The authority also may purchase and maintain insurance on behalf of any person against any liability asserted against the person and incurred by the person in any capacity or arising out of the status of the person as a member of the board or an officer or employee of the authority, whether or not the authority would have the power to indemnify the person against that liability under this section. An authority, pursuant to bylaw, contract, agreement, or resolution of its board, may obligate itself in advance to indemnify persons.

(4) Board members and officers and employees of an authority are public servants subject to 1968 PA 317, MCL 15.321 to 15.330, and are subject to any other applicable law with respect to conflicts of interest. A board shall establish policies and procedures requiring periodic disclosure of relationships which may give rise to conflicts of interest. The board shall require that a board member or chief executive officer of the authority with a direct interest in any matter before the authority disclose the board member's or officer's interest and any reasons reasonably known to the board member or officer why the transaction may not be in the best interest of the public or the authority before the board takes any action with respect to the matter. The disclosure shall become part of the record of an authority's proceedings.

(5) An authority shall establish an ethics manual governing the conducting of authority business and the conduct of authority officers and employees. An authority shall establish policies that are no less stringent than those provided for public officers and employees by 1973 PA 196, MCL 15.341 to 15.348, and coordinate efforts for the authority to preclude the opportunity for and the occurrence of transactions by the authority that would create a conflict of interest involving board members and officers or employees of the authority. At a minimum, the policies shall include compliance by each board member and officer or employees who regularly exercises significant discretion over the award and management of authority procurements with policies governing all of the following:

(a) Immediate disclosure of the existence and nature of any financial interest that could reasonably be expected to create a conflict of interest.

(b) Withdrawal by an employee, officer, or board member from participation in or discussion or evaluation of any recommendation or decision involving an authority procurement that would reasonably be expected to create a conflict of interest for that employee or member.

(c) Annual public financial disclosure of significant financial interests as provided under this act.

(6) The appointing authority of a board member may remove the board member from office for gross neglect of duty, corrupt conduct in office, or any other misfeasance or malfeasance in office.

(7) Each member of the board of an authority, the chief executive officer, and each key employee as determined by the board shall file with the secretary of state a financial disclosure statement listing assets and liabilities, property and business interests, and sources of income of the member, chief executive officer, and each key employee and any of their spouses in a form determined by the secretary of state. The financial disclosure statement shall be under oath and shall be filed at the time of appointment or employment and annually thereafter. The secretary of state may promulgate rules under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to provide for the implementation of this subsection.

(8) A member of the board of an authority or employee of an authority shall not hold any direct or indirect interest in, be employed by, or enter into a contract for services with any entity doing business with the authority for a period of 2 years after the date his or her membership on the board terminates or his or her employment with the authority terminates.

Sec. 19. (1) Within 45 days of January 20, 2009 or the date on which a metropolitan area becomes a qualified metropolitan area and prior to a transfer date, the legislative body of the qualified city in which a qualified convention facility is located may disapprove the transfer of the qualified convention facility to the authority by adopting a resolution disapproving the transfer. If the transfer is not disapproved, the qualified convention facility is transferred to the authority on the ninetieth day after January 20, 2009 or the date on which a convention facility becomes a qualified convention facility. If the transfer is disapproved, not later than August 1, 2009 or 75 days after a later date on which a metropolitan area becomes a qualified metropolitan area, the qualified city in which a qualified convention facility is located may disapprove leasing the qualified convention facility to the authority by adopting a resolution disapproving a lease of the qualified convention facility to the authority. The resolution shall be adopted and effective as provided by law, including any charter of the qualified city. If a resolution disapproving the lease is adopted and effective, an authority created for the qualified metropolitan area in which the qualified convention facility is located is dissolved. If the lease is not disapproved within the period provided, the qualified convention facility will be considered leased to the authority and the local chief executive officer of the qualified city and the authority shall enter into a lease agreement, provisions of which are prescribed in this act, and shall provide for the lease of the qualified convention facility to the authority for a term of not less than 30 years or the time period necessary to repay the outstanding obligations issued by the authority under sections 25 and 27, whichever is earlier. The lease shall require the authority to renovate, rehabilitate, and expand the qualified convention facility. The lease shall be effective 238 days after January 20, 2009 or the date on which a metropolitan area becomes a qualified metropolitan area. All of the following shall occur on a transfer date:

