129.264 Michigan tobacco settlement finance authority; creation; separate legal entity; issuance of bonds generally.

Sec. 4. (1) The Michigan tobacco settlement finance authority is created as a public body corporate and

politic within the department of treasury. The authority is a state institution within the meaning of section 9 of article II of the state constitution of 1963 and an instrumentality of this state exercising public and essential governmental functions. The exercise by the authority of the powers conferred by this act is an essential governmental function of this state.

(2) Notwithstanding the existence of common management, the authority shall be treated and accounted for as a separate legal entity with its separate corporate purposes as set forth in this act. The assets, liabilities, and funds of the authority shall not be consolidated or commingled with those of this state or of any entity capable of being a debtor in a case commenced under the federal bankruptcy code.

(3) The authority shall have power and is hereby authorized from time to time to issue bonds in the principal amount or amounts and with the maturities as the authority shall determine to be necessary to provide sufficient funds for achieving its authorized purposes, consisting of the purchase of all or a portion of the state's tobacco receipts under this act and the payment of or provision for financing costs.

(4) The board of the authority shall authorize the issuance of bonds by resolution. The authority may issue bonds, including refunding bonds, without obtaining the consent of any department, division, commission, board, bureau, or agency of this state and without any other proceedings or the occurrence of any other conditions other than those proceedings, conditions, or things that are specifically required by this act. Every issue of bonds shall be special revenue obligations payable from and secured by a pledge of encumbered tobacco revenues and other assets, including without limitation the proceeds of the bonds deposited in a reserve fund for the benefit of the owners of the bonds, earnings on funds of the authority and other funds as may become available, upon the terms and conditions as specified by the authority in the authority resolution under which the bonds are issued or in a related trust agreement or trust indenture.

(5) The authority may issue bonds to refund any bonds by the issuance of new bonds, whenever it considers the refunding expedient, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for restructuring or any of its other authorized purposes.

(6) For each issue of bonds, the authority shall determine all of the following:

(a) The date of issuance.

(b) Whether the bonds shall bear no interest, appreciate as to principal amount, bear interest at fixed or variable rates, or any combination of these.

(c) Whether the bonds shall be payable at or prior to maturity.

(d) When the bonds shall mature.

(e) Whether the authority may redeem the bonds prior to maturity, at what price, and under what conditions.

(f) The method of payment of principal of and interest on the bonds.

(g) The form, denominations, and places of payment of principal of and interest on the bonds.

(h) If any officer whose signature or the facsimile of whose signature appears on any bond shall cease to be that officer before the delivery of the bond, that signature or facsimile shall nevertheless be valid and sufficient for all purposes as if he or she had remained in office until delivery of the bond.

(i) Any other terms and conditions necessary to issue the bonds in fully marketable form.

(7) The authority may sell the bonds in the manner determined by the authority board, at public or private sale, and on either a competitive or negotiated basis. The authority shall disburse the net proceeds of the bonds to the state treasurer as provided in section 8.

(8) This act shall govern the creation, perfection, priority, and enforcement of any pledge of revenues or other security made by the authority. Each pledge made by the authority shall be valid and binding at the time the pledge is made. The encumbered tobacco revenues, reserves, or earnings pledged or earnings on the investment of the encumbered tobacco revenues, reserves, or earnings pledged shall immediately be subject to the lien of the pledge without any physical delivery or further act and the lien on that pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether the parties have notice of the lien or pledge, and without filing or recording the pledge. The resolution or other instrument by which a pledge is created does not have to be recorded.

(9) This act shall also govern the negotiability of bonds issued under this act. Any bonds issued under this act shall be fully negotiable within the meaning and for all purposes of the uniform commercial code. By accepting the bond or obligation, each owner of a bond or other obligation of the authority shall be conclusively considered to have agreed that the bond is and shall be fully negotiable within the meaning and for all purposes of the uniform commercial code.

