This exception includes, but is not limited to, an individual who is under an independent contract with the psychiatric facility or other facility defined in 42 USC 1396d(d) to provide utility, maintenance, construction, or communications services.

(3) An individual who applies for employment either as an employee or as an independent contractor or for clinical privileges with a psychiatric facility or other facility defined in 42 USC 1396d(d) or a staffing agency and who has not been the subject of a criminal history check conducted in compliance with this section shall give written consent at the time of application for the department of state police to conduct a criminal history check under this section, along with identification acceptable to the department of state police. If the applicant has been the subject of a criminal history check conducted in compliance with this section, the applicant shall give written consent at the time of application for the psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency to obtain the criminal history record information as prescribed in subsection (4) from the relevant licensing or regulatory department and for the department of state police to conduct a criminal history check under this section if the requirements of subsection (10) are not met and a request to the federal bureau of investigation to make a determination of the existence of any national criminal history pertaining to the applicant is necessary, along with identification acceptable to the department of state police. Upon receipt of the written consent to obtain the criminal history record information and identification required under this subsection, the psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency that has made a good-faith offer of employment or an independent contract or clinical privileges to the applicant shall request the criminal history record information from the relevant licensing or regulatory department and shall make a request regarding that applicant to the relevant licensing or regulatory department to conduct a check of all relevant registries in the manner required in subsection (4). If the requirements of subsection (10) are not met and a request to the federal bureau of investigation to make a subsequent determination of the existence of any national criminal history pertaining to the applicant is necessary, the psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency shall proceed in the manner required in subsection (4). A staffing agency that employs an applicant who regularly has direct access to or provides direct services to patients or residents under an independent contract with a psychiatric facility or other facility defined in 42 USC 1396d(d) shall submit information regarding the criminal history check conducted by the staffing agency to the psychiatric facility or other facility defined in 42 USC 1396d(d) that has made a good-faith offer of independent contract to that applicant.

(4) Upon receipt of the written consent to conduct a criminal history check and identification required under subsection (3), a psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency that has made a good-faith offer of employment or an independent contract or clinical privileges to the applicant shall make a request to the department of state police to conduct a criminal history check on the applicant, to input the applicant's fingerprints into the automated fingerprint identification system database, and to forward the applicant's fingerprints to the federal bureau of investigation. The department of state police shall request the federal bureau of investigation to make a determination of the existence of any national criminal history pertaining to the applicant. The applicant shall provide the department of state police with a set of fingerprints. The request shall be made in a manner prescribed by the department of state police. The psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency shall make the written consent and identification available to the department of state police. The psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency shall make a request regarding that applicant to the relevant licensing or regulatory department to conduct a check of all relevant registries established under federal and state law and regulations for any substantiated findings of abuse, neglect, or misappropriation of property. If the department of state police or the federal bureau of investigation charges a fee for conducting the criminal history check, the psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency shall pay the cost of the charge. The psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency shall not seek reimbursement for a charge imposed by the department of state police or the federal bureau of investigation from the individual who is the subject of the criminal history check. A prospective employee or a prospective independent contractor covered under this section may not be charged for the cost of a criminal history check required under this section. The department of state police shall conduct a criminal history check on the applicant named in the request. The department of state police shall provide the department with a written report of the criminal history check conducted under this subsection. The report shall contain any criminal history record information on the applicant maintained by the department of state police. The department of state police shall provide the results of the federal bureau of investigation determination to the department within 30 days after the request is made. If the requesting psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency is not a state department or agency and if criminal history record information is disclosed on the written report of the criminal history check or the federal bureau of investigation determination that resulted in a conviction, the department shall notify the psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency and the applicant in writing of the type of crime disclosed on the written report of the criminal history check or the federal bureau of investigation determination without disclosing the details of the crime. Any charges imposed by the department of state police or the federal bureau of investigation for conducting a criminal history check or making a determination under this subsection shall be paid in the manner required under this subsection. The notice shall include a statement that the applicant has a right to appeal the information relied upon by the psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency regarding his or her employment eligibility based on the criminal history check. The notice shall also include information regarding where to file and describing the appellate procedures established under section 20173b of the public health code, 1978 PA 368, MCL 333.20173b.