(a) All right, title, and interest of a local government in and to a qualified convention facility located in a qualified metropolitan area shall by operation of this act be conveyed and transferred or leased from the local government to the authority for the qualified metropolitan area, and the authority shall receive, succeed to, and assume the exclusive right, responsibility, and authority to own or lease, occupy, operate, control, develop, and use the qualified convention facility from and after the transfer date, including, but not limited to, all real property, buildings, improvements, structures, easements, rights of access, and all other privileges and appurtenances pertaining to the qualified convention facility, subject only to those restrictions imposed by this act. If a qualified convention facility is leased to an authority under this subsection, this subdivision shall apply while the lease agreement is effective.

(b) All right, title, and interest in and to the fixtures, equipment, materials, furnishings, and other personal property of a local government owned or controlled by the local government and used for purposes of the qualified convention facility by the local government shall by operation of this act be conveyed and transferred or leased from the local government to the authority for the qualified metropolitan area, and the authority shall receive, succeed to, and assume the exclusive right, responsibility, and authority to possess and control the property from and after the transfer date. If a qualified convention facility is leased to an authority under this subsection, this subdivision shall apply while the lease agreement is effective.

(c) All licenses, permits, approvals, or awards of a local government related to the possession, occupancy, operation, control, development, or use of a qualified convention facility by the local government shall by operation of this act be conveyed and transferred from the local government to the authority for the qualified metropolitan area and be assumed by the authority. If a qualified convention facility is leased to an authority under this subsection, this subdivision shall apply while the lease agreement is effective.

(d) All grant agreements, grant preapplications, grant applications, rights to receive the balance of any funds payable under the agreements or applications, the right to receive any amounts payable from and after the transfer date, and the benefits of contracts or agreements of a local government related to the possession, occupancy, operation, control, development, or use of a qualified convention facility by the local government shall by operation of this act be conveyed and transferred from the local government to the authority for the qualified metropolitan area and be assumed by the authority. If a qualified convention facility is leased to an authority under this subsection, this subdivision shall apply while the lease agreement is effective.

(e) All of the duties, liabilities, responsibilities, and obligations of a local government related to the possession, occupancy, operation, control, development, or use of a qualified convention facility by the local government shall by operation of this act be conveyed and transferred from the local government to the authority for the qualified metropolitan area and assumed by the authority, except for any liabilities, responsibilities, or obligations that are contested in good faith by the authority. If a qualified convention facility is leased to an authority under this subsection, this subdivision shall apply while the lease agreement is effective.

(f) An authority for a qualified metropolitan area shall assume all of the outstanding securities of the local government that are special limited obligations payable from and secured by a lien on distributions received under the state convention facility development act, 1985 PA 106, MCL 207.621 to 207.640, and were originally issued to finance the acquisition or construction of, development of, or improvements to the qualified convention facility conveyed and transferred to the authority for the qualified metropolitan area under this section, and the authority may refund or defease the securities. If the authority refunds the outstanding securities assumed under this subsection, that refunding shall be considered, as a matter of law, to be necessary to eliminate requirements of covenants applicable to the existing outstanding securities.

(2) An authority shall assume, accept, or become liable for lawful agreements, obligations, promises, covenants, commitments, and other requirements of a local government relating to operating a qualified convention facility conveyed and transferred under this section, except as provided in subsection (4). An authority shall perform all of the duties and obligations and shall be entitled to all of the rights of a local government and under any agreements expressly assumed and accepted by the authority related to the transfer of a qualified convention facility from the local government to the authority under this section. If a qualified convention facility is leased to an authority under subsection (1), this subsection shall apply while the lease agreement is effective.

(3) The local chief executive officer of a local government from which the rights, responsibility, and authority to own, occupy, operate, control, develop, and use a qualified convention facility are conveyed and transferred or leased from the local government to an authority for a qualified metropolitan area under this section shall execute the instruments of conveyance, assignment, and transfer or lease or other documents as may, in the authority's and the officer's reasonable judgment, be necessary or appropriate to recognize, facilitate, or accomplish the transfer or lease of the qualified convention facility from the local government to the authority under this section.

(4) An authority for a qualified metropolitan area shall not assume any unfunded obligations of a local government transferring or leasing a qualified convention facility under this section to provide pensions or retiree health insurance. Upon request by the authority, the local government shall provide the authority with a statement of the amount of the unfunded obligations, determined by a professional actuary acceptable to the authority.