(10) In the discretion of the authority, any bonds and any ancillary facilities may be secured by a trust agreement or trust indenture by and between the authority and a trustee, which may be any trust company or bank having the powers of a trust company, whether located within or without this state. A trust agreement or

trust indenture authorized under this subsection, or an authority resolution providing for the issuance of bonds may provide for the creation and maintenance of reserves as the authority shall determine to be proper and may include covenants setting forth the duties of the authority in relation to the bonds, the ancillary facilities, the income to the authority, the sale agreement, the encumbered tobacco revenues and residual interests. A trust agreement or trust indenture authorized under this subsection or an authority resolution may contain provisions respecting the custody, safeguarding, and application of all money and bonds and may contain provisions for protecting and enforcing the rights and remedies under the sale agreement of the owners of the bonds and benefited parties as may be reasonable and proper and not in violation of law. It shall be lawful for any bank or trust company incorporated under the laws of this state that may act as depository of the proceeds of bonds or of any other funds or obligations received on behalf of the authority to furnish indemnifying bonds or to pledge obligations as may be required by the authority. Any trust agreement or trust indenture authorized under this subsection or an authority resolution may contain other provisions as the authority may consider reasonable and proper for priorities and subordination among the owners of bonds and benefited parties.

(11) The authority may enter into, amend, or terminate, as it determines to be necessary or appropriate, any ancillary facilities for any of the following purposes:

(a) To facilitate the issuance, sale, resale, purchase, repurchase, or payment of bonds, or the making or performance of swap contracts, including without limitation bond insurance, letters of credit, and liquidity facilities.

(b) To attempt to hedge risk or achieve a desirable effective interest rate or cash flow.

(12) The authority may enter into, amend, or terminate any ancillary facility as it determines to be necessary or appropriate to place the obligations or investments of the authority, as represented by the bonds or the investment of their proceeds, in whole or in part, on the interest rate, cash flow, or other basis desired by the authority, which facility may include without limitation contracts commonly known as interest rate swap agreements, and futures or contracts providing for payments based on levels of, or changes in, interest rates. The authority may enter into these contracts or arrangements in connection with, or incidental to, entering into, or maintaining any agreement that secures bonds of the authority or any investment, or contract providing for investments, of reserves or similar facility guaranteeing an investment rate for a period of years.

(13) The determination by the authority that an ancillary facility or the amendment or termination of an ancillary facility is necessary or appropriate is conclusive. The authority may determine the terms and conditions of an ancillary facility, including without limitation provisions as to security, default, termination, payments, remedy, and consent to service of process.

(14) Bonds and ancillary facilities may contain a recital that they are issued pursuant to this act, which recital is conclusive evidence of the validity of the bonds and any ancillary facility and the regularity of the proceedings relating to the bonds and ancillary facilities.

(15) A member of the board or an officer, appointee, or employee of the authority shall not be subject to personal liability when acting in good faith within the scope of his or her authority or on account of liability of the authority. The board may defend and indemnify a member of the board or an officer, appointee, or employee of the authority against liability arising out of the discharge of his or her official duties. The authority may indemnify and procure insurance indemnifying members of the board and other officers and employees of the authority from personal loss or accountability for liability asserted by a person with regard to bonds or other obligations of the authority, or from any personal liability or accountability by reason of the issuance of the bonds or other obligations or by reason of any other action taken or the failure to act by the authority. The authority may also purchase and maintain insurance on behalf of any person against the liability asserted against the person and incurred by the person in any capacity or arising out of the status of the person as a member of the board or an officer or employee of the authority, whether or not the authority would have the power to indemnify the person against that liability under this subsection.

(16) A member, officer, employee or agent of the authority shall not have an interest, either directly or indirectly, in any business organization engaged in any business, contract or transaction with the authority or in any contract of any other person engaged in any business with the authority, or in the purchase, sale, lease or transfer of any property to or from the authority.

(18) The issuance of bonds under this act is subject to the agency financing reporting act, 2002 PA 470, MCL 129.171 to 129.177.

(19) A resolution of the authority authorizing bonds, or the provisions of a trust agreement or trust indenture authorized by resolution of the authority, may delegate to an officer or other employee of the authority, or an agent designated by the authority, for the period of time as the authority determines, the

power to cause the issue, sale, and delivery of the bonds within limits on those bonds established by the authority as to any of the following:

Any net proceeds resulting from a refunding or refinancing of bonds issued under this act prior to the effective date of the amendatory act that added this subsection or the sale of residual interests existing on or after the effective date of the amendatory act that added this subsection shall be deposited in the general fund.