(5) If a psychiatric facility or other facility defined in 42 USC 1396d(d) determines it necessary to employ or grant clinical privileges to an applicant before receiving the results of the applicant's criminal history check or criminal history record information under this section, the psychiatric facility or other facility defined in 42 USC 1396d(d) may conditionally employ or grant conditional clinical privileges to the individual if all of the following apply:

(a) The psychiatric facility or other facility defined in 42 USC 1396d(d) requests the criminal history check or criminal history record information under this section upon conditionally employing or conditionally granting clinical privileges to the individual.

(b) The individual signs a statement in writing that indicates all of the following:

(i) That he or she has not been convicted of 1 or more of the crimes that are described in subsection (1)(a) through (g) within the applicable time period prescribed by each subdivision respectively.

(ii) That he or she is not the subject of an order or disposition described in subsection (1)(h).

(iii) That he or she has not been the subject of a substantiated finding as described in subsection (1)(i).

(iv) The individual agrees that, if the information in the criminal history check conducted under this section does not confirm the individual's statements under subparagraphs (i) through (iii), his or her employment or clinical privileges will be terminated by the psychiatric facility or other facility defined in 42 USC 1396d(d) as required under subsection (1) unless and until the individual appeals and can prove that the information is incorrect.

(v) That he or she understands the conditions described in subparagraphs (i) through (iv) that result in the termination of his or her employment or clinical privileges and that those conditions are good cause for termination.

(c) Except as otherwise provided in this subdivision, the psychiatric facility or other facility defined in 42 USC 1396d(d) does not permit the individual to have regular direct access to or provide direct services to patients or residents in the psychiatric facility or other facility defined in 42 USC 1396d(d) without supervision until the criminal history check or criminal history record information is obtained and the individual is eligible for that employment or clinical privileges. If required under this subdivision, the psychiatric facility or other facility defined

in 42 USC 1396d(d) shall provide on-site supervision of an individual in the facility on a conditional basis under this subsection by an individual who has undergone a criminal history check conducted in compliance with this section. A psychiatric facility or other facility defined in 42 USC 1396d(d) may permit an individual in the facility on a conditional basis under this subsection to have regular direct access to or provide direct services to patients or residents in the psychiatric facility or other facility defined in 42 USC 1396d(d) without supervision if all of the following conditions are met:

(i) The psychiatric facility or other facility defined in 42 USC 1396d(d), at its own expense and before the individual has direct access to or provides direct services to patients or residents of the psychiatric facility or other facility defined in 42 USC 1396d(d), conducts a search of public records on that individual through the internet criminal history access tool maintained by the department of state police and the results of that search do not uncover any information that would indicate that the individual is not eligible to have regular direct access to or provide direct services to patients or residents under this section.

(ii) Before the individual has direct access to or provides direct services to patients or residents of the psychiatric facility or other facility defined in 42 USC 1396d(d), the individual signs a statement in writing that he or she has resided in this state without interruption for at least the immediately preceding 12-month period.

(iii) If applicable, the individual provides to the department of state police a set of fingerprints on or before the expiration of 10 business days following the date the individual was conditionally employed or granted conditional clinical privileges under this subsection.

(6) The department shall develop and distribute a model form for the statements required under subsection (5)(b) and (c). The department shall make the model form available to psychiatric facilities or other facility defined in 42 USC 1396d(d) subject to this section upon request at no charge.

(7) If an individual is employed as a conditional employee or is granted conditional clinical privileges under subsection (5), and the information under subsection (3) or report under subsection (4) does not confirm the individual's statement under subsection (5)(b)(i) through (iii), the psychiatric facility or other facility defined in 42 USC 1396d(d) shall terminate the individual's employment or clinical privileges as required by subsection (1).

(8) An individual who knowingly provides false information regarding his or her identity, criminal convictions, or substantiated findings on a statement described in subsection (5)(b)(i) through (iii) is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$500.00, or both.

(9) A psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency shall use criminal history record information obtained under subsection (3) or (4) only for the purpose of evaluating an applicant's qualifications for employment, an independent contract, or clinical privileges in the position for which he or she has applied and for the purposes of subsections (5) and (7). A psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency or an employee of the psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency shall not disclose criminal history record information obtained under subsection (3) or (4) to a person who is not directly involved in evaluating the applicant's qualifications for employment, an independent contract, or clinical privileges. An individual who knowingly uses or disseminates the criminal history record information obtained under subsection (3) or (4) in violation of this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$1,000.00, or both. Except for a knowing or intentional release of false information, a psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency has no liability in connection with a criminal history check conducted in compliance with this section or the release of criminal history record information under this subsection.