(5) All lawful actions, commitments, and proceedings of a local government made, given, or undertaken before the transfer date and assumed by an authority under this section are ratified, confirmed, and validated upon assumption. All actions, commitments, or proceedings of the local government relating to a qualified convention facility in the process of being undertaken by, but not yet a commitment or obligation of, the local government regarding the qualified convention facility may, from and after the date of assumption by the authority under this section, be undertaken and completed by the authority in the manner and at the times provided in this act or other applicable law and in any lawful agreements made by the local government before the date of assumption by the authority under this section.

(6) The exclusive right and authorization to possess, occupy, operate, control, develop, and use a qualified convention facility transferred or leased under this section shall include, but not be limited to:

(a) Possession and operational jurisdiction over all real property of the qualified convention facility, subject to any liens of record and legal restrictions and limitations on the use of the property.

(b) The local government's right, title, and interest in, and all of the local government's responsibilities arising under, operating leases and concessions relating to a qualified convention facility.

(7) The transfers described under this section shall include, but need not be limited to, all of the following:

(a) All contracts with licensees, franchisees, tenants, concessionaires, and leaseholders.

(b) All operating financial obligations secured by revenues and fees generated from the operations of the qualified convention facility.

(c) All cash balances and investments relating to or resulting from operations of the qualified convention facility, all funds held under an ordinance, resolution, or indenture related to or securing obligations of the local government assumed by the authority, and all of the accounts receivable or choses in action arising from operations of the qualified convention facility. Fund transfers under this subdivision are limited to funds received after the transfer date and funds necessary to pay obligations related to the operation of the qualified

convention facility accrued before the transfer date and not paid by the local government.

(d) All office equipment, including, but not limited to, computers, records and files, software, and software licenses required for financial management, personnel management, accounting and inventory systems, and general administration.

(8) The transfer or lease of the real and personal property and operational jurisdiction over a qualified convention facility to an authority may not in any way impair any contracts with licensees, franchisees, vendors, tenants, bondholders, or other parties in privity with the local government that owned a qualified convention facility transferred or leased to an authority under this section, if the contracts were not entered into or modified in violation of this act.

(9) From and after the transfer date, a local government from which a qualified convention facility has been transferred or leased shall be relieved from all further costs, responsibility, and liability arising from, or associated with, control, operation, development, and maintenance of the qualified convention facility. The local government shall continue to be responsible for all costs associated with local municipal services, including police, fire, and emergency medical services, without any additional compensation from the authority. An authority created prior to the effective date of the amendatory act that added subsection (14) shall provide for the payment of compensation of \$20,000,000.00 to the qualified city as compensation for any revenue otherwise payable to the qualified city from parking facilities operated by the qualified city at the qualified convention facility and for other costs incurred by the qualified city associated with the transfer or lease of the qualified convention facility to the authority under this section. If the transfer or lease of parking facilities to the authority would impair covenants of bonds issued by the local government that owns the qualified convention facility to finance the parking facilities, the authority and the local government may enter into an agreement providing for the local government to retain title to and control of the parking facilities and revenue generated by the parking facilities until the compensation of \$20,000,000.00 is paid by the authority to the local government to avoid a default of bond covenants by the local government. If a qualified convention facility is leased to an authority under subsection (1), this subsection shall apply while the lease agreement is effective.

(10) A local government that owns a qualified convention facility subject to transfer or lease under this section or that owned a qualified convention facility transferred to an authority under this section shall comply with all of the following, before and after the transfer date:

(a) Refrain from any action to sell, transfer, or otherwise dispose of a qualified convention facility other than to the authority or incur new or expanded obligations related to a qualified convention facility, without the consent of the authority.

(b) Refrain from any approval of or material modification to any collective bargaining agreement applicable to local government employees employed at or assigned to the qualified convention facility or to terms of employment for employees at or assigned to the qualified convention facility. Any approval or modification subject to this subsection shall be null and void.

(c) Refrain from any action that would impair the authority's exercise of the powers granted to the authority under this act or that would impair the efficient operation and management of the qualified convention facility by the authority.

(d) Take all actions reasonably necessary to cure any defects in title to the qualified convention facility and related property transferred or leased under this section, including, but not limited to, providing documents, records, and proceedings in respect of title.