(3) Any sale agreement shall provide that the purchase price payable by the authority to the state for TSRs shall consist of the net proceeds and the residual interests, if any. In addition, any sale shall be pursuant to 1 or more sale agreements that may contain the terms and conditions considered appropriate by the state budget director to carry out and effectuate the purposes of this section, including without limitation covenants binding this state in favor of the authority and its assignees, including without limitation the owners of the bonds and benefited parties, including a requirement that the state enforce the provisions of the master settlement agreement that require the payment of the TSRs, a requirement that the state enforce the provisions of the qualifying statute, a provision authorizing inclusion of the state's pledge and agreement, as set forth in section 11, in any agreement with owners of the bonds or any benefited parties, and covenants with respect to the application and use of the proceeds of the sale of the state's tobacco receipts to preserve the tax exemption of the interest on any bonds, if issued as tax-exempt. The state budget director in any sale agreement may agree to, and the authority may provide for, the assignment of the authority's right, title, and interest under the sale agreement for the benefit and security of the owners of bonds and benefited parties.

(4) A sale agreement may provide that the remedies available to the authority and the bondholders for any breach of the pledges and agreements of this state set forth in subsection (3) shall be limited to injunctive relief and that this state shall be considered to have diligently enforced the qualifying statute if there has been no judicial determination by a court of competent jurisdiction in this state, in an action commenced by a participating tobacco manufacturer under the master settlement agreement, that this state has failed to diligently enforce the qualifying statute.

(5) The approval of the state administrative board shall be made by a resolution adopted by the state administrative board and that approval together with the sale agreement made pursuant to that approval shall be conclusively presumed to be valid for all purposes unless challenged in an action brought in the court of appeals within 30 days after the adoption of the resolution. All challenges shall be heard and determined as expeditiously as possible with lawful precedence over other matters. Consideration by the court of appeals shall be based solely on the record before the state administrative board and briefs to the court shall be limited to whether the resolution conforms to the constitution and laws of this state and the United States and is within the authority of the state administrative board under this act.

(6) A sale of all or a portion of the state's tobacco receipts to the authority under a sale agreement shall be treated as a true sale and absolute transfer of the state's tobacco receipts transferred and not as a pledge or other security interest for any borrowing. A sale agreement that expressly states that the transfer of all or a portion of the state's tobacco receipts to the authority is a sale or other absolute transfer signifies that the transaction is a true sale and is not a secured transaction and that title, legal and equitable, has passed to the authority. The characterization of a sale as an absolute transfer by the participants shall not be negated or

adversely affected by the fact that only a portion of the state's tobacco receipts are transferred, or by the acquisition or retention by this state of a residual interest, or by the participation by any state official as a member or officer of the authority, or by whether the state is responsible for collecting the TSRs or otherwise enforcing the master settlement agreement or retains legal title to the portion of the state's tobacco receipts for the purposes of these collection activities, or by any characterization of the authority or its obligations for purposes of accounting, taxation, or securities regulation, or by any other factor whatsoever. A true sale under this act exists regardless of whether the authority has any recourse against this state, or any other term of the sale agreement, including the fact that this state acts as a collector of the state's tobacco receipts or the treatment of the transfer as a financing for any purpose.

(7) On and after the effective date of each sale of TSRs, the state shall have no right, title, or interest in or to the TSRs sold, and the TSRs sold shall be property of the authority and not of this state, and shall be owned, received, held, and disbursed by the authority and not this state. On or before the effective date of a sale described in this subsection, this state through the state treasurer shall notify the escrow agent under the master settlement agreement that this state has sold all or a portion of the state's tobacco receipts to the authority, including, if applicable, a statement as to the percentage sold and shall irrevocably instruct the escrow agent that, subsequent to the date specified in the notice, that portion of the state's tobacco receipts are to be paid directly to the authority or the trustee under the applicable authority resolution, trust agreement, or trust indenture for the benefit of the owners of the bonds and benefited parties until the authority's bonds and ancillary facilities are no longer outstanding. Once the bonds or ancillary facilities are no longer outstanding, an officer or agent of this state who shall receive any TSRs shall hold them in trust for the authority or the trustee, as applicable, and shall promptly remit the same to the authority or the trustee, as applicable.

(8) The net proceeds and any earnings on the net proceeds shall never be pledged to, or made available for, payment of the bonds or ancillary facilities or any interest or redemption price or any other debt or obligation of the authority.