(10) Upon consent of an applicant as required in subsection (3) and upon request from a psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency that has made a good-faith offer of employment or an independent contract or clinical privileges to the applicant, the relevant licensing or regulatory department shall review the criminal history record information, if any, and notify the requesting psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency of the information in the manner prescribed in subsection (4). Until the federal bureau of investigation implements an automatic notification system similar to the system required of the state police under subsection (13) and federal regulations allow the federal criminal record to be used for subsequent authorized uses, as determined in an order issued by the department, a covered health or staffing agency facility may rely on the criminal history record information provided by the relevant licensing or regulatory department under this subsection and a request to the federal bureau of investigation to make a subsequent determination of the existence of any national criminal history pertaining to the applicant is not necessary if all of the following requirements are met:

(a) The criminal history check was conducted during the immediately preceding 12-month period.

(b) The applicant has been continuously employed by a psychiatric facility or other facility defined in 42 USC 1396d(d), covered health facility, or adult foster care facility or the staffing agency since the criminal history check was conducted in compliance with this section or meets the continuous employment requirement of this subdivision other than being on layoff status for less than 1 year from a psychiatric facility or other facility defined in 42 USC 1396d(d), covered health facility, or adult foster care facility.

(c) The applicant can provide evidence acceptable to the relevant licensing or regulatory department that he or she has been a resident of this state for the immediately preceding 12-month period.

(11) As a condition of continued employment, each employee, independent contractor, or individual granted clinical privileges shall do each of the following:

(a) Agree in writing to report to the psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency immediately upon being arraigned for 1 or more of the criminal offenses listed in subsection (1)(a) through (g), upon being convicted of 1 or more of the criminal offenses listed in subsection (1)(a) through (g), upon becoming the subject of an order or disposition described under subsection (1)(h), and upon being the subject of a substantiated finding of neglect, abuse, or misappropriation of property as described in subsection (1)(i). Reporting of an arraignment under this subdivision is not cause for termination or denial of employment.

(b) If a set of fingerprints is not already on file with the department of state police, provide the department of state police with a set of fingerprints.

(12) In addition to sanctions set forth in this act, a licensee, owner, administrator, or operator of a psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency who knowingly and willfully fails to conduct the criminal history checks as required under this section is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than \$5,000.00, or both.

(13) In collaboration with the department of state police, the department of technology, management, and budget shall establish and maintain an automated fingerprint identification system database that would allow the department of state police to store and maintain all fingerprints submitted under this section and would provide for an automatic notification if and when a subsequent criminal arrest fingerprint card submitted into the system matches a set of fingerprints previously submitted under this section. Upon notification, the department of state police shall immediately notify the department and the department shall immediately contact each respective psychiatric facility or other facility defined in 42 USC 1396d(d) or staffing agency with which that individual is associated. Information in the database established under this subsection is confidential, is not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and shall not be disclosed to any person except for purposes of this act or for law enforcement purposes.

(14) The department shall maintain an electronic web-based system to assist psychiatric facilities or other facility defined in 42 USC 1396d(d) and staffing agencies required to check relevant registries and conduct criminal history checks of its employees and independent contractors, and individuals granted privileges and to provide for an automated notice to those psychiatric facilities or other facility defined in 42 USC 1396d(d) and staffing agencies for those individuals inputted in the system who, since the initial criminal history check, have been convicted of a disqualifying offense or have been the subject of a substantiated finding of abuse, neglect, or misappropriation of property. The department may charge a staffing agency a 1-time set-up fee of up to \$100.00 for access to the electronic web-based system under this section.

330.1137 Psychiatric hospital and psychiatric unit, license required; disclosures; provisional license; violation; penalty; annual licensure; fees; receipt of completed application; issuance of license within certain time period; report; "completed application" defined.

Sec. 137.