(e) At the request of an authority, grant any license, easement, or right-of-way in connection with the qualified convention facility to the extent the authority has not been empowered to take these actions.

(f) Upon creation of an authority for the qualified metropolitan area in which the local government is located and before the transfer date, the local government shall conduct operations, maintenance, and repair of the convention facility in the ordinary and usual course of business.

(11) Any contract, agreement, lease, sale, disposition, transfer, or other conveyance, easement, license, right, obligation, debt, or liability assumed, approved, entered into, amended, or modified in violation of this section shall be voidable as a matter of law to the extent that the authority would otherwise assume, become party to or transferee of, or otherwise be obligated under the contract, agreement, lease, sale, disposition, transfer, conveyance, easement, license, right, obligation, debt, or liability.

(12) Unless otherwise provided in this act, the local chief executive officer of a local government that owns a qualified convention facility subject to transfer or lease under this section is authorized and shall take all reasonable steps to cancel or terminate any agreement to which the local government is a party that relates to the qualified convention facility and meets all the following criteria:

(a) The agreement relates to the qualified convention facility and the authority has not expressly assumed or accepted the agreement under subsection (2).

(b) The agreement provides for cancellation or termination.

(c) In the absence of cancellation or termination, the authority would become a party to the agreement by succession, assignment, operation of law, or any other involuntary means.

(13) If real property transferred from a qualified city to an authority under this section is no longer used by the authority for the purpose of maintaining or operating a convention facility as determined by a vote of the board or a lease agreement providing for the lease of the qualified convention facility is no longer effective, all right, title, and interest of the authority in the real property shall revert from the authority to the qualified city and upon payment by the qualified city to the authority of an amount equal to the compensation paid to the qualified city under subsection (9).

(14) After the creation of an authority for a qualified metropolitan area and before the transfer date, the local chief executive officer of the qualified city that owns or operates a qualified convention facility and the authority may enter into an agreement authorizing the qualified city to make capital improvements to the qualified convention facility, including, but not limited to, electrical system improvements, with costs of the management, design, and construction of capital improvements incurred by the qualified city in an amount not to exceed \$3,000,000.00 to be reimbursed by the authority with the proceeds of bonds issued by the authority as provided in the agreement. Any reimbursement for capital improvements agreed to by the local chief executive officer and the authority under this subsection shall be in addition to any compensation paid to the qualified city under subsection (9).

141.1371 Transfer of employees to authority; reassignment of employees within local government; representation; rights and benefits; effect of transfer on pension benefits or credits.

Sec. 21. (1) The authority, as of the transfer date, immediately shall assume and be bound by any existing collective bargaining agreements applicable to employees of the local government whose employment is transferred to the authority either as a result of the authority's express assumption of the employees or by application of section 19 for the remainder of the term of the collective bargaining agreement. Local government employees whose employment is not transferred to the authority shall be reassigned within the local government, pursuant to the terms of any applicable collective bargaining agreements. A representative of the employees or a group of employees in the local government who represents or is entitled to represent the employees or a group of employees of the local government pursuant to 1947 PA 336, MCL 423.201 to 423.217, shall continue to represent the employee or group of employees after the employees transfer to the authority. This subsection does not limit the rights of employees, pursuant to applicable law, to assert that a bargaining representative protected by this subsection is no longer their representative. The rights and benefits protected by this subsection may be altered by a future collective bargaining agreement or, for employees not covered by collective bargaining agreements, by benefit plans as established and adopted by the authority.

(2) Transferred employees shall not by reason of the transfer have their accrued local government pension benefits or credits diminished. If a transferring employee is not vested in his or her local government pension rights at the time of transfer, his or her posttransfer service with the authority shall be credited toward vesting in any local government retirement system in which the transferring employee participated prior to the transfer, but posttransfer service with the authority shall not be credited for any other purpose under the local government's retirement system, except as provided in subsection (4).

(3) A transferred local government employee described in this section or a person hired by the authority as a new employee after the transfer date may remain or become a participant in the local government retirement system until the authority has established its own retirement system or pension plan. During the period the employee remains or is a participant in the local government system, the employee's posttransfer service with the authority and his or her posttransfer compensation from the authority shall be counted in determining both eligibility for and the amount of pension benefits that the employee will be eligible to receive from the local government system or plan.