129.269 Obligations.

Sec. 9. The issuance of bonds and the execution of any ancillary facility under the provisions of this act shall not directly, or indirectly, or contingently obligate the state or any political subdivision of this state to pay any amounts to the authority or owner of bonds or benefited parties or levy or pledge any form of taxation whatsoever for the bonds or ancillary facilities. The bonds and any ancillary facility are not a debt or liability of this state or any agency or instrumentality of this state, other than the authority as set forth in this act, either legal, moral, or otherwise, and nothing contained in this act shall be construed to authorize the authority to incur any indebtedness on behalf of or in any way to obligate this state or any political subdivision of this state, and the bonds and any ancillary facility shall contain on the face of the bond and ancillary facility or other prominent place on the bond or ancillary facility in bold typeface a statement to that effect.

129.270 Creation of authority; purpose as public and governmental; property and income exempt from tax; interest.

Sec. 10. (1) It is determined that the creation of the authority and the carrying out of its authorized purposes is in all respects a public and governmental purpose for the benefit of the people of this state and for the improvement of their health, safety, welfare, comfort, and security, and that these purposes are public purposes and that the authority will be performing an essential governmental function in the exercise of the powers conferred upon it by this act.

(2) The property of the authority and its income and operations shall be exempt from taxation by this state and any political subdivision of this state.

(3) In the case of any bonds, the interest on which is intended to be exempt from federal income tax, the authority shall prescribe restrictions on the use of the proceeds of those bonds and related matters as are necessary to assure the exemption, and the recipients of proceeds of those bonds shall be bound thereby to the extent the restrictions shall be made applicable to them. Any recipient of the proceeds of bonds bearing interest that is intended to be exempt from federal income tax, including without limitation this state or any political subdivision of this state, is authorized to execute a tax regulatory agreement with the authority and, as to any political subdivision that is a recipient of the proceeds of bonds bearing interest that is intended to be exempt from federal income, this state. The execution of a tax regulatory agreement may be treated as a condition to receiving any proceeds of a bond issued under this act.

(a) Irrevocably direct the escrow agent under the master settlement agreement to transfer the TSRs directly to the authority or its assignee.

(b) Enforce the authority's rights to receive the TSRs to the full extent permitted by the terms of the master settlement agreement.

(c) Not amend the master settlement agreement in any manner that would materially impair the rights of the owners of the bonds or of the benefited parties.

(d) Not limit or alter the rights of the authority to fulfill the terms of its agreements with owners of the bonds or benefited parties.

(e) Not in any way impair the rights and remedies of owners of the bonds or benefited parties or the security for the bonds or ancillary facilities, provided, that nothing in this act shall be construed to preclude this state's regulation of smoking, and the taxation and regulation of the sale of cigarettes or other tobacco products.

(f) Not fail to enforce the qualifying statute.

(g) Not amend, supersede, or repeal the qualifying statute in any way that would materially adversely affect the amount of any payment to, or materially impair the rights of, the authority, owners of the bonds, or the benefited parties.

(2) The state budget director is authorized and directed to include the pledge and agreement made under this section in sale agreements and the authority is authorized and directed to include the pledge and agreement in any contract with the owners of the bonds and benefited parties.

(3) Prior to the date that is 1 year and 1 day after the authority no longer has any bonds or ancillary facilities outstanding, the authority shall have no authority to file a voluntary petition under chapter 9 of the federal bankruptcy code or such corresponding chapter or sections as may, from time to time, be in effect, and neither any public officer or any organization, entity, or other person shall authorize the authority to be or become a debtor under chapter 9 of the federal bankruptcy code or any successor or corresponding chapter or sections during that period. This state hereby covenants with the owners of the bonds and benefited parties that this state will not limit or alter the denial of the authority under this subsection during the period referred to in this subsection. The authority is authorized and directed to include this covenant as an agreement of this state in any contract with the owners of the bonds and benefited parties.

129.293 Scrutinized companies; identification by fiduciary.

Sec. 3. Within 90 days after the effective date of this act, the fiduciary shall make its best efforts to identify all scrutinized companies in which the fiduciary has direct or indirect holdings or has a current option to have such holdings in the future. The efforts may include 1 or more of the following:

(a) Reviewing and relying, as appropriate in the fiduciary's judgment, on publicly available information regarding companies with business operations in a state sponsor of terror, including information provided by nonprofit organizations, research firms, international organizations, and government entities.

