies must be documented in  
26 accompanying documents and in MICIP and submitted to the  
27 MiStrategyBank for scaling.

28           (iv) Ensure that, at least annually, each local and  
29 intermediate school district uses MICIP to evaluate progress toward

1 meeting district SMART goals and assess effectiveness of the  
2 strategies being used to implement them, and to implement  
3 corrective actions if necessary.

4 (v) Ensure that, in accordance with the Michigan board of  
5 education governance standards adopted by the Michigan Association  
6 of School Boards, each local school board and intermediate school  
7 board holds its superintendent accountable for the outcomes  
8 identified in the district's strategic plan. Local school boards  
9 and intermediate school boards will formally adopt and implement  
10 these governance standards.

11 (d) Reorganize the department to promote collaboration with  
12 educators in the field and recommend changes across state  
13 government, within the department, and within local and  
14 intermediate school districts on structure, staffing, and sub-  
15 department partnerships that will be required to successfully  
16 implement the vision and SMART goals described in this section at  
17 the state, intermediate school district, and local school district  
18 levels.

19 (e) Promote strategic visioning across early childhood, K-12,  
20 and throughout higher education by collaborating with the  
21 department of lifelong education, advancement, and potential to  
22 require that educator preparation programs, including locally  
23 adopted, alternative certification, and traditional programs, are  
24 aligned to successfully prepare aspiring educators for state-  
25 recommended educational practice strategies, in support of state