(1) A person shall not construct, establish, or maintain a psychiatric hospital or psychiatric unit or use the terms psychiatric hospital or psychiatric unit without first obtaining a license. The director shall require an applicant or a licensee to disclose the names, addresses, and official positions of all persons who have an ownership interest in a psychiatric hospital or psychiatric unit. If the psychiatric hospital or psychiatric unit is located on or in real estate that is leased, the applicant or licensee shall disclose the name of the lessor and any direct or indirect interest that the applicant or licensee has in the lease other than as lessee. A license shall be granted for no longer than 1 year after the date of issuance, unless otherwise provided in sections 134 to 150. The director may issue a provisional license for 1 year to provide a licensee or applicant time to undertake remedial action to correct programmatic or physical plant deficiencies. A provisional license may be renewed for not longer than 1 additional year. A violation of this section is a misdemeanor and is punishable by a fine of not more than \$1,000.00 for each violation.

(2) Annual licensure of psychiatric hospitals and psychiatric units shall be implemented by March 28, 1997. License fees shall be prorated according to the period of time that the license will be in force.

(3) The department shall issue an initial license under this section not later than 6 months after the applicant files a completed application. Receipt of the application is considered the date the application is received by any agency or department of this state. If the application is considered incomplete by the department, the department shall notify the applicant in writing or make notice electronically available within 30 days after receipt of the incomplete application, describing the deficiency and requesting additional information. The 6-month period is tolled upon notification by the department of a deficiency until the date the requested information is received by the department. The determination of the completeness of an application is not an approval of the application for the license and does not confer eligibility on an applicant determined otherwise ineligible for issuance of a license.

(4) If the department fails to issue or deny a license or registration within the time required by this section, the department shall return the license fee and shall reduce the license fee for the applicant's next renewal application, if any, by 15%. Failure to issue or deny a license within the time period required under this section does not allow the department to otherwise delay the processing of the application. A completed application shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of the application based on the fact that the application fee was refunded or discounted under this subsection.

(5) The director of the department shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with issues relating to mental health. The director shall include all of the following information in the report concerning the preceding fiscal year:

(a) The number of initial applications the department received and completed within the 6-month time period described in subsection (3).

(b) The number of applications rejected.

(c) The number of applicants not issued a license within the 6-month time period and the amount of money returned to licensees under subsection (4).

(6) As used in this section, "completed application" means an application complete on its face and submitted with any applicable licensing fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of this state.

Sec. 137a.

(1) The department shall, subject to appropriation of sufficient funding, establish PRTFs for Medicaid recipients under age 21 as described under 42 CFR 441.151 to 441.184.

(2) The department shall select PRTF providers through a request for proposals process. Public or private providers, including, but not limited to, those providing state-operated services, may respond to the request for proposals.

(3) To be eligible for reimbursement from the department, a PRTF must meet all of the following requirements:

(a) Be certified by the department.

(b) Be accredited by the Joint Commission, Commission on Accreditation of Rehabilitation Facilities, or Council on Accreditation.

(c) Be enrolled in the Medicaid Management Information System.

(d) Any other requirement the department considers appropriate and necessary to provide PRTF services and comply with 42 CFR 441.151 to 441.182.

(4) The department may establish a Medicaid policy and promulgate administrative rules necessary to implement this section. When promulgating administrative rules or developing the criteria by which a PRTF will be selected or certified under this section, the department shall consider both of the following:

(a) The geographic need and appropriateness for PRTF services, including, but not limited to, all of the following:

(i) Prioritizing the selection and certification of PRTFs in areas of this state lacking inpatient psychiatric services for individuals under age 21.

(ii) Avoiding concentration of PRTFs in any particular community or area of this state to ensure the easiest possible access for families or guardians to visit patients when appropriate.

(iii) Consideration of the availability of community resources sufficient to support a PRTF and its patients, including, but not limited to, the capacity of public safety and emergency medical response services and proximity to ancillary medical providers.

(b) The capacity of a PRTF to provide care that results in the successful integration of patients back into the community within 60 to 120 days after admission to the PRTF, including a reintegration with family whenever possible and appropriate.

(5) The department shall evaluate each selected PRTF no less than every 2 years based on the criteria developed by the department, including the criteria described in subsection (4)(a) and (b). The department may revoke the selection and certification of, or take corrective action considered necessary against, any PRTF that is determined to no longer be needed or appropriate under the criteria described in subsection (4)(a) or found not to be in compliance with the criteria described in subsection (4)(b). This subsection does not limit the ability of the department to take corrective action or to revoke the selection or certification of a PRTF for other good cause at any time.