(b) Contacting asset managers contracted by the fiduciary that invest in companies with business operations in a state sponsor of terror.

(c) Contacting other institutional investors that have divested from or engaged with companies that have business operations in a state sponsor of terror.

(d) Reviewing the laws of the United States regarding the levels of business activity that would cause application of sanctions against companies conducting business or investing in countries that are designated state sponsors of terror.

History: 2008, Act 234, Imd. Eff. July 17, 2008.

129.294 Scrutinized companies; assembly into list; modification; procedure to be adhered to by fiduciary.

Sec. 4. (1) At the end of the 90-day period or by the first meeting of the fiduciary following the 90-day period described in section 3, the fiduciary shall assemble all scrutinized companies identified into a scrutinized companies list.

(2) The fiduciary shall update the scrutinized companies list described in subsection (1) on a quarterly basis based on evolving information from, among other sources, those sources listed in section 3. However, if a fiduciary receives credible information that shows that a scrutinized company was wrongfully identified as a

scrutinized company, the fiduciary shall immediately modify the scrutinized company list to remove the name of the scrutinized company.

(3) The fiduciary shall adhere to the following procedure for companies on the scrutinized companies list described in subsection (1):

(a) The fiduciary shall immediately determine the companies on the scrutinized companies list in which the fiduciary oversees pursuant to its responsibilities as described in section 2(e).

(b) For each company identified in subdivision (a) with only inactive business operations, the fiduciary shall send a written notice informing the company of this section and encourage the company to continue to refrain from initiating active business operations in a state sponsor of terror until it is able to avoid scrutinized business operations and further encourage the company to engage in substantial humanitarian operations in the country. The fiduciary shall continue the correspondence on a semiannual basis.

(c) For each company newly identified in subdivision (a) with active business operations, the fiduciary shall send a written notice informing the company of its scrutinized company status and that it may become subject to divestment by the fiduciary. The notice shall offer the company the opportunity to clarify its state sponsor of terror-related activities and shall encourage the company, within 90 days, to either cease its scrutinized business operations or convert such operations to inactive business operations in order to avoid qualifying for divestment by the fiduciary.

(d) If, within 90 days following the fiduciary's first engagement with a company, that company ceases scrutinized business operations, the company shall be removed from the scrutinized companies list and this act shall cease to apply to it unless it resumes scrutinized business operations. If, within 9 months following the fiduciary's first engagement, the company converts its scrutinized active business operations to inactive business operations, the company shall not be subject to this act.

(e) If, after 90 days following the fiduciary's first engagement with a company, if the company has not developed and announced a plan to convert its active business operations to inactive business operations, and only while the company continues to have scrutinized active business operations, the fiduciary shall sell, redeem, divest, or withdraw all publicly traded securities of the company, according to the following schedule:

(i) At least 50% of the assets shall be removed from the fiduciary's assets under management within 9 months after the company's most recent appearance on the scrutinized companies list.

(ii) 100% of the assets shall be removed from the fiduciary's assets under management within 15 months after the company's most recent appearance on the scrutinized companies list.

(f) Except as provided in subdivision (g), at no time shall the fiduciary acquire securities of companies on the scrutinized companies list that have active business operations.

(g) Subdivisions (e) and (f) shall not apply to indirect holdings in actively managed investment funds. For purposes of this section, actively managed investment funds include private equity funds and publicly traded funds. Before the fiduciary invests in a new private equity fund that is not in the fiduciary's portfolio as of the effective date of this act, the fiduciary shall perform due diligence to prevent investment in any private equity fund in violation of this act. The fiduciary is not required to identify holdings in private equity funds or submit engagement letters to those funds. If the manager of a publicly traded, actively managed fund that is in the fiduciary's portfolio on the effective date of this act creates a similar publicly traded, actively managed fund with indirect holdings devoid of identified scrutinized companies with scrutinized active business operations as defined in this act, the fiduciary is not required to, but is strongly encouraged to, replace all applicable investments with investments in the similar fund in an expedited time frame consistent with prudent investment standards.