(4) If the local government maintains a retirement system that provides for continuing participation and benefit accrual by local government employees who transfer their employment to another entity in conjunction with transfer of a local government function to that entity, then the transferred employee may elect to remain a participant in the local government retirement system in lieu of participation in any retirement system or pension plan of the authority. If the transferred employee elects to remain a participant in the local government system, the employee's posttransfer service with the authority and his or her posttransfer compensation from the authority shall be counted in determining both eligibility for and the amount of pension benefits that the employee will be eligible to receive from the local government system or plan. Any election to remain in a local government system or plan shall be made within 60 days following the date the

authority has established its own retirement system or pension plan and shall be irrevocable. Employees eligible to make the election described in this subsection shall be those employees who immediately before their transfer date were participating in the local government system and who agree to make any employee contributions required for continuing participation in the local government system and also agree to meet all requirements and be subject to all conditions that, from time to time, apply to employees of the local government who participate in the local government system.

(5) For each employee meeting the requirements of subsection (4) who elects to remain a participant in the local government retirement system, the authority shall, on a timely basis, contribute, as applicable, to the trustees of that retirement system an amount determined by the local government system's actuary to be sufficient to fund the liability for all of that employee's retirement and other postemployment benefits under the system on a current basis, as those liabilities are accrued from and after the transfer date.

(2) The revenues raised by an authority may be pledged, in whole or in part, for the repayment of bonded indebtedness and other expenditures issued or incurred by the authority.

(4) The board by resolution may establish a regional convention facility operating trust fund for the purpose of accumulating funds to pay for the cost of operating and maintaining a qualified convention facility. Money for operating and maintaining a qualified convention facility, at the authority's discretion, may be provided from this fund or any other money of the authority. The resolution establishing the fund must include all of the following:

(a) The designation of a person or persons who shall act as the fund's investment fiduciary.

(b) A restriction of withdrawals from the fund solely for the payment of reasonable operating and maintenance expenses of a convention facility and the payment of the expenses of administration of the fund.

(5) An investment fiduciary shall invest the assets of the fund in accordance with an investment policy adopted by the board that complies with section 13 of the public employee retirement system investment act, 1965 PA 314, MCL 38.1133. However, the investment fiduciary shall discharge the investment fiduciary's duties solely in the interest of the authority. The authority may invest the fund's assets in the investment instruments and subject to the investment limitations governing the investment of assets of public employee retirement systems under the public employee retirement system investment act, 1965 PA 314, MCL 38.1132 to 38.1141.

(6) A financial obligation of an authority is a financial obligation of the authority only and not a financial obligation of this state, a qualified city, a qualified county, or a county bordering a qualified county. A financial obligation of the authority shall not be transferred to this state, a qualified city, a qualified county, or a county bordering a qualified county.

Revenue bonds issued by the authority are a debt of the authority and not a debt of any qualified county, county, qualified city, city, or this state.

(2) The authority may borrow money and issue municipal securities in accordance with and exercise all of the powers conferred upon municipalities by the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(3) The authority may issue a bond or municipal security that bears no interest and appreciates as to principal amount. The bonds or municipal securities authorized by this subsection shall be exempt from section 305(2) and (3) of the revised municipal finance act, 2001 PA 34, MCL 141.2305.

(4) All bonds, notes, or other evidences of indebtedness issued by an authority under this act, and the interest on the bonds or other evidences of indebtedness, are free and exempt from all taxation within this state, except for transfer and franchise taxes.

(5) The issuance of bonds, notes, or other evidences of indebtedness by an authority shall require approval of the board.

(6) For the purpose of more effectively managing its debt service, an authority may enter into an interest rate exchange or swap, hedge, or similar agreement or agreements in connection with the issuance or proposed issuance of bonds, notes, or other evidences of indebtedness or in connection with its then outstanding bonds, notes, or other evidences of indebtedness.

(7) In connection with entering into an interest rate exchange or swap, hedge, or similar agreement, the authority may create a reserve fund for the payment thereof.

(8) An agreement entered into pursuant to this section shall comply with all of the following:

(a) The agreement is not a debt of the authority entering into the agreement for any statutory or charter debt limitation purpose.

(b) The agreement is payable from general funds of the authority or, subject to any existing contracts, from any available money or revenue sources, including revenues specified by the agreement, securing the bonds, notes, or evidences of indebtedness in connection with which the agreement is entered into.

(9) An authority upon approval by resolution of the authority board may issue notes in anticipation of the proceeds of a proposed authority bond issuance. The authority may pledge for the payment of the principal, interest, or redemption premiums on the notes security from 1 or more of the sources to secure the bonds and the proceeds of the bonds to be issued to refund the notes. The pledge shall be valid and binding from the time made. The security pledged and received by an authority is immediately subject to the lien of the pledge without physical delivery of the security or further action. The lien is valid and binding against a person with a claim of any kind against the authority whether or not the person has notice of the pledge. Neither the resolution, trust indenture, nor any other instrument creating a pledge must be filed or recorded to establish and perfect a lien or security interest in the property pledged. In the resolution, the authority shall declare the necessity of the notes, the purpose of the notes, the principal amount of the notes to be issued, and an estimated principal payment schedule for and an estimated or maximum average annual interest rate on the notes. The issuance and delivery of the notes shall be conclusive as to the existence of the facts entitling the notes to be issued in the principal amount of the notes and shall not be subject to attack. The notes shall mature not more than the earlier of 3 years from the date of issuance or 90 days after the expected date of issuance of the bonds in anticipation of which the notes are issued and may bear no interest or interest at a fixed or variable rate or rates of interest per annum. The proceeds of notes issued under this subsection shall be used only for the purpose to which the proceeds of the bonds may be applied, the costs of issuance of the notes, and the payment of principal and interest on the notes. Notes issued under this section are exempt from the provisions of the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

141.1377 Evidences of indebtedness or liability as contract; assumption and performance of obligations.

Sec. 27. (1) Notwithstanding any other provisions of this act or any other law, the provisions of all ordinances, resolutions, and other proceedings of the local government in respect to any outstanding bonds, notes, or any and all evidences of indebtedness or liability assumed by an authority pursuant to this act, if any, shall constitute a contract between the authority and the holders of the bonds, notes, or evidences of indebtedness or liability and are enforceable against the authority or any or all of its successors or assigns, by mandamus or any other appropriate suit, action, or proceeding in law or in equity in any court of competent jurisdiction in accordance with law.

(2) Bonds, notes, or any and all evidences of indebtedness or liability that are assumed by an authority

under this act shall be payable from and secured by the sources of revenue that were pledged to those bonds, notes, or evidences of indebtedness or liability under the ordinance, resolution, or other proceedings of the local government and shall not constitute a full faith and credit obligation of the authority or of this state.

(3) Nothing in this act or in any other law shall be held to relieve the local government from which a convention facility has been transferred from any bonded or other debt or liability lawfully contracted by the local government, to which the full faith and credit of the local government has been pledged and that remains outstanding as of the transfer date, notwithstanding that the proceeds of the debt or liability have been used by the local government in support of the convention facility.

(4) Upon the transfer of a convention facility to an authority, trustees, paying agents, and registrars for any obligation of the local government that has been expressly assumed by the authority under section 19 shall perform all of their duties and obligations and provide all notices related to the obligations as if the authority were the issuer of the obligations. The trustees, paying agents, and registrars shall care for and consider all revenues and funds pledged to secure obligations of the local government that have been assumed by the authority under section 19 as revenues and funds of the authority. The authority shall indemnify and hold harmless these trustees, paying agents, and registrars from liability incurred in compliance with this subsection.

141.1379 Applicability of restrictions standards or prerequisites of local government; additional powers; construction of act.

Sec. 29. (1) Unless permitted by this act or approved by an authority, any restrictions standards or prerequisites of a local government otherwise applicable to an authority and enacted after the effective date of this act shall not apply to an authority. This subsection is intended to prohibit special local legislation or ordinances applicable exclusively or primarily to an authority and not to exempt an authority from laws generally applicable to other persons or entities.

(2) The powers conferred in this act upon any authority or local government shall be in addition to any other powers the authority or local government possesses by charter or statute. The provisions of this act apply notwithstanding any resolution, ordinance, or charter provision to the contrary.

(3) This act shall be construed liberally to effectuate the legislative intent and the purpose of this act as complete and independent authorization for the performance of each and every act and thing authorized in the act, and all powers granted in this act shall be broadly interpreted to effectuate the intent and purposes of this act and not as to limitation of powers.
